## PRESIDENTS TO ASSEMBLE

### Great Meeting of Heads of State Institutions Here

Will Be Held on October 31—  
Presidents of Leading Institu-  
tions of Middle West Coming

Presidents of the fourteen state universities of the middle west meet in Iowa City, October 31, for the fourth triennial assemblage to consider and discuss informally all current problems connected with the modern higher educational institutions.

The announcement of this great honor to the University was made by President George E. MacLean yesterday. The news had been made known to the University senate Wednesday that all of the presidents but one had accepted the invitation to convene in Iowa City and that the date had been set for Thursday morning, October 31, at 10 o'clock.

The leading educators who will be here are: President J. B. Angell, of the University of Michigan; President Cyrus Northrop, of the University of Minnesota; President C. R. Van Hise, of the University of Wisconsin; Chancellor E. Benjamin Andrews, of the University of Nebraska; President R. H. Jesse, of the University of Missouri; President Edmund J. James, of the University of Illinois; President W. O. Thompson, of the State University of Ohio, at Columbus; Chancellor Frank Strong, of the University of Kansas; President Webster Merrifield, of the University of North Dakota; President David I. Gault, of the University of South Dakota; President James H. Baker, of the University of Colorado; and President Boyd, of the University of Oklahoma. President W. L. Bryan, of the University of Indiana, is trying to make arrangements to be here.

Organized in 1897

In 1897 the ideas of the leading educators of the middle west sprang into a reality when President Angell of Michigan, President Adams of Wisconsin, President Draper of Illinois and the present president of Iowa, Geo. E. MacLean, then chancellor of the University of Nebraska, originated the movement for a triennial conference of the presidents of the state universities of the middle west to consult in regard to the educational problems of the day.

The first meeting was held at Madison, Wis., in 1897, the second at Champaign, Ill., in 1900 and the third at Columbia, Mo., in

## WILL DECIDE ON OFFICIALS

### Professor A. G. Smith Leaves For Chicago For an Important Conference Meeting

Professor A. G. Smith leaves this afternoon for Chicago to attend a meeting of the Conference committee on officials at the Chicago Beach Hotel tomorrow at which the approved list of referees and umpires will be selected for the Big Eight colleges this season.

The other members of the committee are Dr. J. E. Raycroft of the University of Chicago and Professor T. F. Moran of Purdue University. The meeting convenes at 9:30 tomorrow morning, when the list of fifteen or twenty officials submitted by the various universities will be considered and the final list compiled. The complete list is then sent to the respective universities and unless immediate objections are made the chosen officials will be selected for all games this fall.

## MANY ENTRIES FOR TENNIS TOURNAMENT

### Names Are Being Rapidly Handed in For the Event

Several entries have been received the past few days for the tennis tournament to be held next week on the University courts, and present indication points to a successful tourney if the weather is favorable. Already nine men have entered for the singles and it is definitely known that several others will hand in their names before Saturday night when the drawings for the preliminary round will be made. There have also been several entries for the doubles. Following are the men who have submitted entries: R. E. Smith, Professor F. H. Garver, Dr. L. H. Haney, R. A. Oliver, McQuilliken, E. G. Schroeder, Willard Gordon, H. M. Harwood and W. S. Cardell. There is no entry fee and the tournament is an open event, to which all students and members of the faculty are eligible.

## BACONIAN CLUB MEETS TO-NIGHT

### Professor S. Calvin Will Give the Weekly Paper

The Baconian club meets in the Physics building tonight and Professor Samuel Calvin will deliver an illustrated address, on the subject "Some Mammals, Now Extinct, Which Once Inhabited Iowa."

At last week's meeting, Dr. Guthe discussed "Electrical Units."

New officers were elected as follows:—President, Dean W. G. Raymond; Secretary and Treasurer, A. G. Worthing.

### Board Met Last Night

Routine business occupied the athletic board at its meeting last night, minor arrangements being completed for the holding of the alumni game here October 12.

## REGISTRATION IS FAR AHEAD

### Figures Show Increase Over Last Year

Totals Show That The Registra-  
tion is 150 in Advance of This  
Time Last Year

"The registration for the first semester exclusive of the summer session is between 150 and 200 ahead of the same period last year," said Registrar E. C. Barrett yesterday in discussing the great increase in the enrollment in the University this fall. "However, new students are constantly coming in and we cannot have the exact totals in each college ready for about two weeks."

Although the official figures cannot be given out for a couple of weeks the above statement was made yesterday morning by the registrar and it can be readily seen that the optimistic predictions regarding the increased registration are true. On October 6, 1906, after corrections were made the registration figures were duly recorded and at the present time the list of cards in the registrar's office exceeds those figures by a margin of over 150. With two additional days the outlook is bright for further increase.

## CROSS-COUNTRY RUNS TO START

### Captain Remley Urges New Men to Report Tomorrow

All men interested in Cross Country running are asked to meet at the armory Saturday morning at nine thirty. "Bob" Remley, captain of the club, urges especially that all new men come out and take part in the first run tomorrow morning. With John Crossan a former athletic star as one of the candidates and the abundance of new material in sight it is evident that the team will be the best since the organization of the club.

## Great Increase in Attendance

The enrollment of Liberal Art students in the Department of Chemistry has increased about thirty-three per cent over last years enrollment. This is certainly a good healthy growth and speaks well for the department.

### Irving-Ero Reception

The Irvings and Eros held their joint reception in Close Hall last night. There was a very large attendance and the evening was thoroughly enjoyed by all present.

### Midweek Results

The following were the results of the midweek football games in the east.

Yale 25; Wesleyan 0.  
Pennsylvania 16; Villa Nova 0.  
Harvard 5; Bowdoin 0.

## AMES WILL PLAY COE TODAY

### Drake Meets Morningside Saturday in First Game—Other Contests —Light Practice Yesterday

Coach Clyde Williams' team will play its first game today at Ames against the Coe College eleven, and University of Iowa supporters will have the first opportunity to make the early estimate as to the Aggies' strength this fall.

In tomorrow's list of games Drake meets the Morningside team at Sioux City when the Blue and White will try to get revenge for the tie game of a year ago. Bear stories have been issuing from the Drake camp for several days and if Griffith has a good eleven Hawkeye rooters will have the chance to get a line on the opponents of the Old Gold, October 26.

There will also be considerable local interest in the Des Moines college—Cornell game at Mt. Vernon as Coach Catlin and Captain White will officiate. It will be the first time that Catlin has met Finger, the Cornell coach and former full back on the University of Chicago team.

Missouri, the other of Iowa's opponents to play tomorrow meets the Kirksville Normal school eleven.

The 'varsity indulged in light practice yesterday after the strenuous work-out of the day before. "The men are almost down down to weight now" said Coach Catlin last night, and that means that the work will become lighter for a few days. Today the diverting trip up the river will take place but no scrimmage practice will be held. The men ran signals last night for a short time and then were sent to the gym and only signal practice will be in order today.

## SPECIAL FEATURES FOR SUNDAY'S PAPER

### Football Songs Will be Printed for Students

In Sunday's edition of the Daily Iowan the football songs of the University, the scores of Saturday's football games, a special article by Maurice Kent on the comparison of Coach Catlin's methods with those of former Coach Chalmers and a special basket ball story will be features.

## "DAD" ELLIOTT HAS GONE TO CHICAGO

### Will Later Go to the University of Nebraska

Arthur J. Elliott who has been addressing University students for the past few days left yesterday morning for Chicago. From there he will go to University of Nebraska and then to University of Kansas.

## APPOINTMENTS ANNOUNCED

**PLEA MADE FOR CHORAL SOCIETY**

Miss Abrams Asks Musicians to Join Organization

[BY LOUVAE ABRAMS]

Mr. Cox has again generously offered to give his time, talent and energy in leading our chorus. Only those who were active members last year can realize how much it means to one's musical education to be under the direction of Mr. Cox. Our concert last spring was a success and we can succeed in subsequent appearances. Let us rally to our leader and show ourselves ready to do our best by him.

The first meeting of the year will be held next week, the date to be announced later. Everyone who can sing is invited to come and enroll as a member. Let all who were in the society last year be present to assist in arranging new plans for work.

**ON CHILD LABOR**  
 Says the Bureau of Labor Should  
 Enforce the Laws

"If the office of Bureau of Labor will exercise its discretionary power it can extend the usefulness of the Child Labor Law very considerably," said Professor I. A. However, it cannot be denied that an extension of the law in respect to the specifications as to age, employment and the like for each child would be beneficial."

## PRESIDENTS TO ASSEMBLE

(Continued from page one)

1903. According to the plan upon which the organization was founded it should have met a year ago but the fact that the Iowa legislature was in session prevented President MacLean from calling the conference. The presidents all agreed to the postponement of the session for one year so that this summer President MacLean began writing letters to call the informal conference for the last day of this month.

The organization, if it can be called such, is peculiar as there are no officers and the sessions are called informally. The matter is left to one of the number, usually the executive of the institution where the next assembly is to be held and it is left to his discretion as to the time for holding the informal convention.

### Subjects Submitted

At the present time President MacLean is in receipt of communications from the various presidents suggesting subjects for discussion and debate. The list is being kept on file and from it the educators will choose the most interesting topics by vote and the two days' session will be confined to the discussion of the most vital problems of college training in the middle west.

Great preparations are being made for the entertainment of the prominent executives and probably a great assembly will be held in the armory where the students may listen to the foremost men of the college world in a series of short addresses. A reception will probably be given at the home of President MacLean and other entertainment will be provided for the presidents during their stay in Iowa City.

## Olympian Restaurant

### \$100 REWARD!

The Olympian Restaurant is undergoing important alterations, and Landlord Constantine rejoices at the approach of their completion.

He will inaugurate then a system of full meals at 20, 25 and 30 cents. These will include soup, meats, vegetables, bread, butter and coffee, and dessert. These meals will be first-class. He will also feature in his fine new restaurant, feasts for banquets, wedding and dance parties, etc., and he will give ONE HUNDRED DOLLARS REWARD to anybody finding better service in that line than he gives—anywhere in Iowa.

This Restaurant has recently added a marvelous piece of mechanism—a Dish Washer which cleanses 4000 dishes per hour, placing the Olympian in the lead of competitors.

## FIFTY OUT FOR DEBATE

Many Sundrying For Of Trials

Forensic Council Held ant Meeting Friday E League in Fine Con

The first regular meeting of the Forensic Council was held Friday afternoon at the home of Professor Gordon. All members of the board were present except the representative of the Philomathean forensics. Committee reports were read showing considerable progress during the vacation in matters in shape for the year. The appointment of Randall, the fitting up of the debaters, the purchase of much valuable material, the securing of an adequate number for the year and Concert Course, the careful adjustment of a list which are involved in the management of a number of things in connection with collegiate forensics at the University are some of the important items reported upon.

The treasurer showed that over a hundred dollars are now in the treasury for the debate work, there would be at least \$13 when the first debate place.

Fifty Men Out

Professor Gordon reported that over 50 men were studying for the question for debate, among the number were some of the best debaters in the University. The trial debate was set for the week beginning next and will probably be held in the latter part of the week. The matter of judges for the trial was taken up and it was decided to leave the selection of the students concerned to the "try-outs." The date for this purpose is Tuesday next at 6:30. At that time the judges must select judges and positions and times of the trial. The men will be picked, one for each team and one for each. Three prizes will be awarded \$25, \$15 and \$10 to the first three speakers, respectively. These prizes are given by Frank O. Lowden, an alumnus of the University. The awarding of these prizes was discussed by Professors Loos and Gordon and Dean Gregory.

Make Other Arrangements

It was further reported that the arrangements for the University championship
