SOPHOMORE PARTY
MAKING HEADWAY

Refresments will be Served in Three Divisions

Chief Electrical Display Will be a Huge Design: Music Committee Still Negotiating

Arrangements for Sophomore Cotillion are rapidly making headway. The committee has decided that it shall be a "red" party. A great many red lights will be used in the decorations and the favor will be in the color.

It has also decided to have recitations in three divisions. At each of these divisions one-third of the guests will be served. This will do away with long delays, as the guests standing around the corners waiting two or three dances before they can secure places at a table. The supper room will be decorated in a forest scene and will be one of the artistic centers of the decorations.

The chief electrical display will be a dozen of red globes in harmony with the "red" effect.

The music committee is still working and is making good progress. They have several in view but are desirous of making a wide selection—better they are not hurrying the matter. It is certain that the grand march will start promptly at 8:30.

The Cotillion is the first formal social event before the holidays and the indications are that many last will be given. The laboratories being built up and altogether it may be expected that Elks will send out the universally some well prepared material.

Manual Training Installed

At Ottumwa, Iowa, the work in natural science is being greatly stimulated under the direction of Miss Mild A. Brown, L. A. '91. Miss Brown has charge of botany and zoology. The work appears to be attracting much interest. Miss Florence Odell, '97, is also in the Ottumwa high school teaching botany and zoology. The work appears to be attracting much interest.

The amount of material clinical treated in the year 1906-7 was individually 1,400, and this year if the increase thus far is anything of an indication, the number will exceed 2,000 and likely reach 3,000.

These figures speak loudly for the work of the Dental College and for the men with the "pulp.

Pharmacy Students to Have Ball

The students of the Pharmacy School have issued invitations to a ball which will be given by them at Majestic Hall Saturday evening, November 15.

Every Man in Condition and O'Brien Says No Danger of

Sclerosis—Weights

The development of speed will be the aim of Coach Catlin for the next week in training the Varsity eleven. All the plays that will be used against Ames have now been tried out and the proper formations developed for their execution, and from now on the one object is to instill finish and accuracy into the movements of the men.

Special attention is being given this week to defensive playing, particularly the running back of punts and tackling in the open field. Then men were lined up in couples and sent down the field under long spirals off the toe of Maurice Kent, and several back field players received the ball and ran it back with interference.

Mr. Weeks has chuckled to the idea of removing the weakness found in the name forms in the Wisconsin contest, and in a lesser degree to the Illinois players' attacks because the Illinois players are very few this season, and special pains are being taken now to strengthen them again.

In conclusion this week has been faster and productive of better results than for many weeks. O'Brien has trained his men so do not look back over men's

Miss Eggert, Plaintiff.
Following are the facts of the case:
Miss Eggert presented the de-
cent with her pet cat, Thomas,
as a birthday gift and in attempt-
to deliver Thomas, was seri-
ously injured by falling over an
unprotected stairway in the de-
cendant's office. So she alleges
deliberate in the excitement resul-
ting from the resistance of the un-
will ingness man.
Defendant denies these allega-
tions and answers that the plain-
tiff was injured by her own neg-
ligence in the excitement result-
ing from the resistance of the un-
will ingness man.

The Freshmen Oratorial Contest will be held March 11. It is open to all freshmen students in any college of the University. But no student shall have an opportunity to speak more than once in one year in any college. It must be understood that the contest is classified and unclassified.

Those wanting to enter the contest should see Professor R. E. Gordon, head of the Department of Public Speaking, as soon as possible. The orations must be completed and in the hands of the department by the eleventh of February. Professor Gordon is willing to assist anyone in regard to material and the fundamental principles of the work.

Eight or ten men have already commenced material for the contest. It is a notable fact that all the previous contestants have made excellent records in the school and that any student has a fine opportunity of making good.

This year's contest is the fifth of its kind. The first contest was held in 1904. At this time Dave Goodwin was the head of the course, and carried forward courses in every way. A. Crawford, William Curbery and Evan S. B. were among the successful contestants.

The orations must not be more than 300 words in length. Each of the orations will be submitted to an impartial committee and the six or seven will be selected for the contest. They are judged in regard to thought and composition.
