HAWKEYE OFFICERS FOR 1910 ANNUAL

Byrde is Business Manager and Stewart Editor

Other Offices will be Filled in 1910 Future—Most bitter Fight in Recent Years

1910 HAWKEYE OFFICERS

Editor-in-Chief . . . C., Earl Stewart, General Manager ... Carl Byrde

In one of the bitterest elections in the University the business manager and editor for the 1910 Hawkeye were chosen in a meeting of the Sophomore class of the College of Liberal Arts. The election was the elimination of the candidates who had not survived the previous round. In the near future the committee will meet and elect a chairman and announce the date for the annual social event which will probably come in December.

Two tickets were put in the pool, one consisting of names for every position on the Annual board and the other nominating the head of the Annual successful ticket. The caption was: "Vote for the men with experience." The defeated ticket was represented by T. R. Hamlin, of Panama, for editor, and Wallace Werth, of LeMars, for business manager. Both Stewart and Byrde are from Des Moines. It became evident as soon as the meeting convened that Irving Landis was in the saddle as well as a majority of the votes they proceeded directly to the selection of H ulton and Stewart and then adjourned the meeting so as to postpone any action upon the remainder of the Annual board of the victorious committee. It seems altogether probable now that the two successful candidates were elected by a majority of voices, which these officers will not be able to object the society scrap but will be elected from the whole class in a non partisan manner so as to secure the best workers.

The novelty of the organization of both Zeta Phi and Irving will be shown by the fact that both successful candidates were elected by a majority of voices, the figures being 99 to 64. The preliminary campaigning was a force and threatened to disturb both parties but, despite the opening of the meeting threatened to develop into a riot. By this time the vote was taken, however, the class was quiet and orderly.

New Committee on Class Yells

A committee consisting of Earl Brown, R. M. Case, Hazel Feltchel, Ruth Adams and Marie Rogers has been appointed to compose class songs and yells for the Freshmen. The committee is already at work and the songs and yells will be ready for the next class meeting.

What if the clothes you used to know in ready-to-wear places weren't your sort—just as logical to stop night travel now, because your grandfather only knew day coaches.

College Brand CLOTHES

have changed the old order of things—They are styled ahead of merchant tailoring. And as for the fit—why, there isn't a bad curve in your figure or a flattened spot or a bulging joint that can disturb it.

In the beginning only young chaps were 'em, then older men caught on to their betterness and the chance to move Time's hands back to youth again.

HAWK EYE OFFICERS FOR 1910 ANNUAL

(Listed on page one)

Schoolmistresses in the state.

In vacations he conducted a weekly paper at Grinnell, Iowa, being one of the youngest editors of a regular paper in the state.

The new business manager also holds from the high school, attending West Des Moines high school in 1909, being prominent in the line of the school and well known West High paper.

While in the high school, Mr. Bayar started in the city a young paper, securing a position with the Register and Leader, later receiving a flattering offer from the Waterloo Times-Telegraph, he acted first as city editor and later as managing editor, leaving the latter position to enter the University of Iowa.

Both men from their previous extended newspaper experience are well qualified for the positions to which they were elected yesterday.

DR. HENRY ALBERT

GETS APPOINTMENT

Is now a member of the Committee of Authors' League.

Dr. Henry Albert has been appointed a member of the Committee of Authors' League of the American Association for the Advance of Sciences. The special work of the committee is the preparation of the Federal Regulations of Public Health.

PROFESSORS WILL ATTEND CONVENTION

HOPPERS DEFEATS BRANT IN CONSOLATION

Wins Cup in Event of the Fall Tennis Tournament

Fred Hoppers defeated Irving Brant in the finals of the consolation event of the fall tennis tennis yesterday afternoon, in four sets 6-3, 6-2, 6-1, 6-2. Most of the games went to deuce, Hoppers winning through ability to play to the end, and Brant in the latter part of the match both players tired considerably and turned to a lobbing game. Brant won his two singles by strengthening his serve, while at the same time Hoppers gave up a number of doubles. There was practically no play at the net in the whole match.

INVITE ELECT NEW MEMBERS

An important Business Meeting

Was Held Wednesday Night

At a special business meeting of Ireland boys Tuesday night several new members were elected to the membership. Most of the men have done bona fide work and most of them have had inter-schools training. Reijo, Hur- rin, Hargant, Hargott and Kutilo, Mt. Aire, Leland, Normal West, Vinton, Oskaloosa, Des Moines.

Olympian Restaurant

$1000 REWARD!

The Olympian Restaurant is undergoing important alterations, and Leonard Constantineau at the request of his new management.

He will inaugurate a new system of tail futs at 10, 15 and 30 cents. These will include soup, meats, vegetables, bread, butter and coffee, and dessert. Three meals will be first-class. He will also feature in his new restaurant, feasting haunts, wedding and dinner parties, etc., and he will give ONE HUNDRED DOLLARS REWARD to any finder, better in service that the plan he is giving—anywhere in Iowa.

This restaurant has recently added a marvelous piece of mechanism—a Dial Waterer which cleans good dishes, and has been so installed as to cause not a cent of waste. The Dial Waterer has been working wonders. When the Dial Waterer is turned on it cleans the dishes and when turned off no water comes, which is a wonderful saving of water, in that the flow of the water is not controllable and the waste is considerable. This machine will be turned on during the cooking and will be turned off during the dessert.

The Dial Waterer will be turned on during the cooking, and will be turned off during the dessert. The Dial Waterer will be turned on during the cooking, and will be turned off during the dessert.
