IOWA CITY, IOWA. THURSDAY MORNING, MAY 16, 1907

The work of Mr. C. W. Wassam in connection with the cause of charities and correction has received recognition of late by his appointment to act as delegate from Iowa in the National Conference of Charities and Corrections to be held in Minneapolis next month. This appointment comes from the governor, and is no small compliment, considering the class of men who make up the National Conference. As secretary of the Iowa State Conference, which met last December in Grinnell, Mr. Wassam has compiled and published a report of their proceedings and is just distributing the pamphlet. The report is of special interest in University circles in view of the prominent part University people have taken in the organization and conduct of the movement in Iowa.

On account of his exhaustive study of practical charity, Mr. Wassam is one of the state's recognized authorities on the subject. His monograph on "Organized Charity in Iowa", and his work in the state conference have also won for him a measure of recognition outside the state, which comes in the form of the offer of Fellowship in Philosophy, in Columbia, University, which, if accepted, will take him to the eastern schools next year.

The teams of the different schools will be composed of the pick of the athletes of the state, the Des Moines team being composed of the best men. The make-up of the teams is at this time a little uncertain as the names of the men composing them are not all in.

Just what the Des Moines team will do is impossible to say, as the number of schools sending one man teams of rather exceptional ability is as large as is desirable. West High has a chance apparently, and a good one, but many of their records have been equalled or excelled.

Iowa City will be the Mecca of state athletic interest this week when the Iowa state intercollegiate meet is pulled off on Iowa field. A rate of $2.25 for the round trip has been secured on the Railroad Island from Des Moines and a big train load is expected from the capitol city. Carlstein will have been secured on other roads for the benefit of other schools and persons interested in the meet. Fair weather is promised and the University will be, teeming with athletes and their loyal rooters, from the different high schools of the state.

The annual Freshman contest decided too late for yesterday's paper, was one of the best and hardest fought contests that have ever been held between the two socie- ties. Mr. Earl Stewart, Irving, won the Oratorio contest, but Mr. Harry Page, Huxley, took the prize. Carlstein has won the declamation from the freshmen of the state. Messrs. Moore, Immel, and other members of the Jasper Society should stand a chance in excise in the hands of the holder thereof.

The teachers of the different schools will arrive today or at least some of them. The Ida Grove delegation layed over in Cedar Rapids last evening and are expected to be in the city today. The teams of Dubuque, Grinnell, Marion, Ankeny, Sioux City and the North High, East High Capitol Park, and West High teams of Des Moines will also probably arrive on the ground today.

The teams will be composed of the pick of the athletes of the state, the Des Moines team being composed of the best men. The make-up of the teams is at this time a little uncertain as the names of the men composing them are not all in.

Just what the Des Moines team will do is impossible to say, as the number of schools sending one man teams of rather exceptional ability is as large as is desirable. West High has a chance apparently, and a good one, but many of their records have been equalled or excelled.

Ida Grove is again a very strong factor, having in Frey a remarkably remarkable base ball player. There is not anything to support him. Harris of West High has done the short dashes in better time than the other Western Iowa schools. Thomas of Ottumwa has a mark of 54 in the 440 that is a little better than Moorehead's 54 2-10 or Harris' 54 4-10, but either of these men may be expected to do better than the mark they have taken this year.

In the half Bresnahan of Ida Grove has covered the distance in 208 4-10, which seems to give him that event easily over Manning.

The fresman contest was decided too late for yesterday's paper, was one of the best and hardest fought contests that have ever been held between the two societies. Mr. Earl Stewart, Irving, won the Oratorio contest, but Mr. Harry Page, Huxley, took the prize. Carlstein has won the declamation from the freshmen of the state. Messrs. Moore, Immel, and other members of the Jasper Society should stand a chance in excise in the hands of the holder thereof.

Continued from page 1

best fodder that Iowa will have growing against this spring. He has good curves and a world of steam.

For their own part, the Iowa team is now in the best shape of the year. The infield is working smoothly, the outfield is apparently covering the whole athletic field, the pitchers seem to have most everything, and the whole ball is slapping the stand.

The sale of Annuals was rapid yesterday. Only about 150 were left last evening, and were still selling fast. The book has proved as popular as it deserves to be.

Mr. Unger of La Porte is in the city, visiting his son, Clifford, who is a freshman in the college of dentistry.

Dr. W. R. Whiteside was in Cedar Rapids yesterday, where he read a paper before the Iowa State Medical Society, which is in convention there.

You are cordially invited to be present at our store to witness a demonstration of the Chi-Namel System of Varnishing and Grain- ing Old Floors, Furniture, etc., on May 16-17-19. Will S. Thomas, Iowa City, Iowa.

The Chi-Namel System is so simple that by its use even a child can do most beautiful grain ing. Any old floor, full of cracks and nail-holes, can easily be converted into the exact appearance of expensive hardwood. Old furniture can be changed to any color with a better appearance than when new. Free samples while they last.

Prep. H. H. Seerly of the Iowa State Normal has been in the city, called by the illness of his mother.

TODAY'S BULLETIN

7 till noon-Iowa Woman's Club will meet in Mrs. Braycox's, 113 E. Court.
3:00 p.m.-Middleton more at Close Hall.

If you want to make money this summer

If you want to make money this summer

We have a proposition by which a good man can, in three months, make more than enough to defray his college expenses for the next year.

There is no outfit to buy and no catherine which you have to learn. All you need is your own gray matter and a little help from us to time from time.

If you will write us, we will gladly explain how we propose to make your next college year free from financial worry.

WISE TALKS BY THE OFFICE BOY

You know, I am a small, skinny drop of a boy that most says I can see that I am growing some this spring and I've been trying on some of the new boys' suits and see, they are the real nester and no mistake. The double breasted Norfolk coat with the double shoulder and none fitting collars make a boy look fine, and the grey hound catchers don't give away the size of my legs much. Then we've got some new swell lines for both my size that are the same shape as the now, and some wide blazer too, and the best boys' forget that we have all the same garments for boys, that are made to fit and for every size, boys, ages 7 to 10 and even younger.
