HEIDELBERG AND ITS UNIVERSITY

Some Interesting Phases of Great Foreign Institution.

Student Life and Customs of the German Universities as Seen by Professor Flum

BY PROF. H. O. FLUM

Heidelberg is an interesting university town. It is situated on the Neckar, a branch of the Rhine, and is squeezed into a narrow little valley just where the foothills of the Hartz mountains begin. The old castle, one of the most graceful and picturesque structures, stands on one of the smaller hills just over the town, and is still standing as well as picturesque. The effects of its long siege are still in evidence; the side away from the town lies in most part where it fell when the keep was blown up by the general of Louis fourteen in 1869 when the town came under French control.

The old castle, one of the most graceful and picturesque structures, stands on one of the smaller hills just over the town, and is still standing as well as picturesque. The effects of its long siege are still in evidence; the side away from the town lies in most part where it fell when the keep was blown up by the general of Louis fourteen in 1869 when the town came under French control.

This unfortunate circumstance has delayed the operation of the University union, for it is hard to conceive the injury to our prospects of defense. The unfortunate circumstance has delayed the operation of the University union, for it is hard to conceive the injury to our prospects of defense.

The mayor's present at the rehearsals to such colleges to report on the progress of the Department of education.

"The self as an instrument of education is making the most important work along the line of his field. The donation of the large collection of letters and papers of the Head of the Department of history to the University of Iowa was accepted and the Wilcox trustees room of the Hall of liberal arts was flourished. The University of Iowa union, the illumination and the guarding cloister. The Cedar Rapids floor is so small that long passes were impossible, but considering the condition the games were really fast. A return game will be played here next Saturday evening in the University Armory.

Anticipatory to putting a damper on Chicago's western championship aspirations, practice is being held every day now and special pains taken by Mrs. Marie Whitney to make the men more accurate in their goal-throwing. Team work and passing has been developed now to a high degree, but a little uncertainty regarding the position of the back is yet re- mains. Captain Buckner and Randall are the most successful in scoring; and both have height to aid them. O'Brien is taking good care of every man, uphol- 1897.

TEAM WORK OF VARSITY GOOD

SCHROEDER CRITICIZES PLAYING AT CEDAR RAPIDS

Men Most Develop Greater Ac- curacy, Random Changes Game Next Week

"Excellent in team work but poor in basket-throwing" is Coach Schroeder's opinion of the showing made by the mens basketball team in its game last Saturday night with the Cedar Rapids Y. M. C. A. The game resulted in a one sided victory for Iowa, but Schroeder, with a critical eye upon his men at every part of the game, picked out the flaws that must be remedied before the Hawkeyes meet the University of Chicago, in the home next floor.

Perrine and Stewart at for- ward and Captain Buckner and Mayor's at guard was the opening line-up. In the second half Norton was substituted for Perrine, and Brown for Mayor's. With the latter line-up the passing was bet- ter and the guarding cloister. The Cedar Rapids floor is so small that long passes were impossible, but considering the condition the game was really fast. A return game will be played here next Saturday evening in the University Armory.
