**The Coming Track Meet**

**May be held in Drake's Stadium.**

Drake is looking Big-Grietlense Strong in Track and Field again.

The track stars of the Iowa and Kansas colleges which are to participate in the same track and field meet to be held at the Drake on Monday, May 2, are rapidly rounding shape for the big athletic contest. Although in small, several smaller schools have been invited to participate, it is not expected that they will in form the result as much as they have in recent years, especially the Rete Normal, which has exhibited such unexpected strength in the past but which is likely to decide the battle between the other schools.

It is expected that the games, conventions, and other arrangements that meet may be held at the big athletic stadium of Drake University, instead of at the State Fair grounds, where it has always been held. The students of both institutions, however, are busy working on the field and track and a few in the distance but the meet will be

Just what Iowa will do in the position that seems to be setting itself for the other college this year. The old field has been little figured on there by the sport writers of the capital city, and there seems to be little among the followers of college athletic over the state that the University is not in the running this

In fact, it is hardly known how good Iowa's track team will be. There has been an unusual amount of interest in track and field this year, and the opportunity to draw a line on the track that means so much for so many the honeymoon of the track is sure to be a for advanced.

And the track seems to be more than made up by the opportunity of optimistic reports that have been emanating from Drake, Grinnell and Ames. There is a little doubt that the blue will shine with a strong team at the state meet. The Drake found a line already defended the strongest line in the. State. It does not mean that there has been no opportunity to draw a line on the track that means so much for so many the honeymoon of the track is sure to be a

The support of Grinnell has been optimistic over the prospects of the red and black ever since the first training of the team. Of course all of that has been a warm-up, but that they have a strong, solid, Grinnell's strength will be most about the track, as they are not togging up the field 200 yard. especially the weight meets comes from the camp of the. Again, but it is known that they are

Iowa's hopes of winning the fourth game of the series were shattered on Tuesday, by the weather man. A drizzly atmosphere and a continuous drizzle kept the players in doors.

The Rock Island players spent most of the time in the St. James hotel. Good weather is hoped for this afternoon when Iowa will try to

Work on the 1805 Hawkeye is progressing nicely. Work on the first features being completed and it is hoped to have the annual completed by the second week in May.

Miss Margaret Marshall entertained informally Tuesday in honor of Miss Irene House of Dr. McDougal.

Miss Anna Stuart of Lincoln, Neb., arrives in the city today to visit the local chapter of Phi Beta Kappa.

This is about the concert, "Best Yet" is the Promise.

**Choir Concert at the Congregational Church.**

The band has profited by the experience of its outside trips, and the present night will remain of the best novice it has played all year. The program is popular in character and by no means flashy. The more prominent selections are played by the leading hands and others, and so arranged. There will be the warmth is warmer than ever in the church.

Mrs. Lewis of Columbus Junction has been spending a few days with her daughter, Mrs. Mary Leta Weeks.

Mrs. Miss Gladys Waples is quite a lady.

Miss Miss Jeffery is enjoying a visit from her mother.

Miss Miss Boll is one of the of the church.

The Elrodian Force.

The annual-Freshman Frolic of the Elrodian Society, which were to be given Saturday evening at St. Bernard's Hall, promise to be unusually good. The dance of the force contains some splendid talent, and this, together with the careful and systematic training which has been given, figures a performance very much worth while.

The Elrodian Force are always interesting and clever, and this year promise to be better than ever. The admission price is twenty-five cents. Below is given the cost of characters.
