## WE MUST DEFEAT WISCONSIN!

Giant Mass Meeting in Auditorium Friday evening at 6:45

### DEBATERS WERE PLACED ON TEAMS

#### Great Preparations for Contests December 13th

Vincent Starzinger, Leader of Illinois Debate—Brant to Lead Other

Vincent Starzinger, G. A. Luxford and C. W. Briggs have been selected to debate against Illinois here December 13th. Mr. Starzinger, a junior Zetagathian, of Des Moines, has been selected as leader. He made a brilliant record last year against the Minnesota team. Mr. Briggs and Mr. Luxford both have had much experience. This team will have the affirmative side of the question to prove.

The team selected to argue the negative side of the question against the University of Nebraska, December 13th, at Lincoln, consists of Irving Brant, H. O. Field, and Carl Byoir. Mr. Brant, a Senior Irving has been selected leader of this team. Mr. Brant has been in several class debates and was the leader of the junior class team last year. H. O. Field and Carl Byoir are both debaters of exceptional ability.

The two teams meet every evening at 6:45 for practice debating against each other and will continue this plan until the debate is worked out.

It will be the aim of Coach Randall to develop fine extemporaneous speakers. Later on members of the faculty will be invited to listen to the debaters and act as critics. Old alumni debaters will also be invited back to criticize and offer suggestions to the team. Never before has the debating teams of the U. of I. made such extensive preparations and "Old Iowa's bound to win"—if preliminary work counts for anything.

Coach Frank Randall returned from Chicago the earlier part of the week. While in Chicago he attended a meeting of the National Civic Federation and visited several of the libraries and obtained much important matter for the debates. The National Civic Federation discussed the question which is to be the subject for this year's debate. The material obtained by Coach Randall while in Chicago is already in the hands of the debaters and will of great assistance to them.

### DRINKING WATER IS PURE

Dr. Henry Albert Makes a Complete Report of the Existing Conditions

After a thorough examination the drinking water of Iowa City has been pronounced pure by Dr. Henry Albert, State Bacteriologist. This removes all dangers of epidemics and sets at ease any worry over the purity of the drinking water used by the students.

Following is the report of Dr. Henry Albert made to Mr. J. Chatham, the manager of the water company:

IOWA CITY, Ia., Oct. 28, 1907.  
MR. J. CHATHAM,  
City.

Dear Sir:—

I beg leave to report on an examination of the city and river water which has just been completed.

The river water was found to contain about 105 bacteria per cubic centimeter. These were of the same nature as those which may be found in the river water at any time—many of them as may be expected, coming from surface soil.

The city water taken from a tap in the laboratory was found to contain only 5 bacteria per cubic centimeter, none of which were of a character to indicate any contamination of an undesirable character. This means that the filtering process removes 95 to 96 per cent of the bacteria from the river water, which represents a very good efficiency.

The water as examined is satisfactory for drinking and other domestic purposes.

Very respectfully submitted,  
HENRY ALBERT

#### Meeting Place of Class Changed

Prof. Bolton states that the class in "The Principles of Education," Section A, will meet at 10 o'clock Wednesday, Oct. 30, in Unity Hall (the old Unitarian church.) This is for Wednesday only. The change is made on account of a meeting of the Federation of Women's Clubs, which will meet in the Assembly Hall at that hour.

#### Professor Loos Has Returned

Professor Isaac A. Loos has returned from Sioux City where he attended the meeting of the Northwestern Iowa Teachers' Association. Professor Loos delivered an address on the subject "Panics" instead of "How Should History Be Taught in the High Schools" as previously announced.

### PRESIDENTS WILL ASSEMBLE TOMORROW

#### President Angell of Michigan Arrives Today

The List of Those Who Will Entertain the Presidents—James Not to Be Here

Presidents from the state universities of the Middle West will arrive this afternoon and evening to attend the fourth triennial meeting scheduled for tomorrow and Friday. President James B. Angell, of the University of Michigan, one of the leading spirits of the movement comes in at 3:20 this afternoon. He will be entertained at President George E. MacLean's as will also President Cyrus Northrop, of the University of Minnesota.

Word has been received that President Edmund J. James, of Illinois, and President R. H. Jesse, of Missouri, cannot attend the conference.

The first session is called for tomorrow morning at 10 o'clock in the Old Capitol, to be followed by a luncheon at the Burkley Imperial. The meeting will be resumed at 2 o'clock and in the evening a reception will be held at the home of President George E. MacLean.

The subjects to be considered will not be made public until the presidents have assembled and the topics selected from the long list of suggestions. At that time official information will be given out as to the course of the discussions of the heads of the leading universities of the Middle West.

Following is the list of the presidents and the homes at which they will be entertained while in the city: Chancellor Frank Strong, of Kansas, at Professor G. F. Kay's; President David R. Boyd, of Oklahoma, at Dr. K. E. Guthe's; President W. E. Stone, of Purdue, at Dean W. G. Raymond's; President C. R. Van Hise, of Wisconsin, at Dean C. N. Gregory's; President James B. Angell, of Michigan, President Cyrus Northrop, of Minnesota, at President Geo. E. MacLean's; President W. O. Thompson, of Ohio, at Professor A. N. Currier's; President Wm. L. Bryan, Indianola, at Professor C. E. Seashore's; Professor Webster Merrifield, of North Dakota, at Professor S. H. Bush's; President Frederick B. Gault, of South Dakota, at Professor F. E. Bolton's; Chancellor Benjamin Andrews, of Nebraska, at Professor E. A. Wilcox's; and President James H. Baker, of Colorado, at Professor H. J. Prentiss's.

### BADGERS ARE WORKING HARD

Coach Hutchins Drills Men in Forward Pass—Team Arrives Here on Saturday Morning

BY D. S. HANCHETT

Athletic Editor Daily Cardinal

MADISON, Wis., Oct. 29.—Determined to overcome the fatal difficulty which the Badger team suffered from Saturday, the inability to use the forward pass, Coach Hutchins last night put the men through a drill which it is not thought they will forget for some time. There was practically no scrimmage, but all the students are expected out at Camp Randall tonight, when a lively scrimmage with the freshmen is promised. Osthoff, Fucik, Wilce and Rogers were all out of the game, although despite his broken nose, Davidson stuck at guard. Captain Messmer was shifted back from end to his old tackle position, Lowman going in at end. Cunningham was in at quarter and showed up well in running signals, but it is thought lack of experience will keep the management of the out of his hands.

This evening a meeting will be held of all students who intend to accompany the team to Iowa next Saturday. Aside from arranging for the purchase of tickets, Manager Roehl is interested in keeping the rooters together so that they may make as creditable a showing as did the Iowans at Madison last fall.

The team will leave Madison on the Northwestern Friday afternoon, going via Chicago and the Rock Island road. The evening will be spent in Chicago, the team being due to reach Iowa City at 8:03 Saturday morning.

### PLANS FOR THE BIG MASS MEETING

#### Speeches and Songs Will be Feature of Evening

President C. R. Van Hise May Speak—Great Formations For Badgers—Football News

Plans are being completed for the monster mass meeting scheduled for Friday night and present indications point to the most successful demonstration of enthusiasm in the history of the University. For days the students of the College of Medicine have been practicing the songs for the occasion and for the game and outbursts of a similar spirit have been shown in other colleges.

The committee in charge has arranged for a good list of speakers for the occasion including President George E. MacLean, President C. R. Van Hise of the University of Wisconsin, Mrs. Mable M. Volland, Dean of Women, Maurice Kent, and Judge M. J. Wade. Professor A. G. Smith will preside at the rally. Already a scheme has been suggested by Dr. H. J. Prentiss for reducing the yelling and singing at the mass meeting to a system. A communication to the DAILY IOWAN yesterday was as follows:

IOWA CITY, Ia., Oct. 27, 1907.  
EDITOR OF THE DAILY IOWAN.

Dear Sir:—

I was requested by the Athletic Board to select certain songs for rehearsal Friday evening, Nov. 1st, preliminary to the Wisconsin game of Saturday. It seems to me, that if the students know beforehand of the selection, they will commit the same to memory and therefore have a rousing time at the football rally.

I think therefore it well for the University to commit to memory the first verse of Old Gold, Old Iowa's going to win, etc. The ramble song. Also "the locomotive cheer," the who-wah-wah, and the ray, ray, ray cheer. If you can spare the room to print the words of the three songs it will be so much the better.

Very truly,

H. J. PRENTISS

P. S. I might say that I advised with a good many of the students before coming to the above conclusion.

It was announced that the band would be taken to Des Moines and it DID NOT GO was a great disappointment to the many alumni there when it was not sent. The band is one of the best advertisements that the university could possibly have and its presence at athletic contests in which Iowa has a part is looked forward to. Its absence from the Drake game is due to the fact that the band would not accept the proposition of the board which involved paying their own expenses to Ames. It is possible that the Athletic Council would have paid their expenses both times if it had known that its offer would be refused. Every Iowa student is justly proud of the band. It is to be hoped that in the future no disagreements will occur which will keep the band away from the important athletic contests.

ENGINEERING CLASSES HOLD ELECTIONS

Seniors and Freshman are the Last to Hold Their Elections

At meetings held last Friday the freshman and senior engineering classes elected officers for the coming year, they being the last ones in the college to perform this important business.

The officers elected in the senior class were as follows: President, Thomas; Vice President, Hartley; Secretary and Treasurer, Hoar; Class Representative, Scherner. Those elected in the freshman class were: President, Ross Powell; Vice President, Thatz; Secretary and Treasurer, Morrison; Sergeant-at-arms, Frazer.

Noted Educator to Be Here

Dean James E. Russell of the Teacher's College, Columbia University, will be in Iowa City sometime next week, probably Wednesday. Dean Russell will give one or more lectures before the department of Education. Definite announcements will be made later.

FROM OTHER COLLEGES

Girls at Indiana university will play hockey for the first time this year.

Minnesota is to have a new swimming pool, 24 by 60 feet, with a depth sloping from four feet at one end to eight feet at the other.

Princeton's crew regatta will be held soon after the close of the football season. A new boat house will be located on Lake Carnegie next spring.

Columbia university will require hereafter six weeks of summer school work for those students who take the mechanical engineering course.

New York university requires attendance at daily prayers, of every student who does not elect as an alternate duty the writing for each fortnight of the term an essay on some subject of morals or religion.

The intercollegiate cross country association, comprising Pennsylvania, Harvard, Columbia, Cornell, Yale, Princeton, Massachusetts Institute of Technology, and Syracuse, will hold its annual run this year Nov. 27.

While Yale now has the largest college Y. M. C. A. membership of any American school, Illinois leads in the number of men enrolled in systematic Bible study. At the latter college a new Y. M. C. A. building costing \$100,000 is being constructed.

By good team work the sophomores of Pennsylvania defeated the freshman class in the new wall fight, held for the first time Thursday on Franklin Field. The sophomores reached the wall first, and as soon as they got on it they stayed there, being protected by classmates in front. The event was marked by much good spirit and will undoubtedly be made an annual feature by the undergraduate committee at Pennsylvania.

Thirty sophomores of the Oregon Agricultural College were making Roberth Olph, a freshman, do a few stunts Monday, and were in the act of giving him a ducking in the campus fountain when he drew a knife and severely cut two of the sophomores. Kelly, one of the second year men, was seriously injured and will be in the hospital for a couple of weeks, although he is in no immediate danger. Dr. Thomas Kerr, president of the college, has issued an order prohibiting hazing. In all probability the ringleaders of the hazers will be suspended.

At a meeting of the Senior class of Yale University, held Monday night a decided stand against the "honor" system was taken, as shown by the adoption of the following resolutions: "First, that we place ourselves on record as standing for absolute honesty and gentlemanly conduct in class room and examinations. We believe a simple honor system, based on the individual, is ideal, but impracticable, because of the size of the class and the lack of any provision for dealing with any offense which may arise. "Second, we

"Third, that we believe that such supervision as is necessary to prevent dishonesty can be more conveniently and thoroughly performed by the faculty than by the student body or a student committee, inasmuch as it is to be supposed that the time of the students in the recitations and examinations is entirely occupied in doing the work thereof."

## STATE SANITARIUM NEARLY COMPLETED

### Tuberculosis Patients Will Soon Have a Home

The Work of the Hospital Will Be Closely Connected With The College of Medicine

The Iowa State Sanitarium for treating tuberculosis patients is now rapidly nearing completion and will be ready for occupation about December 15. This hospital is located four and a half miles above Iowa City on the interurban railway.

The situation of the sanitarium presents all the desirable features necessary for an institution of this kind. It has an elevation over one thousand feet above the sea-level, excellent drainage with land sloping to the south and west, good water supply and is protected on the north and west by a grove of trees. Ideal conditions are offered for out-door treatment. It's closeness to the interurban offers excellent facilities for transportation, electric light and power.

The main or administration building is of brick and will contain a large entertainment hall besides offices, examination rooms and living apartments for physicians and nurses in charge. Patients will be housed in shack like form of buildings in pattern of those now generally used for tubercular patients. These shacks are set high off the ground with roofs sloping towards the north and west while the south and east sides are constructed of glass. On the latter two sides these buildings will permit of being opened so that the occupants will be protected yet practically out of doors.

#### Patients Only From Iowa

Patients from the state of Iowa only and just those in the first stages of tuberculosis will be accepted. They will abide strictly at the sanitarium and will be subject to strict rules of the institution. This will prevent any possible contamination to local residents.

The work of this institution will be very closely connected with the work of the medical college in the University. It was on account of utilizing the University laboratories and clinical departments that the state board of control was induced to locate near Iowa City. Opportunity will be given to advanced medical students for studying the methods of such undertaking. The knowledge will be of a great benefit to them in practicing medicine.

#### New Superintendent Appointed

Dr. H. E. Kirscher of Oil City, Pa., has been elected superintendent of this state sanitarium by the state board of control. He is expected to arrive in the state about Nov. 1 and will take charge of the work at once.

Though Dr. Kirscher is but 27 years old, he has had wide experience in connection with institutions of this character. He graduated at the Jefferson Medical college in 1902 carrying off

the highest honors in his class. After practicing his profession at Oil City a few months he established and became superintendent of Grand View Sanitarium for the study and treatment of tuberculosis. In March, 1907, he went to Mexico where he has since devoted himself to the study of the white plague.

Superintendency of this institution pays \$2,500 and living.

#### Will Be a Success

In regard to the success of similar institutions Dr. Bierring says: "This is the only possible treatment for tuberculosis and reports from different sanitariums are very gratifying. They are now located in all climates. Furthermore, the education which patients receive in taking care of themselves will be valuable knowledge to diffuse when a cure is effected and they leave the sanatorium."

**ENGINEERING SOCIETY HOLDS REGULAR MEETING**

Professor Ohle Gave an Interesting Talk—Social Meeting Next

The Mechanical and Electrical Engineering society held their regular meeting at Engineering hall Monday evening.

Prof. Ohle gave a very interesting talk on the general work of a mechanical engineer, dwelling particularly on this branch of engineering.

Prof. Ford was not able to appear as announced, being called out of town. After the program a short business meeting was held, at which arrangements were made to hold a social meeting two weeks from Monday.

This is particularly for the freshmen, so that they may have an opportunity to get acquainted with the upper-classmen.

**Professor W. C. Wilcox Lectures**

Prof. W. C. Wilcox delivered the first of a series of six lectures on "Unelected Presidents of the United States" at Boone, Iowa, Friday evening. Professor Wilcox's fame as a lecturer is not limited to the University and Boone is to be congratulated for securing this course of lectures.

arms of Quarterback Stewart, Captain White, and Carberry in shooting the spirals on the forward passing. A diversity of attack is being planned by the Iowa coaches that is expected to prove bewildering to the Badgers.

Open practice will not be held this week and every precaution has been taken against any spying of the Iowa practice.

Instead of the blackboard work in Unity Hall Coach Catlin last night inaugurated the indoor signal practice in the gym to perfect the large number of plays which the Iowa team now has. "If we can only master those plays, we can win" said Coach Catlin last night. The squad was kept busy until 8 o'clock chasing from one end of the long Armory to the other.

The regulars are in good condition with the exception of a few bruises and the men will be in great shape by Saturday. The players are full of ginger and determination to down the Cardinals.

Little scrimmage practice will be in order this week as the freshmen are proficient in anticipating the Varsity plays owing to knowledge of the signals.

Friday evening the usual outing will be given the players up the river to keep the men from going stale.

**\$100 REWARD!**

The Olympian Restaurant is undergoing important alterations, and Landlord Constantine rejoices at the approach of their completion.

He will inaugurate then a system of full meals at 20, 25 and 30 cents. These will include soup, meats, vegetables, bread, butter and coffee, and dessert. These meals will be first-class. He will also feature in his fine new restaurant, feasts for banquets, wedding and dance parties, etc., and he will give ONE HUNDRED DOLLARS REWARD to anybody finding better service in that line than he gives—anywhere in Iowa.

This Restaurant has recently added a marvelous piece of mechanism—a Dish Washer which cleanses 4000 dishes per hour, placing the Olympian in the lead of competitors.
