Here is the Spring Schedule
Busy Season Begins for Ball Players

Story Has Not Come Yet—Good Practice During Easter Vacation.

The following varsity baseball schedule has been arranged by Minnesota and although not the stiffest one in the world, it will provide a mighty fast team to win all ten games. There are five practice games with the Rock Island, Trenton, and eleven with colleges and universities. They are:

April 15—Rock Island at Iowa City.
April 22—Minnesota vs. Galesburg with Luther College, University of Wisconsin (St), and St. Thomas College.
May 2—Ann Arbor at Iowa.
May 7—Nebraska at Iowa City.
May 10—Grinnell at Iowa City.
May 13—Cornell at Mt. Vernon.
May 21—Grinnell at Iowa City.
May 26—Ann Arbor at Iowa City.

The following schedule for spring Vacation plans permit you to plan your spring vacation but the majors of the squad worked out every schedule and the next game is held on April 15 at the Rock Island.

BUSY SEASON BEGINS FOR IOWA COLLEGE BASEBALL

THE DAILY IOWAN

PUBLISHED BY THE STUDENTS OF THE UNIVERSITY OF IOWA

VOL. 6

IOWA CITY, IOWA, WEDNESDAY MORNING, APRIL 3, 1907.

No. 123

BARBELL ON IOWA FIELD.

FRATS BEGIN TO PLAY BALL TODAY

HAVE BEEN TRAINING FOR SOME TIME,

Trophy Will Be Awarded to the Champions—B. A. E. N. and Kappa Sigma Today.

Sigma Alpha Epsilon and Kappa Sigma will open the Postgraduate baseball season in a game on the monkey diamond this afternoon at 3:30. Friday the Sigma Chi and the Tau Delta will meet here today. Saturday two games will be played off—noon between the Sigma Chi and the Phi Delta, the other Nicaragua; the Kappa and Iowa. During these two weeks a number of practice games were played. They played a very pleasant and profuse weather.

Preceding the Friday morning practice program was a report from the National Association of Greek Organizations for the University, presented by President Maclean and Professor Nobel. This report was met with enthusiastic applause from the students and was followed by the singing of the National Song of the country. This was followed by another announcement from the National Sigma EtaEta.

The last practice was for the Phi Delta Chi, who were meeting another team mentioned in the previous article. The practice was in number from two to thirty, who were the team members. The Phi Delta's had a very busy day, as they were meeting over thirty-three students and faculty members, whose criticisms will be received in all the undergraduates and in the work every student without examination or conditions. Bome, Burlington, Cedar Rapids, Clinton, Coralville, Canvas, Davenport, Des Moines, East, North, West, Dubuque, Fontaine, Grinnell, Grinnell, Iowa, City, Koskau, LeClaire, Marshalltown, Mason City, Marshall, Minett Valley, Muscaton, Oelwein, Red Oak, Sheldon, Sibley City, Visalia, Washington, Waverly, West, Iowa.

It is either significant to note that at least nine of these thirty schools have at least ten superintendents or high school principal in addition to the University.

Mr. Lloyd Roberts, of Adel, Iowa, is a visitor in the city, a guest at the Sigma Chi house. He is a student at Northwestern and is on his way back to school after spending the spring vacation at his home.

QUINTANGULAR DEBATES FRIDAY

TEN CONTESTS ON THE SAME EVENING

Minnesota, Wisconsin, Illinois, Nebraska, and Iowa Each Send Out Two Teams.

On next Friday evening occurs the most remarkable series of forensic contests ever held in the West. At that time will be held the first of the annual debates of the new Central Debating Circuit of America, comprising the universities of Minnesota, Wisconsin, Illinois, Nebraska, and Iowa.

According to the arrangement of the Circuit each university is to defend both sides of the same question, one team debating at home and the other away. All the debates are to be held the same night this year. Iowa is to meet Minnesota and Wisconsin. Our home team consisting of Menach. H. W. Burtis, Walter J. Myers and Vincent Bangerter, will unfold the affirmative of the street railway question, while Missouri, R. O. Miller, W. W. Gearhart and Frank Meier will go to Nebraska to defend the negative. It is hoped all will have and experience on the various classes and preliminary debates, and have rather the present question in all its phases. They have taken advantage of the Notre Dame debate but will go only so far and say that they will be able to win one or both of these contests. Am, especially strenuous effort is being put forth in the affirmative of the negative, and will also be the last interstate debates held under the auspices of the old Frontier League. Under the efficient direction of the family guards these teams have attached a knowledg of the questions woman and man, even by inter省市 teams, and unless Minnesota and Wisconsin have unusually strong teams, it seems certain that Iowa will have further victories to her credit.

MR. COX SAYS OF "ENOC AB"

"I do not say that Enoc is not a great, but he is no great discoverer. He will not give any great assurance to alarm all who see these words that the rendition of the master is necessarily correct."

"The Allen" at the Presbyterian church. This evening will be a most finished and irritation production.

THE WAITING HABIT

Most men cherish the notion that sooner or later they are going to win. They have the eager desire to excel, and they intend to get busy—after a while. The waiting habit is all that stands between a lot of men and success. It resulted when as an ambition, the world wouldn’t have to stand in vain for sale workers. If men would be persistent instead of fanciful, and would really work, the world would be well supplied with laborers.

The greatest need in this country is for men who are not afraid to sell, and who are not afraid to take the first step. If you are afraid of the difficulties, put them aside. Remember that every man has more power than he dreams of. You have the power to make yourself everything you want to be. You have only to use it. Have you not the class of work of knowledge, to decide and to be decided? Have you the class of work that is to be done, and will you make any effort to become your work? What have you to do to regulate your ambition? Have you not the ambition to give yourself to a work? Have you the ambition to regulate your ambition? Have you the ambition to regulate your ambition? Have you the ambition to regulate your ambition? Have you the ambition to regulate your ambition?

The correct thing as well as the best way of doing business is to do it at once. And so, if you are not doing anything, stop doing nothing. There is no time like the present to do anything. The result of any action in the world is determined by the action itself. The greatest need in this country is for men who are not afraid to sell, and who are not afraid to take the first step.

The correct thing as well as the best way of doing business is to do it at once. And so, if you are not doing anything, stop doing nothing. There is no time like the present to do anything. The result of any action in the world is determined by the action itself.

The correct thing as well as the best way of doing business is to do it at once. And so, if you are not doing anything, stop doing nothing. There is no time like the present to do anything. The result of any action in the world is determined by the action itself.
