THE N.O.S. CONTEST AT MADISON

OWA REPRESENTATIVES WENT YESTERDAY MORNING.
Seven Competitors Will Take Part—Wisconsin Expects to Be the Winner.

Train Work out, are surely going to do things. The comedy of the contest decides this year; his work was very heavy, and he showed the effect of the strain. His work was good, however, and that his delivery is strong was shown by the public rehearsal he gave Tuesday evening. If he fails to win, we are but certain that Iowa will at least earn a creditable showing.

The contest's securing first place would place Iowa in the event will be awarded the foreman's testimonial which is prices of $100 and $50, to Prof. Frank O. Lovick.

The banquet which will be held in Keokuk's for the visiting students following the contest, will be attended by a representative body of students. Tables will be given by the visiting professors of orators and probably some of the contestants. A definite program has not yet been arranged. The committee is making every effort to secure the attendance of a large body, and desires to give the representatives of the other schools a good time.

Miss Kastyan Regions.

Director of Women's Physical Training Department Will Give Up Her Position in June.

Miss Valborg Kastyan has resigned her active office is not wholly unprepared as she had contemplated of the step a year ago. Her plans for future work are not yet formulated, but she expects to continue her work in some other institution, having several of unaffiliated offers open to her. During the years of her stay at Iowa Miss Kastyan has made many friends, and the news of her resignation will be received with sincere regret.

Professor Gordon will entertain the members of the Forensic Council and the various debating teams at a dinner Monday evening at the Park Hotel.

Dean Will entertain the Graduates Club Saturday evening at his home on North Dubuque.

Six Miles First Days March.
Battalion Exempted Last Night in Turkey Creek.

The University battalion, consisting of five companies, whose march was so bravely away yesterday morning, covered six weary miles in their first day, and encamped at seven on Turkey Creek.

After a dinner consisting of beans, bread, lettuce and coffee, the forces were divided into Red and Yellow. A force of the Yellow from Co. A, under Capt. Knouse became the enemy and were sent to the hills. The Red, under Capt. Reid, were sent to attack. Desultory skirmishing lasted most of the afternoon, and at its close. Capt. Hall, Major Howell and Lieut.ypnion of the I, G., who came along to set as umpire, decided that the advantage is the first day's skirmish was with the enemy.

The boys are in the spirit and are enthusiastic over the thoroughness of the arrangements made by Col. Works for the attack. As early start was made this morning for the second day's march, and a hard battle will be fought today.

Dinner last night was late, because the mills wagon got lost, and failed to reach camp till a late hour.

Mr. Rule has resigned his position as captain and to take effect in June. Mr. Rule has done more to build up the department of debating than any other man who has served the University. He is also one of the most consistent teams for the next year.

The girls at Northwestern University gave a miserable show last week for the benefit of the University post, efficient work, setting a sum of $300.
