BIG MASS MEETING FOR ILLINOIS GAME  
Every Loyal Supporter of Old Gold Should Attend

Mark Cellin, John Griffith, and "Tommy" O'Brien will address tonight's meeting.

The biggest and best mass meeting of the year will be held in the Hall of Natural Science this evening at 6:45.

Some must be defeated and the enthusiasm of the student body is needed to help along the good cause. Tonight will give every loyal student an opportunity of showing their appreciation of the team's work so far this year.

All the yells and songs practiced at the Big Wisconsin meeting will be used again tonight.

A great deal of credit is due H. L. Heilman for his efforts in arranging the program. As says "There is no time in all time's historical events we should have a big mass meeting to rev up the Illini defeat."

Professor A. G. Smith will act in the capacity of chairman of the meeting. Judge McClain, Dr. Prentis, Professor S. H. Shub, Mark Cutin, John Griffith, "Tommy" O'Brien, C. Crewe, "Chili" Kirk, T. C. Hastings, and H. L. Heilman will be the speakers.

The band will be present and in full requisition. No quarter will be shown to the Illini. The boys did great work at the last game and are going to repeat the act tomorrow.

BASKETBALL LEAGUE HAS BEEN FORMED

Class Championship Contests to be Held

Meetings of the Classes to be Held in Near Future—Teams Picked by Schroeder

The class presidents of the various colleges of the University held yesterday afternoon and discussed the organization of the annual inter-department basketball League.

Most of the classes were represented and each president wanted to do anything to promote such a league. Several questions were discussed, among them that of selecting the teams. They all agreed that it was best to leave the teams to the discretion of the class presidents.

During the week each of the presidents will call a meeting of his class. The various plans will be discussed in detail and important matters relative to the organization of the league will be decided upon.

On Saturday afternoon, November 16th, the presidents will meet again at the Armory. The schedule has not been made but the teams will be organized before Christmas and the games will be played immediately after the holidays. The members of the Varsity team will referee the games. This will assure the teams of efficient referees.

Mr. Schroeder has given a Scandinavian team to the University and it is hoped that the teams will give him their support in bringing about the permanent organization of a regular basketball league.

In response to the call of Mr. Schroeder, about thirty men came out yesterday afternoon to an engineering basketball game. There is much good material in sight and the prospects are bright for a strong team to represent the Engineering College. Mr. Lundgren will have charge of the squad until the tryouts have been completed. As soon as the team is chosen, a captain will be elected.

The regular schedule will begin immediately. The contests will be held at the Armory.

DEAN RUSSELL ON EDUCATION

Eminent Eastern Educator Tells of Defects of American Education

Dean Russell of Teachers' College, Columbia University, spoke yesterday to a big audience on "Some Defects in American Education."

"The pre-eminent weakness in our school system," said the speaker, "is the tendency to differential."

He cited the great number of professional schools of all grades that have appeared in the last twenty-five years, when there were comparatively few before.

"Another great defect," he continued, "is the American way of teaching."

He compared this with the German system, and thought that the latter can never fit into American conditions; the benefit of the comparison was not with the former.

The great problem of American education is to provide for the large number dropping out of school. The solution of this is industrial education. "The American ideal," concluded Dean Russell, "commercially is success, honestly if possible; if not otherwise."

BOARD OF CURATORS MEET WEDNESDAY

Elected New Members—Other Business Transacted

At a meeting of the Board of Curators of the State Historical Society of Iowa Wednesday night the following were elected to membership:

Mr. H. E. Dow, Iowa City; Mr. Henry G. Walker, Iowa City; Iowa; Mr. J. A. Green, Stone City, Iowa; Mr. Henry John Paul, Eureka, Montana.

It was recommended that the Historical Library should be kept open every evening in the week except Sunday and Tuesday between the hours of seven and ten. Mr. Dan Ellett Clark, general library assistant, will have charge of the rooms during these hours.

The Board voted to publish the address delivered by Judge Horace E. Deemer at the Sixtieth anniversary of the University which was commemorated at Iowa City last June.

A manuscript by Dr. J. L. Pickard entitled "A Retrospect of Sixty Years" was also ordered published.

BAND WILL GIVE HOP TO-MORROW NIGHT

First of a Series of Informal Dances

Given by the Band

Tomorrow night the band will give its first informal hop of the year. The dance will begin at 8 o'clock and continue until 11. This is the first of a series of informal hops which the band will give during the course of the year. They are entirely distinct from the concert dances which will also be given during the year as they were last year. A special concert is also planned for the near future.

Last year no special attention was given to the dance numbers but this year new music has been obtained and the programs have been chosen with the idea of making the selections as popular as possible. The music is of the country order, so popular among the students and should be very pleasing to the student body.

It rests with the student body to determine whether any more informal dances will be given. If the patronage is what it should be, the band will give a hop each month, outside of the concert dances. This is the only opportunity for the students to attend an informal University dance and the band should be well patronized.

Iowa Alumni Is on the Program
Dr. Douittle M. D. 75th Will Give a Paper

The state and local boards of health of Iowa are to have a joint session in Des Moines on November 12 and 13. The name of Dr. Emmett W. Douittle, M. D. 75th, appears upon the excellent program which has been prepared. Dr. Douittle is vice president of the state association of health officers and has taken an active interest in the work since its inception. Dr. Douittle has been in active practice in Garden Groves, Iowa, for 30 years and is still hale and vigorous and in connection with Dr. W. E. Lyon, M. D. 97th, is attending to the physical needs of a large and prosperous community. He has honored his home recently with hospital privileges.

In addition to his medical and surgical work, Dr. Douittle has devoted considerable consideration to the civic interest of his community. He has been the president of the local board of education and bouncy through his efforts, the schools of Garden Groves have been brought to a high state of efficiency. The high school is splendidly maintained and is carrying forward a front a four years course of study in an efficient manner.
