TENNIS TOURNAMENT NEXT WEEK
Open Event to be Held at The
University College Large
Entry List Expected
With the weather permitting an open tennis tournament will be held at the University College next week. The entry list closes Saturday night and the pairs will be drawn the same evening and published in Monday's issue of the Daily Iowan. There will also be double championships as well as a single event and the doubles for the former will be received at the same time as the singles. R. A.

Almost Four Hundred Freshmen Answered First Call—An
Announcements Later
Yesterday afternoon occurred the first drill of the present school year. There was an unusually large number of the old regiment in the ranks and between two hundred and fifty and three hundred freshmen lined up for drilling. Commandant Weeks picked several drill masters from each company and the freshmen were drilled by them. As has been the custom here for years the drill masters just pass along the line as the new men are thoroughly tied at the end of the setting off. Those of the old men who were not drill masters were placed in two companies under the command of Sergeants Holtsman and Griffin.

The drill yesterday afternoon emphasized the fact that the cadets are crowded for quarters.

The only host of anything on the new mailer designs is far superior to the old ones.

Today's Tray is exclusive with us. Our Tray of mailer designs is far superior to the old ones, and the effect created was very pleasing. Following the hand-shaking the assembly was favored with a piano solo by Miss Belle Revels. Miss Alta Sample, president of the Hesperian society, and also the president of the Zetachticon, gave the new club short address of welcome and as invitation to attend their future programs. Professor H. E. Emer will make a short talk. Mrs. Emer will be shown as chesome for the future evening. Light refreshments were served during the entire evening.

COURSES GIVE ANNUAL RECEPTION

Zone and Hesperian Entertain in Close Hall

Monday evening occurred the annual reception of the Zeiglerzon and Hesperian societies held in Close Hall. Approximately 120 students were gathered in the reception hall by 7:00 o'clock and the toast of getting acquainted with the many strangers occupied all. To facilitate this each person wore his or her own name, written on a little card and bearing the society's colors. The hall was tasteful decorated in the chosen colors of the Zeiglerzon and Hesperian and the effect created was very pleasing. Following the hand-shaking the assembly was favored with a piano solo by Miss Belle Revels. Miss Alta Sample, president of the Hesperian society, and also the president of the Zeiglerzon, gave the new club short address of welcome and an invitation to attend their future programs. Professor H. E. Emer will make a short talk. Mrs. Emer will be shown as chesome for the future evening. Light refreshments were served during the entire evening.

VARIETY RIFLES
MEET TONIGHT
Commandant Weeks Welcomes Every Old Man Out
Tighten at seven o'clock the first drill of the Varsity Rifles and take place at the Armory. Every old member is expected to be present.

The Varsity rifle is one of the newer organizations but under the able direction of Capt. Weeks it has attained the rank of one of the best drill companies in the state. Its drill last spring was declared to be the very highest order by graduates of West Point, who were judges of the competition.

The Varsity rifle is an elective organization and drill every Wednesday evening. It assures to the best drilled men from the installation.

If possible several competitive drills are planned for the coming year with the Iowa Normal Guard and with the rifle companies of other colleges.

Last year plans were completed for a drill with the Lincoln University Rifle and with the Cantraves' Rifles of Ames but the railroads would not give proper accommodations. However, these obstacles will be overcome this year and members of Varsity Rifles may look forward to something interesting.

BEGIN WORK ON THE ENGINEERING HALL
Horrable Gens Sub Contract For Excavation Work
Contractor Rowan has concluded the work on the Engineering building, and the work will be pushed as rapidly as possible till the building is completed. Mr. Rowan has sublet the contract for the excavation which was planned to be done with 12 cubic yds., to Wm. Horrable of this city. Mr. Horrable expects to have the excavating completed inside of a week, and then Mr. Rowan will start the foundations of the building at once. The work will be kept up from that time till the weather forbids further progress.
