BIG MASS MEETING FOR ILLINOIS GAME

Every Loyal Supporter of
Old Gold Should Attend

Mark Catlin, John Griffith, and
"Tommy" O'Brien Will Ad-
dress Tonight's Meeting

The biggest and best mass
meeting of the year will be
held in the Hall of Natural Sci-
ences this evening at 6:45.

Illinois must be defeated and
the enthusiasm of the student
body is needed to help along the
good cause. Tonight will give
every loyal student an opportu-
nity of showing their appreciation
of the team's work so far this
year.

All the yells and songs prac-
ticed at the big Wisconsin meet-
ing will be used again tonight.

A great deal of credit is due
H. L. Heinzman for his efforts in
arranging the program. As he
says "Now is the time of all
times we should have a big mass
meeting to make up for the Wis-
consin defeat."

Professor A. G. Smith will act
as chairman of the meeting.
Judge McClain, Dr. Prentiss,
Professor S. H. Bush, Mark Cat-
lin, John Griffith, "Tommy"
O'Brien, "Cresco" White, "Chik"
Kirk, T. C. Hastings, and H. L.
Heinzman will be the speakers.

The band will be present and
lend its enthusiasm to the oc-
casion. The band boys did great
work at the last game and are
going to repeat the act tomorrow.

tional Committee On Moral
Training

The representatives of the In-
ternational Committee on Moral
Training have lately extended an
invitation to Professor E. D.
Starbuck, of the Philosophy de-
partment, to become a member
of the Advisory Council which
has been formed in the United
States. Mr. Starbuck has accept-
ed the position.

The purpose of this Interna-
tional Committee is to promote
moral training and the develop-
ment of good citizenship through
the agency of the public school.

The English committee consists
of such men as Sir Oliver Lodge,
the Right Honorable Arthur Ack-
land, the Bishop of Ripon, Prof.
M. E. Sadler and others.

Their Advisory Council in-
cludes well known peers, Bishops,
Members of Parliament, and men
from all the important schools
and colleges, and it is desirable
to secure as strong a council for
the United States.

Mr. Nicholas Murray Butler,
of Columbia University, is chair-

United States, and Clifford W.
Barnes of Lake Forest, Ill., hon-
orary secretary. A few of the

BASKETBALL LEAGUE HAS BEEN FORMED

Class Championship Contests
to Be Held

Meetings of the Classes to be
Held in Near Future—Teams
Picked by Schroeder

The class presidents of the
various colleges of the University
met yesterday afternoon and dis-
cussed the organization of a
permanent Inter-Department
Basketball League. Most of the
classes were represented and each
president seemed in favor of or-
ganizing such a league. Several
questions were discussed, among
them that of selecting the teams.
They all agreed that it was best
to let Director Schroeder pick
the players in order that the
choosing be impartial.

During the next week each of
the presidents will call a meeting
of his class. The various plans
will be discussed in detail and im-
portant matters relative to the or-
ganization of the league will be
decided upon.

On Saturday afternoon, No-
vember 16, the presidents will
meet again at the Armory.

The schedule has not been
made but the teams will be organ-
ized before Christmas and the
games will begin immediately
after the holidays.

The members of the Varsity
team will referee the games. This
will assure the teams of effi-
cient referees.

Mr. Schroeder has given a
boom to basketball in the Uni-
versity and it is hoped that the
students will give him their sup-
port in bringing about the perma-
nent organization of a regular
basketball league.

In response to the call of Mr.
Schroeder, about thirty men came
out yesterday afternoon to plan
for an engineering basketball
team. There is much good mat-
erial in sight and the prospects
are bright for a strong team to
represent the Engineering Col-
lege. Mr. Lundgren will have
charge of the squad until the try-
outs have been completed. As
soon as the team is chosen, a
captain will be elected.

Cadets Take Fast March

Yesterday the regiment was
given a sample of campaigning
by being required to take a three
mile march. The cadets crossed
the Burlington bridge and turned
south to the road running west.
After reaching a point a mile
and a half southwest of town,
Major Rorick ordered a return to
the Armory.

DEAN RUSSELL ON EDUCATION

Eminent Eastern Educator Tells
of Defects of American
Education

Dean Russell of Teachers' Col-
lege, Columbia University, spoke
yesterday to a big audience on
"Some Defects in American Ed-
ucation"

"The pre-eminent weakness in
our school system," said the
speaker, "is the tendency to dif-
ferentiate." He cited the great
number of professional schools of
all grades that have appeared in
the last twenty-five years, when
there were comparatively few be-
fore. "Another great defect," he
continued, "is the American way
of teaching." He compared this
with the German system, and
though the latter can never fit
into American conditions, the ben-
efit of the comparison was not with
the former.

The great problem of Ameri-
can education is to provide for
the large number dropping out
of school. The solution of this
is industrial education. "The
American ideal," concluded Dean
Russell, "commercially is success,
honestly if possible; if not other-
wise."

ace E. Deemer at the Sixtieth

Pickard entitled "A Retrospect

VARSITY IN GREAT SHAPE FOR ILLINI

Large Crowd Out to See
Practice Last Night

Freshmen Score Two Touch-
downs on Scrubs—Griffith
Gets in Game

Practice for the Varsity was
very light last evening, nothing
more strenuous than a rehearsal
of signals being required of them.
Straight plays, passes and tricks
were thoroughly retried, and
every play worked smoothly and
mechanically. In the absence of
Stewart, who was called to Des
Moines yesterday, Bruggeman
ran the team at quarter, and Mur-
phy continued to occupy left half
as Knowlton's ankle still bothers
him.

The large crowd of spectators
who were out to see the open
practice were treated to an ex-
hibition game between the scrubs
and the Freshmen, which resulted
in a tie, two touch-downs apiece.
In the first part of the game the
first year men showed decidedly
superior class and worked the
ball swiftly down the field. The
first touch-down resulted from a
neat play executed by Boggs and
Brockman, the former, after mak-
ing a fifteen yard run around end,
passing the ball to Brockman who
went over the goal line. Dean
scored the second five points by

**BAND WILL GIVE HOP
TO-MORROW NIGHT**

First of a Series of Informal Dances
Given by the Band

Tomorrow night the band will give its first informal hop of the year. The dance will begin at 9 o'clock and continue until 12. This is the first of a series of informal hops which the band will give during the course of the year. They are entirely distinct from the concert dances which will also be given during the year as they were last year. A special concert is also planned for the near future.

Last year no special attention was given to the dance numbers, but this year new music has been obtained and the programs have been chosen with the idea of making the selections as popular as possible. The music is of the catchy order, so popular among the students and should be very pleasing to the student body.

It rests with the student body to determine whether any more informal dances will be given. If the patronage is what it should be, the band will give a hop each month, outside of the concert dances. This is the only opportunity for the students to attend an informal University dance and the band should be well patronized.

In his third lecture, given last night, Dr. Patterson took up the constructive side of his arguments of accountancy.

He gave economy and fidelity

as the criterions of efficiency. The reason for inefficiency in corporations and government is the fact that responsibility cannot be located. The only salvation of representative government today is the establishment of responsibility."

By blackboard illustrations Dr. Patterson offered a system of logical distribution of funds with accounts classified under the headings—capital, revenue, receipts and disbursements.

Tonight Mr. Patterson will continue his talk on the profession of accountancy and the preparation necessary.

SCHOOL OF MUSIC GIVES RECITALS

Concerts Given by Musicians Well Attended

Last night the second number of the delightful musicals of the University School of Music was given in the Concert Room of the school. The same program was given both nights and was greeted by large and enthusiastic audiences. It was the first opportunity given the people of Iowa City to hear Mr. Lawton play and he more than fulfilled their expectations. He plays with a great deal of ease, his numbers being remarkable for good pedal work and fine underlying technique. His selections were all well encored. Miss Profit sang several old German and Irish folk songs. Miss Proffit has a voice of rich quality, which is under perfect control and her work showed careful study preparation. Of Mr. Cox, who accompanied both Mr. Lawton and Miss Proffit, on the violin, nothing need be said except that he played with his usual artistic touch and expression.

The program is as follows:

PROGRAM

Cesar Frank. Sonate a Major, for Piano and Violin—Mr. Cox, Mr. Lawton.

Schubert, Who is Sylvia.

Schumann, O Shining Sun.

Rubenstein, Du bist wie eine Blume—Miss Proffit.

Scriabine, Nocturne for the left hand.

Leschetizky, Arabesque.

Chopin, Impromptu F Sharp.

Brahms, Sherzo from F Minor Sonate—Mr. Lawton.

MacDowell, Thy Beaming Eyes.

Fontenailles, Obstination.

Foote, (Violin Obligato) Irish Folk Song—Miss Proffit, Mr. Cox.

Varsity in Great Shape for Illini

smashing through the line after the ball had been carried down the field on a series of bucks. The scrubs then took the ball and with varying fortune at last negotiated a touchdown, the second following shortly afterward. John Griffith played with the scrubs.
The Varsity is in fairly good condition for the big game with Illinois Saturday, despite the grueling contest of a week ago. Stewart has almost recovered from his sprained ankle, but has a good substitute in Bruggeman if he is compelled to retire. Knowlton may be unable to get into the game on account of his ankle injury, but Murphy can be relied on to make consistent gains and play a good defensive game. Carberry's finger, which was dislocated in practice last Wednesday evening, has been given proper attention by O'Brien, and will cause him little trouble. The other men are all in fine condition and anxiously waiting the opportunity to win back from Illinois the colors dropped a week ago to Wisconsin.

IOWA ALUMNUS IS ON THE PROGRAM

Dr. Doolittle, M. D. '75 Will Give a Paper
The state and local boards of health of Iowa are to have a joint session in Des Moines on November 12 and 13. The name of Dr. Emmett W. Doolittle, M. D. '75, appears upon the excellent program which has been prepared. Dr. Doolittle is vice-president of the state association of health officers and has taken an active interest in the work since its inception. Dr. Doolittle has been in active practice in Garden Grove, Iowa, for 30 years and is still hale and vigorous and in connection with Dr. W. E. Lyon, M. D. '97, is attending to the physical needs of a large and prosperous community. He has devoted his home recently to hospital purposes, there by meeting a distinct need in a part of Iowa rather remote from public hospital privileges.
In addition to his medical and surgical work, Dr. Doolittle has devoted considerable attention to the civic interest of his community. He has for a long time been president of the local board of education and lately through his efforts, the schools of Garden Grove have been brought to a high state of efficiency. The high school is a fully accredited institution and is carrying forward a four year course of study in a highly effective manner.
