to the public. The Chicago Regiment of the University, the Register and Leader, Kansas City Journal, Cedar Rapids Record, the Missouri Observer, and eight of the state papers, are on the files. It is the purpose of the Reading, Room Committee to procure a paper from each town, from which a number of students are in attendance at the University.

The alumni of the University have been very generous in placing the Y. M. C. A. reading room on their lists. The financial changes have been turned over to this rapidly increasing reading room. Thus it is possible for the Association to offer a splendidly equipped news center to the student body.
