### BASKETBALL LEAGUE TO BE ORGANIZED

#### Coach Schroeder Inaugurates New System

Different Colleges of University Will Have Teams in Organization—Presidents Meet

A new movement to enlarge the field of competitive athletics in basketball is being inaugurated by Coach Schroeder of the Varsity team in an endeavor to organize a league between the several colleges of the University. If the new organization is formed as planned it will bring a large number of students into active participation in the game. The object of such a league is threefold; it would give many more men the advantages of the training for competitive contests, it would create a friendly rivalry between colleges and would develop a larger and more enthusiastic following for Varsity basketball.

In an attempt to inaugurate the new league there will be a meeting at 4:45 this afternoon at the Armory, which will be attended by Physical Director Schroeder and the class presidents of the University. The plan, as it will be presented by Mr. Schroeder, is, in brief, to have each college represented by a team to compete for the championship of the University; the class games, as such, being abolished.

The followers of basketball in the University are much interested in the success of the plan and it is hoped that the class presidents will proceed at once to the formation of a permanent organization. The league, as planned, will comprise the Colleges of Liberal Arts, Applied Science, Law, Medicine, Dentistry and Pharmacy.

A glance into the Armory almost any afternoon would furnish convincing evidence that there is more than enough material to furnish plenty of competition for the teams, and that the final teams would put up a spirited contest. Nothing can as yet be determined as to the schedule of games.

Captain Buckner, of the Varsity team, yesterday expressed himself as delighted with the project and predicted that its successful fulfillment would mean a great future for basketball in the University not only in providing material for successful teams but insuring enthusiastic support.

#### Weather Forecast

For Iowa City and vicinity—Fair today and warmer.

### INTER-SOCIETY DEBATES

Representatives of Various Literary Societies Meet Saturday Morning—Under New System

Preparations for the Inter-society debates are now in progress. This year's debates are under a new system. Before the debates were divided by class debates but this year the different societies will have competing teams.

A committee from the various societies will meet Saturday morning to make preparations. This committee will consist of Fred Cunningham for the Irving's, a committee of three with E. E. Rorick as chairman for the Philomathians, and a committee of three for the Marshall Law Club. The Zetathian's have not yet selected their representatives.

The preliminaries will be held on the evening of February 21. At this time the Zets and Philos will meet and also the Marshall Laws and Irving's. The winners of these two contests meet March 27th to determine not only the University championship but which team will carry off the three prizes offered by our enterprising citizens.

### STUDENT'S CHAPTER KING'S DAUGHTERS

Chapter of Twelve Members Organized Sunday at Close Hall

Sunday at 3 o'clock at Close Hall was held a meeting for the purpose of establishing a chapter of King's Daughters in the University of Iowa. The membership numbers twelve.

The establishment of chapters of King's Daughters in colleges and Universities is a comparatively new thing, and one only lately inaugurated by the University of Ohio.

Iowa University is an especially propitious place for the establishment of such a chapter because of the size and activity of the local city organization.

#### Prof. Bryden in Germany

Friends of Professor and Mrs. C. Bryden have received word that they are over in Freiberg, Saxony. They sailed from New York several weeks ago. Prof. Bryden will be remembered as a former professor of metallurgy and mining in the University. He is now engaged in mining operations.

#### Band Hop Contemplated

The University band is trying to make arrangements to give a musicale and hop at the University armory the night of the Illinois game. These informal dances were popular last year.

### PATTERSON TALKS ON ACCOUNTANCY

#### Expert Speaks of Inadequacy of Public Reports

Shows Difference Between Administration of Business Concerns and Public Affairs

Dr. W. R. Patterson, of New York City, the expert authority on Statistics and Accountancy gave an able lecture last night on "What We Ought to Know" the second of the series given by him this week. A large number were out to hear him. He began by reiterating his statement of last night that what we need and what we want in business and public affairs is not good men but good service. Speaking of the reports by funds of the three state schools, he said they could not show expenses definitely and intelligibly. "I do not question" said he, "the integrity of the men in charge, but we should have reports of the condition of our own finances and of our own household." Continuing, he pointed out the vast and striking difference of the way the big business concerns and public affairs are run. If a man is doing his best work he should know what he is doing and if he does not make out regular reports he can not know. Without the publishing of such reports responsibility cannot be fixed when things go wrong. When people have no knowledge of what their public officials are doing with their money doubt and dissatisfaction will be found to exist.

The indifferent also need such knowledge to awaken dormant interest in public affairs. What the public in effect should demand to learn of men in charge of public affairs is knowledge of their own assets and liabilities and the relation between those assets and liabilities. Economy consists not in niggardly expenditure but in getting results.

The speaker pointed out the public schools especially in which there is nothing definitely known of the cost of the various subjects and departments of education. At the close of the address, several questions were asked.

These public lectures will continue to be given at the same time and place today and Friday. His subject for this evening is, "What We May Know." The lectures are being given, as their headings indicate, in supplementary series. He can be found today and tomorrow from 11 to 12 at the office of Professor Loos, room 205, Hall of Liberal Arts.

### PATTERSON AT ASSEMBLY

Speaks to Students Regarding "The Fundamental Student Life"—Efficiency Needed

Professor William R. Patterson, '95, Ph. D. '98, U. of P., addressed Assembly yesterday morning on "The Fundamental Student Life." The principal thought brought out by the speaker was the great need of efficiency in all the phases of life. "Although goodness is a potent factor in student life, the criterion by which men and women are measured today is efficiency," said Professor Patterson. "Education itself is a result of efficiency and no one can afford to do that which will impair it."

The man to vote for whether he be Republican, Democrat, or Prohibitionist should be efficient, according to Professor Patterson. "One of the means of bringing about efficiency is by the use of statistics," said he in conclusion. "This fact is already recognized by the larger cities and is but a matter of time until other organizations will realize their benefits."

### RUSSELL SPEAKS THIS AFTERNOON

Will be Held in Liberal Arts Assembly Room

Dr. James E. Russell, Dean of Teachers College, Columbia University, will deliver a lecture this afternoon at 4:30 in the assembly room of the Hall of Liberal Arts. Although the lecture is under the auspices of the School of Education, the public is invited. Dr. Russell will speak on "Some Defects in American Education."

### NEWMAN INITIATES NEW MEMBERS

Several More Men Taken in Tuesday Night

Tuesday night several more new members were taken into the Catholic society of the University. The men who were initiated were White, Kelley, Ney, McNobby, Goodman, J. J. Hotz, Jr., J. Keefe, Walter Kunebel, M. B. Cahill and Wolfe.

#### Student Badly Burned

While working in the chemical laboratory yesterday Mr. John Blyden was somewhat severely burned. A small quantity of paraffin heated 450 degrees was spilled on his hand.

#### Prof. Shimek Gave Reception

Professor and Mrs. B. Shimek gave a reception to the Bohemian students of the University and the alumni last evening at their home on Brown street.

### OPEN PRACTICE IS SCHEDULED TODAY

#### Gates of Iowa Field Open at 4:30 P. M.

Rabbit Hunt Yesterday Resulted in Death of Hoodoo—Sure Sign of Victory Against Illinois

This afternoon at 4:30 o'clock the gates of Iowa Field will be thrown open to the students and the last opportunity given to view the Iowa eleven in the finishing signal practice before the Illinois game.

No scrimmage will be allowed but it is probable that the scrubs and freshmen will tussle with each other to furnish amusement for the students after the Varsity has run signals and practiced the defensive formation for Kirk's drop kicks. Previous to half past four the regulars will be sent through the formations not used against Wisconsin which will probably be utilized in the Illinois game.

Tomorrow the squad will board the Interurban car at 4 o'clock and go to Coralville to practice on the ball diamond near the station. The field is out in the country free from spying eyes and the games of "three deep," etc., will be played as a diversion.

#### Killed Last Rabbit

Last night before the practice a hunt was established for the remaining rabbit on Iowa Field and after a thorough search Morey Kent unearthed the last of the hoodoo members at the north end of the field. Coach Catlin shot the cotton tail as it sped down the hillside. It turned three times in the air and Trainer O'Brien immediately interpreted that as meaning that Iowa would score as many touchdowns against the Illini.

A thorough search was made all over the field and every means taken to shake the hoodoo. The players crawled beneath the stands and stamped on every tuft of dry grass where a rabbit might be concealed.

Trainer O'Brien after the killing took the rabbit to the gridiron and there each player touched the left hind foot of the creature while it was still warm. This was considered as a sure sign of victory over Illinois next Saturday. The carcass was hung on the wire fence, emblematic of Illinois' fate.

After the rabbit incident the regulars proceeded to mow down the freshmen and the last scrimmage.

It has been definitely announced that everybody will be COME OUT given a chance to TODAY come out today and see the finishing touches put on the football team for the Illinois game. Show that you are a "live one." Come out and get your voice in shape for Saturday and give the team the impetus that will carry them victorious to the end of the schedule. Let us gather on Iowa field and have a true showing of Iowa spirit with cheers for every man that is game enough to go out and practice night after night whether he makes the varsity or not.

A victory over Illinois will give the highest rank to Iowa that it has had since 1900. If you do not take advantage of every opportunity to encourage the team, you have no reason to be glad or sorry at the success or failure of the team.

In a recent issue the Daily Princetonian, the student daily joint of Princeton University, gave an extended account of a joint musical concert by the Princeton and Cornell musical clubs. The concert was held in Ithaca and enjoyed a large and appreciative audience. The numbers of the program consisted mainly of football and popular songs of both colleges. Why can we not have something of this kind at "Iowa?" We have two excellent glee clubs, a choral society, and plenty of musical talent. Let us get in line with the movement of the eastern universities and have a musical with Illinois or some of our neighboring colleges or universities before a football game or inter-collegiate contest. Joint concerts would serve to strengthen the friendly relations between the various colleges and universities and to establish a closer bond between the individual students of the various institutions.

**NOTICE TO STUDENTS**—All freshman, sophomore, unclassified, and special students who have not been notified as to who their advisers are, will kindly leave their names at the Registrar's office at once. C. C. NUTTING, Chairman Central Group of Student Advisers.

## OPEN PRACTICE IS SCHEDULED TODAY

(Continued from page one)

image before the Illinois game took place. No account of the touchdowns was kept but the Varsity with Murphy at left half ripped through the first year men with a fierceness and ginger which augurs well for the game with the Illini. Knowlton was kept out of the lineup because of his sore ankle.

The Varsity backfield did great work and the line was a stone-wall against the assaults of the freshmen backs. During the scrimmage quarterback Boggs of the freshmen eleven was hit on the head and momentarily dazed so that he could not call signals. He was removed from the game and recovered soon after.

Last night the last indoor work was taken in the gym and behind closed doors the men ran through the plays which are intended to sweep the Illini to defeat.

**Probably No Mass Meeting**  
In all probability there will be no mass meeting of any kind Friday night. Last night no members of the board were to be found for definite announcement and Coach Catlin said that he thought there would be none this week.

**News From Champaign**  
CHAMPAIGN, Ill., Nov. 6.—Special.—The Varsity worked out well against the freshmen last night, the new plays going off smoothly and the defense holding well against the attacks of the youngsters. "Jimmy" Cook, who saw Iowa play Wisconsin, gave a talk to the men on the dangers of overconfidence, which the coaches fear more than anything else in the approaching contest. The work for the week will end by a scrimmage practice tomorrow against the freshmen. All the regulars are in good shape ready to put up the fight of their lives if necessary to take the game away from the strong Hawkeye eleven.

**What Hutchins Says**  
In an interview printed in the Daily Cardinal of Wisconsin, Hutchins spoke as follows of the game last Saturday:  
"Iowa has just as good a team as Illinois, their defense is as strong, and except in kicking, their offense is stronger. Wisconsin in defeating them showed conclusively that improvement has been made during the past week."

**Epsilon Tau Holds Initiation**  
Epsilon Tau, the senior girls' honorary society, held initiation last night at the home of Edith Ball. The following members initiated: Ruth Gallaher, Rose Hooley, Ila Knerr, Bertha Sparks, Denorah Skinner, Maizie Mortland, Katharine Green, Hilda Broderson, Marguerite Moore and Gertrude Dennis.

**Junior Laws Begin Practice Court**  
Tuesday began for the Junior Laws their first practice court of the year. Prof. L. M. Byers presided. There were a number of very perplexing cases. Appeals from this can be taken to the supreme court.

**The Engineers Will Organize**  
Coach Schroeder is organizing a basket ball team, among the Engineers, which will play in the University League.

**WANTED**—Position as stenographer by student. I own a machine, will do piece work. Johnson Phone 173. 15 E Prentiss.

## PRESIDENT MAC LEAN SPEAKS AT BOONE

Will also Attend Board of Educational Examiners at Capital

President George E. MacLean goes to Boone tonight, where he will deliver an address at the graduating exercises of the Eleanor Moore Hospital Training School for Nurses. The last of the week he will attend the meeting of state board of educational examiners in Des Moines.

**Lecture For The Laws**  
The Marshall Law Society will have a lecture Friday evening, open to all students of the University without charges. The program follows at 8:00 p. m.

**Music**  
Lecture—"Benjamin Disraeli, Jurist and Novelist", Dean C. N. Gregory.

**University Choral Society Tonight**  
The regular rehearsal of the Choral Society will be held this evening in the Science Hall auditorium at seven o'clock. "It is hoped that all members will be present," said Director Cox yesterday.

## China :: Lamps Glassware

These are three lines of merchandise most largely drawn from in the selection of Wedding Gifts.

For the autumnal wedding we have a personally selected array of the season's best productions, exclusive, distinctive, artistic, as you would expect to find.

If there is any difference in price as compared with what is asked for ordinary, inexpertly selected wares, your good sense will determine the reason at a glance.

We preach comparisons because we benefit by them.

## --particular young fellows

gather at Willner's for the latest style news just as the women of Chicago turn to Marshall Field's. They well know that with our New York and Chicago connections we are constantly on the alert to reach out and snap up any clever innovation that will catch the young chap's fancy—and they likewise know we will have nothing to do with any style that hasn't the right sort of quality and workmanship back of it.

—proper suits and overcoats for the young bloods are here in abundance—\$10 to \$30. —dapper "Special" brown derby and soft silver gray hats \$3.

—goldenrod and wood violet shades in neckties . . . . . 50 cents —athletic goods of all descriptions

## Olympian Restaurant

## \$100 REWARD!

The Olympian Restaurant is undergoing important alterations, and Landlord Constantine rejoices at the approach of their completion.

He will inaugurate then a system of full meals at 20, 25 and 30 cents. These will include soup, meats, vegetables, bread, butter and coffee, and dessert. These meals will be first-class. He will also feature in his fine new restaurant, feasts for banquets, wedding and dance parties, etc., and he will give ONE HUNDRED DOLLARS REWARD to anybody finding better service in that line than he gives—anywhere in Iowa.

This Restaurant has recently added a marvelous piece of mechanism—a Dish Washer which cleanses 4000 dishes per hour, placing the Olympian in the lead of competitors.
