ACTION REGARDING ANES POSTPONED

Board Leaves Decision Until Today or Tomorrow

Meeting Last Night Lasted Over An Hour—Two More Games for Freshmen Team

No action in regard to severing athletic relations with Ames was taken at last night's meeting of the Athletic Board of Control. However, owing to the fact that Manager Mark Collins will necessarily be instructed before leaving for Marshalltown to arrange the baseball schedule Saturday, a postponement of the supposed decision action will be taken within forty eight hours.

STARKLING RUMOR REGARDING ANES MAN

Report Current That Wil- lert was Ineligible

It is said that Aggie Fullback Played Two Years at Grinn- eindhoven Before Entering Ames

A startling rumor has gained circulation in Iowa City that a revelation has been made at Grinnell concerning the record of Odd" Willett, alleging that the latter man had attended school in the fall of 1902, was a member of the Scarlet and Black when a College Freshman. This made him, under the rules, ineligible to play on the football team in the eleven last fall, as it is claimed.

In some quarters it is said that Trainer Jack Watcher was at Grinnell at the time Willett was playing so that the eligibility of the former Regent would have not existed this year without the knowledge of the Ames authorities.

According to the story which has been circulating in the Iowa City, Willett played on the Grinnell football team in the fall of 1902 and later on the baseball team, both the spring of his freshman collegiate year and the following spring. It is understood that T. E. Archer was selected for Ames the next year and played on the baseball team for three seasons, this reason making prudently his sixth in Iowa collegiate circles.

Similar statements from Grinnell and Ames are awaited with intense interest, as the development of this matter will undoubtedly have great weight in determining future re- lations between Iowa and Ames.

The office, however, from the con- cluded and somewhat hasty report of circulation, is fated to be serious.

Dr. Albert at Assembly

Dr. Henry Albert, Professor of Pathology and Bacteriology, and Director of the Iowa State Board of Health Hygienic Laboratory, delivered the address before the Assembly yesterday morning. Dr. Albert gave a brief review of the work of the Bacteriological Lab- oratory and its importance in connection with the State Board of Health. He also dwelt at some length on the work of the Board of Health in the prevention of contagious and infectious diseases.
