SEASONE AT ASSEMBLY
Explains the Workings of Board of Auditors at Uni-

In his address at the University Assembly yesterday morning, Prof. L. Husted, secretary of the Board of Auditors, explained the object and method of the board of audit. There is a resolution of the Board of

ARRANGEMENTS FOR
BIG MILITARY BALL
Lient. Weeks Appoints Cadet Captains as Committee

Chairman Arnold Announces Sub-Committees—Probable Date in February 7th

Following the precedent of the military department for the past two years, Lieutenant Weeks has appointed the eight cadet captains of the University Regiment as a committee to have complete control over all arrangements for the military ball, the annual function of the cadets and officers of the University athletic fraternity.

The committee as named by Lieutenant Weeks is as follows: Cadet Captains Pike, Art; Conaway, Music; Cadet Captains Pilot, History; Holman, Music; Cadet Captain Beaum and Elliott. The following sub-committees are to be appointed by Chairman Arnold:

Decorations: Cadet Captains Pilot, Holman, and Chace.
Music: Cadet Captains Pike, Art, and Arnold.

The committee has charge of the arrangements for the reservation, which will follow a presentation of the Masonic faith.

SUBJECTS DISCUSSED FOR SOCIETY DEBATES

Preliminaries to be Held February Twenty-First

The committee selected by the various literary societies to confer with Professor E. R. Co- 
gard is in charge of the society debates decided upon several in- 
teresting topics. The Illuminations were represented by F. J. Cunningham, Philo- 
dena; Dr. E. E. Birch, Marshall; Laws by M. O. Congdon, and the geographical representation by O. O. Muncie, J. T. Colgrove and R. Colgrove.

The nature of selecting debaters was fully discussed and the final date for selecting them was set for December. Among the subjects discussed for the debates were the following:

DO IT NOW

Daily Iowan Subscriptions are due PAY NOW! You save 10 cents

There is no doubt, now, in our minds that we have a team which has shown DANGERS of OVER-CONFIDENCE second to none in the west, and there never was doubt in the minds of the most of us. But there is another team in Iowa that has shown another. Ames has the best team in the history of that institution and can be rolled on to fight hard under all circumstances. Iowa must go to Ames. We will be in the presence of the most formidable rooting in all the west. Every one here has heard of Claye Williams and some of us have seen him play. There can be no doubt that they will be coached and trained to the utmost. Whatever can be said of lack of confidence there is no doubt that they have trained so that the same caliber meet, defeat is impossible due to over-confidence than any thing else. The Aggies came on to Iowa field over-con- fident. They left it completely defeated. During the second half they were dazed and Iowa made two touchdowns once carry- ing the ball the distance of the field without losing possession of the ball. This is what often hap- pens to an over-confident team. While there is no single loyal Iowa student who thinks the Aggies can possibly defeat us, the whole team as a team will have to play all the football and the best football that they know how. Every Iowa student knows that the game has got the price or the enthusiasm and has got to be at the Ames gridiron on Saturday, and it is the best rooting he knows how.

Football Game Saturday

Next Saturday morning the Senior engineers will engage in a battle royal with the Special Section for supremacy in the real work of football. Both teams are well organized and are in-
dulging in some very aggressive practice this week. The senior band will give numerous selec-
tions during the game, and this one feature alone is well worth going to hear. The game will be called at 3:00 p. m.

Alumni at Hamstone

At Hamstone, Iowa, the University is well represented by Mr. E. F. Kelso, A. A. who for some years has been a successful member of the public schools. Mr. Kelso has devoted his best energies to the educational interests of the community and is just now having the satisfaction of witnessing the erection of a free new public school building which is to be supplied with all of the modern school equipment. The school will do credit in the near future. Mr. Kelso is ably assisted in the high school by Miss Margaret Bullock.

In Hamstone, also, is located Dr. Robert K. Arnold, M. D. 37. Dr. Arnold went directly from the University to Hamstone where he has been in practice ever since. He has a fine home and his house is falling in as pleasant places as could be expected of an active physician in a country town.

Professors Write Articles

The volume of the Proceedings of the Iowa Park Association for the year 1908, has been printed, and contains papers by Professors Ensign, Wiley, and Shumway, and interesting and beautiful views illustrating the University campus.

HIGH SCHOOL DEBATE
PELLA'S TEAM

Jas. Ver Hey
Tessie Klein
Harry De Riek.

One of the problems of the high School Debating League is to show to the audience high school. One such school was in the League last year but proved no such problem, for it was strong, notwithstanding the fact that the number of students was the smallest in the season. That the town of Pella has a third high school is proved from the fact that it developed a first-class team of debaters. They defended and defeated the team from Okoboji. This achievement makes them as a capable but the fact that Washington later defeated them is no disgrace since it took the winners of the championship of the district on the holt at Washington. The young men are now scattered but all are going to have college education. James Ver Hey will enter Ames this winter. Harry De Riek has taken up work at Central College. Tessie Klein is here in the University and active in public speaking work.
