HAWKEYE IS OUT THIS MORNING

MOST PRETENTIOUS ANNUAL YET ISSUED.

Frontispiece: A Photograph of Dean Currier—Execution Splendid Throughout.

Get your Hawkeye! Well, you can buy it this morning. You may not get the comic, but this book is out at last. You will find it unquestionably the best Annual we have had yet. It is a big book, full of good things from cover to cover. You will be struck first with its rich appearance; it is bound in brown cloth, with a University seal done in gold on the front cover, in the center of which there is a medallion of the Old Capitol. The effect is most artistic. And the same good taste has been shown in the general execution of the book. One very heavy grade of fine book paper is used for the body, and it displays the fine cuts to the very best advantage.

The frontispiece of the annual is a river scene, designed by Mrs. Marj. M. Cox, in four colors. Mrs. Cox is an artist of recognized ability, and her drawing has been adjudged by those who have seen it to be far the best of anything of its kind to ever appear in a junior annual at Iowa.

In recognition of the high esteem in which he is held by the student body and in view of the fact that this is his fortieth anniversary, the annual is appropriately dedicated to Dean Currier. As extremely good photograph of the Dean, mounted on a brown background, runs opposite the dedicatory page.

Following the dedicatory page is an appreciation of Dean Currier by Mrs. Virginia Berryhill L. A. ’77. Then comes an extended article by Dean Currier on the Growth of the University, interspersed with a cut of Old South Hall and a campus view in the fifties. After the Parody and Reprints list in the section given over to the portraits of the individual juniors, nothing is in evidence. The junior plates are run over a brownish tint, giving this part of the book a very rich and artistic appearance.

The medical department was ably handled by W. F. Missman, assisted by a representative from each of the medical faculties.

Dan O’Hara, noted for his Irish wit, compiled the history, and described the everyday life of the students and Faculty of the College of Law. The S. U. I. Police Car’s cartoons are of a department of this report.

The cartoons by John Knapp of "Old Oaken Bucket," and a

"Dentist’s Office" are very effective.

The College of applied Science was well taken care of by Prof. J. Poyner. An illustrated article by Dean Raymond on the new University power plant is an interesting feature.

J. B. Bladen wrote up the Pharmacy department, class jokes and cartoons forming the more prominent part of the department.

C. A. Power looked after the interests of the Homeopathic Medical School in a very creditable manner. In this department space is devoted to Dr. T. G. Curren, the new instructor.

The feature of the Alumni department edited by Willard Gordon was the writing up and running cuts of Iowa Alumni who have become prominent in the political world during the last year. These include Gov. Crawford of South Dakota, Burke of North Dakota, U. S. Senator Brown of Nebraska, and Congressmen常德 of Illinois.

In the art department, under the direct supervision of Charles F. Davis, will be found work by

COE WINS FROM THE FRESHMEN

SCORE IS CLOSE, 70 to 66.

Weather Interfered Very Seriously—Freshman Got Ten Out of Sixteen First.

Coe defeated the Iowa freshmen yesterday on Iowa Field in a close meet by a score of 70 points to 66. Iowa led up to the two mile run when the Coe runners captured all three places. The high jump got Coe nine more points and the meet was lost. Until the last two events Iowa evidently had the meet won by a small margin and if Lartimer, the Iowa first year high jumper had not been sick the result would have been different.

The feature of the meet was Stuterman’s throw of 121 feet 3 1/2 yards over the discus. Hubbard, the freshman star spinnaker didn’t expect and won the dash thrown closely by Higgins, Iowa. Hubbard and Higgins are the expected and the dash thrown closely by Higgins, Iowa. Hubbard won ten out of the sixteen firsts but inability to win second and third places lost the meet.

The weather conditions were such that record breaking work wasn’t possible. A cold driving rain kept the men from performing their best and the muddy field event with the exception of the discus.

The summary of the meet is as follows:

100 yard dash.
Hubbard (I), Benbow (C), Eckels (C), Time 11.

1 mile run.

Wises Talk by the Office Boy.

Ten M. L. T. I am a small, white-faced, gentleman of a boy. (But I'm only a boy.)

...and I've been trying on some of the new boy's suits and say, they are the real mustard and no mistake. The double-breasted suit is my style, and I'm asking edition for the boy. Good, sir! and the big, brown hatters don't give away the style of my boy. Then we've got some new sweat suits for boys, and they're the same style, with the new, white biree top, and the blue, blue socks. 'Don't forget that we have all the most modern furnishings for boys, the new styles of boys' shoes, boys' suits, boots, boys' ties, Boys' Overcoats, Fly, Bull, Boys'. Underwear, Nightwear, and Cool of every kind. You want it, we have it. We have everything you did on us. You can have the new suits and try on a few.

...Oh, young, age 7 to 13, and over younger.
