OUTDOOR SCHEDULE IS ANNOUNCED

PHYSICAL TRAINING CLASSES TO GET FREE SH AIR

Physical Director E. A. Rule has issued a new schedule for physical training which went into effect yesterday and was hailed with reasonable pleasure by the men in that department. With the advent of warm weather much of the outdoor exercise will culminate in their veins and are delighted at the change to outdoor work, after a winter in the Alps.

The inside work all winter has been of an interesting and diversified nature, but there is at present a move afoot in the physical work in the open air. Under the new schedule, when the weather permits, they can take all of their work outdoors. This is somewhat of a departure from last spring’s schedule. Outdoor work being included. The men next year seemed to enjoy the outdoor work more and found it more beneficial.

The new schedule includes cross-country walks, canoeing and rowing, tennis, apparatus, basketball and swimming.

The class in swimming will necessarily be confined to those who can swim, unless a perfectly safe plan for beginners can be found.

The schedule follows:

Cross-country running—Monday, 4:30; Thursday, 3:30.
Cross-country walking—Tuesday, 3:30; Thursday, 7:30.
Swimming—Tuesday, 3:30; Friday, 4:30.
Canoeing and rowing—Saturday, 11:00.
Basketball—Thursday, 7:00.
Basketball—Tuesday, 7:30; Wednesday, 10:30.
Tennis.

LIGHTED BY WATER POWER.
The New Plant at the Dan New For
takes all Current Used.

Beginning Saturday evening, the water power plant of the University is to furnish all the electric current for lighting purposes. The closing hour for the present will be 11:00 at night, the need of it being dependent. The insti-
tution is to be given a twenty-four hour service. The night shift at the central plant is discontinued, and for the right service at the hospitals the small power plant will be no more need. In cross hall on Saturday night, the generation has been made for all dress services to be conducted in Unity Hall.

President MacLean will go to Chi-
icago this week to attend a meeting of the North Central Association of colleges and secondary schools.

ANNOUNCEMENT

MARCH has arrived, and with its coming, I beg to announce the arrival of the greatest selection of fashionable woollens ever seen in an exclusively merchant tailoring establishment in the city. I believe I have a stock for this season's business that is beyond criticism.

I am my own severest critic, and I really believe it is the finest stock I have had in my year's of experience.

An invitation to visit my establishment and inspect my splendid line does not infer an obligation to buy, but, if you want a stylish suit or two, I will guarantee satisfaction.
