217 MEN IN THE HIGH SCHOOL MEET

EIGHTEEN SCHOOLS ARE REPRESENTED.

Baseball in the forenoon—Extensive plans for entertainment of guests.

Two hundred and seventeen men will participate in the State high school field meet which will be held in this City on May 17. The entries closed last evening with a total of eighteen schools entered. A circular card containing a great deal of information was issued from the local head quarters this morning, giving the program for the week. Prof. Eastman is chairman of the local committee and has charge of the hotel arrangements. The bureau of information will be in Dean Carver's office in the hall of Liberal Arts. The drawing for places and the giving out of places will take place Thursday evening before the meet at the Triangle club rooms on Clinton Street.

Preliminaries will be Friday morning at nine o'clock and during the forenoon a baseball game will be played between Cedar Rapids and Iowa City High Schools. The training table dinner will be at noon and the meet proper is scheduled to start at one thirty. The University band will be on the field during the day and will give a concert on the university campus in the evening.

The school and the number of men entered in the meet are as follows:

Kossuk... 1
Marion... 12
Dubuque... 17
Iowa City... 19
Cedar Rapids... 14
Capital Park... 12
Davenport... 11
Ia Grove... 16
Ames... 8
Hampton... 5
Eagle Grove... 4
West Des Moines... 20
Creston... 16
North Des Moines... 25
Grinnell... 13
East Des Moines... 21
Elkader... 8
Okoboji... 13
Tipton... 217

SOME BASE BALL PROGNOSTICATIONS

Grinnell Had Practically the Same Team as Last Year—Has Made Good Record.

The base ball team which has just gained its stride, plays Grinnell here Friday afternoon. Grinnell as usual, has a scrappy, hard-working team, and has already beaten Cos Simpson, Cornell and Nebraska. One thing can always be relied upon in connection with Grinnell; she is always dangerous, and a game is never won from her till it is all over. Last spring Grinnell played Iowa City two hard, close games, and although Iowa won both of them, the first one took twelve innings. Grinnell has the strong south paw, who did such gilt-edged work for Grinnell last spring is not in school this year, and consequently they are minus the services of a seasoned pitcher. Valiant, last year's catcher, is also gone, but outside of these two men Grinnell has about the same team as last spring.

On form, Iowa should win her remaining games with Grinnell, Cornell and Ames. The team is finally hitting in form, and its fielding has been almost without a flaw in the last three games. Their pitchers are all in the best of shape with the exception of last year's star battery, and a couple of the fast Delaies, who has a sure arm, which the warm weather will soon bring around.

Lito is known of the Cornell team except that it is composed mostly of new men, with the exception of last year's star battery. According to "dope" the last Ames game will be the hard one for Iowa to win. Ames didn't play the ball it is capable of in the first game, and Harris, their left handed pitcher, was working with a sore arm on a cold day. With Harris and Hubley and his team playing ball behind him, the last game here between Ames and Iowa is going to be a hard fought battle. Iowa should win because at present it looks as if she had the best all around team.

Apollo Club Concert.

Last night the first annual concert of the Apollo Club was given in Unity Hall. A fairly large audience was present and were certainly treated to one of the best musical programs of the year. The work of the club was excellent and the appreciation accorded them by the audience ought to have been very gratifying.

The "Song to Iowa" the words of which were written by Dr. Haney and the music made a decided hit. Special mention should be made of the violin solos of Mr. Henry G. Cox. His work is so well known to the people of Iowa City that description is superfluous.

Every number in the program was well rendered and showed that Mr. Cox is to be congratulated upon the talent he has assembled.

NEW SONGS.

Some Contributions to our Scarce Store of Real College Songs.

"A Song to Iowa" is the title of the second number sung at the Glee Club last evening. The words were written by Dr. Haney and the air is that of a popular old band tune. A number of other songs have been prepared, mainly for in athletic events, and these will be presented at an assembly week after next. A large number of copies will be distributed at that time. It is to be hoped that Iowa college music will fill a long felt want.

2:40 P. M. — Iowa Woman's Club meets with Mrs. Scherrer, 3 E. Burlington.

7:00 P. M. — Masonic Club will meet in the Lodge Room of Iowa City Lodge No. 4. Important business.

7:30 P. M. — Meeting of the Philosophical Club. Reports on Research work in progress.

8:00 P. M. — Middletown program in Art Hall.

MANY MEDICAL ALUMNI HERE.

STATE MEETING OF HOMEOPATHIC PHYSICIANS.

Were in session all day yesterday—Former students renew acquaintance.

The program of the Hahnemann Medical Association is being carried out at the English Lutheran Church and will be concluded this evening.

At the session yesterday morning the chief feature of interest to the laymen was the President's address delivered by Dr. Bywater, who took occasion to denounce the efforts made during the past year to militate against the homeopathic medical school of Iowa. The Clarke bill, recently defeated in the Iowa legislature, was characterized as unwise and unprincipled. Other attempts in different states were cited as instances of a general attack upon the homeopathic practitioners. He also called attention to the fact that homoeopathy is a profession not overcrowded, and that it offers certain advantages on that account to the young man who has not yet chosen his life work.

A six o'clock dinner was given to the visitors by the homoeopathic physicians of the city, at the Congregational church. At eight o'clock in the same building, Dr. Copeland of the University of Michigan, spoke to a general audience in defense of the principles of homoeopathy.

A fairly complete list of the visitors has been compiled from the register, and the names are given below.

R. E. Hanks, Sioux City.
J. W. Land, Mt. Pleasant.
R. L. Copeland, ANN. Arbor, Michigan.
Geo. J. Winfield, Hills.
A. H. Barber, Brooklyn, Iowa.
Benji Bailey, Lincoln, Nebraska.
R. P. Miller & Wife, Albia, Iowa.
G. A. Huston & Wife, Des Moines, Iowa.
F. A. Figursik, Council Bluffs.
F. W. Brown, Rock Island, Ill.
J. B. Bywater, Iowa City.
Lucy M. Harbeck.
Des Moines, Iowa.
A. M. Linn, Des Moines.
Wm. Woodburn, Des Moines.
A. P. Macomber, Atlantic.
E. L. Woodburn, Burlington, Iowa.
Caroline Brooks Woodruff, Independence, Iowa.
C. A. Copeland, Jr., Cedar Rapids, Iowa.
A. E. Conrad, Maynard.
Fred C. Sajic, Waterloo.
M. A. Taylor, Clarksonville.
F. Alden, Des Moines.
Geo. F. Wenzel, Cedar Rapids.
Lora Johnson, Iowa City.
H. C. Parsons, Anamosa.
A. C. Woolward, Decorah.
G. T. McDowell, Hampton.
O. A. Hansen, Forest City.
J. P. Carlson, Mason City.
Lulla Deene, Pella.
E. E. Richardson, Webster City.
E. M. Kinley, Billings, Ia.
J. R. Grow, Gladbrook.
K. W. Haman, Webster City.
E. C. Brown, Madrid.
T. F. Sperry, Sioux City.
C. W. Eaton, Des Moines.

A POINT OF ETIQUETTE
It will be well to remember that the Drake students are our guests next Saturday, and are entitled to be treated with a special courtesy on that account. There have been occasions lately when our grandstand crowd has shown rather questionable spirit in its treatment of contesting teams, making attempts to annoy the oiner by offensive noises and calls. Such demonstrations are not only in extremely bad taste, but they show a painful lack of the true sportsman-like attitude toward a contesting team. In certain classes, this willingness to express itself at a critical moment may spoil an attempt altogether, we do not wish to win the meet by any such unfairness, even in trifles. The worst feature about these disturbances is that a few very unattractive responsible for them, and yet they cast a certain odium upon the whole crowd, and indeed upon the whole school. Those who are prone to forget themselves in this matter should be more willing to realize that public sentiment does not applaud them, but on the other hand considers such business rather contemptible.

The Mi]eet will be held on Saturday, the 25th, at the Smale Gymnasium. The state board examination, which will occur on Wednesday, June 12th, at the University Armory. The committee is as follows: Robert Fullerton, Beta Theta Pi; Howard Brained, Phi Kappa Psi; Ralph Oliver, Sigma Chi; L. W. Williams, Pi Delta Theta; H. L. Moon, Sigma Nu; W. F. Riley, Sigma Alpha Epsilon; Benjy J. Glass, Class Representative.

Arrangements are begun for the final event of the school year.

President Cunningham of the Senior Liberal Arts has announced the committee for the Senior Hop, which will occur on Wednesday evening, June 13th, at the University Armory. The committee is as follows: Robert Fullerton, Beta Theta Pi; Howard Brained, Phi Kappa Psi; Ralph Oliver, Sigma Chi; L. W. Williams, Pi Delta Theta; H. L. Moon, Sigma Nu; W. F. Riley, Sigma Alpha Epsilon; Benjy J. Glass, Class Representative.

The Senior Hop is always one of the features of Commencement week, and it is the last of the scheduled events for that time. Many alumni are expected to be present. From the stand point of attendance, it will be the largest social function of the year.

The senior medics have received the blanks preparatory to taking the state board examination, which will be held here June 6, 7, and 8.

THE HAVARD MEDICAL SCHOOL, Boston, Mass.
With the completion of the new buildings, which were formally dedicated September 24th, 1906, the school stands equipped for graduate and undergraduate study in Post-Graduate courses in Medicine and Surgery and in Pathology and Bacteriology. The medical school is chartered by the Massachusetts General Court, and the premises of the school are entirely devoted to medical education and research. The teaching faculty of the school includes the leading medical men of New England and the United States.

The course embraces a four-year course. The students are naturally divided into three classes, and in the third year the students are required to take part in the annual examinations, which are a series of competitions. The courses of instruction are divided into the following: The course comprises the following: The students are divided into three classes, and in the third year the students are required to take part in the annual examinations, which are a series of competitions. The courses of instruction are divided into the following:

COURSES FOR THE DEGREE OF M.D.
A four-year course is divided into two divisions. The first division is in college, and the second division is in the junior, senior, and graduate school. The first division is in college, and the second division is in the junior, senior, and graduate school. The students are divided into three classes, and in the third year the students are required to take part in the annual examinations, which are a series of competitions.

A CHANGE OF PLAN.

Anniversary will not be held in the New Science Hall.

It was announced by the committee having charge of the anniversary exercises that the New Science Hall would be used. It has been learned since the announcement was made that this building will not be available, except for the Alumni banquet, which will be held Wednesday afternoon of Commencement week in the reading room on the first floor. The matter has not yet been arranged, but members of the committee spoke of the Armoury as the probable place where both celebrations will take place.

Brick work is about finished on the new Hospital Wing. Now the building is rounded out according to the original plan, it makes an imposing structure.

Carpenters have begun on the wood work in the Science building.

The lecture on "The Legal Aspect of Corporations" was given by Prof. E. A. Wilcox, last evening in Room 313, L. A. building.

The lecture was given primarily for the benefit of the men who will debate the question of corporations next year. Next Tuesday evening at 7:00 Dr. Haney will address the class on "The Economic Aspects of Corporations," and May 21, Dr. Horack will speak on the same subject.

Mr. Seeley, who discontinued his medical course last fall, is making a flying visit to Iowa City.

Mr. Seeley is now employed as a traveling salesman. He expects to continue medicine next year.

Please return to 223 Davison St.
