Professor Frederic Campbell Wood—State Bar appointed Gregory a delegate from Washington, D. C., to the American Public Speaking Department

Annual Session of the Pennsylvania Medical Society to occur Monday evening: Many absent Expected to be present.

The Medical Fraternity of Phi Rho Sigma have decided to hold their banquet on Thursday night, and will be held in the Barker Imperial.

Mr. R. L. Glass, chairman of committee on arrangements informs us that they expect many of the alumni of the fraternity to attend, as it is held just preceding the annual alumni dinner. There are present thirty-four student members of the fraternity in the city, besides several members of the faculty who belong to this chapter as housemen.

Professor Gordon made a very pleasing introductory speech, after which Robert Wilson read "Mun. Victor," by Ralph Connor. This was the story of a scene in a mining camp. It was full of pathos and emotion, and well received.

A number of Miss Jepson's pupils in the Public Speaking Department entertained a good sized audience in the Liberal Arts Auditorium last evening.

The program received was well balanced, and was exceptionally received. Professor Gordon made a very pleasing introductory speech, after which Robert Wilson read "Mun. Victor," by Ralph Connor. This was the story of a scene in a mining camp. It was full of pathos and emotion, and well received.

The Fraternity of Phi Rho Sigma, in addition to all the regular officers present, was also attended by several members of the faculty and several alumni, who were noticeably absent.

If you want to make money this summer

We have a proposition by which a good man can, in three months, make more than enough to defray his college expenses for the next year.

There is no outlet to buy and no catechism which you have to learn. All you need is your own gray matter and a little help from us from time to time.

If you will write us, we will gladly explain how we propose to make your next college year free from financial worry.
