Coach Buchholtz Says Game With Illinois is "Anybody's" - Iowa Is Praised by Messenger

Coach C. H. Popenoe of Wisconsin, in speaking of the result of the game, said, however, that in the course of the game, we were much gratified at the result. We expected a hard fought and fairly played Iowa game, played smoother and better against us than last year and much impressed me by my interference. If we had played the game against Illinois that we did against Iowa, the result today for the way the game would have been different. With your interest and condition and another play the game with Illinois next week is "anybody's game." We have enough to say to us about the game, and with the game with Iowa. And, naturally, we prefer that you win it.

Wisconsin's captain, J. A. Meissner, said, "We won. Yes, and I am very, very hard hit. I am sorry we had to fight for it. There really isn't very much to say. There is only one thing; we want to thank you for the fine treatment you have given us in your pretty city. We are still going to fight, and I doubt if we have ever been cheered more than we were tonight. We are doing the game as we were when we came up to the field. It did us good and we may sit down and talk to you for a month and then we would play the game again."

HUMOR AND ADVICE

Herbert M. Deeds, of the Daily Iowan, says that he found the following in a magazine:

"The farmer asked his son how he was doing in school. The boy said, "Father, I'm reading the newspaper out loud.""

"The farmer said, "What's the matter? Why don't you read it quietly?"

"Oh, I can't, father. There's no room."

"No room?"

"Yes, father. The dog is in the room."

"No room! Then why bring him to the room?"

"I had to, father, I had to."

"Why?"

"Because the dog doesn't read."

PRESIDENTS SPEAK BEFORE ASSEMBLY

(Continued from page one)

that it teaches reliability, honesty and fair dealing.

"The facts men know and can do in our present age are more marvellous than the ancient could imagine," declared Pres. William L. Bryan of Indiana University.

President Frederick B. Gaul of North Dakota, a former resident of this state and a graduate of Cornell College, told of Iowa and the University in early days. Thirty-three years ago he visited our school when it consisted only of three buildings and he conversed with the present magnificient institution.

President Cyrus Northrup of Minnesota made a plea for higher education in the south. If the southerners can be made to take an interest along the lines of higher education a brotherhood will arise between the north and south never before known.

Don't be pessimists but cherish an attitude toward all men to help carry their burdens," was the plea of President Winthrop E. Stowe, of Purdue University.

Chancellor Frank Strong, of the University of Kansas, said that all the Universities were the same the world over. He related several clever stories appropriate to the occasion.

Each of the visiting presidents was greeted by their respective school bands. President W. O. Thompson, of the Ohio State University, the next speaker, replied to the yell by the University song. He especially urged every one to do their duty and stand for the highest ideals.

President Charles Van Hise, of Wisconsin, concluded the remarks by exclaiming in a humorous way how the president felt after the ordeal which they had been subjected.

We have secured the agency for the People's Steam Laundry at Des Moines, which enables us to quote you the above prices.

The work of this laundry is absolutely guaranteed to give satisfaction. We took the agency only after the most thorough investigation. This laundry has practically all the work of the Drake University students for the past two years. The business manager of the Daily Iowan patronized this laundry while in Des Moines. Ask him in regard to these works.

There is no longer any excuse for patronizing the "Chinks." We do this work as cheaply as they, and call for and deliver it besides.

Our first collection will be made on Monday, Nov. 11. Call us up promptly, that date and arrange to have us call and get your laundry.
