ATHLETIC RELATIONS WITH AMES SEVERED

Board Took Action After Long Discussion

Willie Carter The Cause and Not the Reppert-Kirk Incident—Student Opinion

Athletic relations in all branches of sports was dropped yesterday by the Iowa Board of Athletic Control as a special meeting held Friday afternoon at that body’s office in the Old Capitol Hotel. The cause of the drastic measures was Ames’ ignominious violation of all high athletic principles. As a result, the Ames football eleven was expelled from the Big Ten conference and forced to vacate the Iowa Athletic Association for the indefinite future.

The following statement was made by Chas. H. Smith, of the Board: “The breaking of athletic relations with the Iowa Athletic Association has been caused by the fact that the Iowa Management has not had knowledge of the eligibility of a member of the football eleven who was admitted to the Ames team. As a result of the Ames eleven’s actions, the Iowa Management must have decided that a member of the football eleven belonging to the Ames eleven was ineligible for the Iowa Association. Thereupon, the Iowa Management has taken the drastic measures against the Ames eleven to prevent the maintenance of any further relations between the Iowa and Ames associations. This is the only way in which the Iowa Management can be sure that Ames will not be in violation of the rules of the Iowa Athletic Association again. In this way, the Iowa Management has taken the necessary steps to prevent the maintenance of any further relations between the Iowa and Ames associations.”

Iowa-Ames Relations

In regard to severing athletic relations with Ames, a question that might well be asked is, "Can we afford to do it?" Enthusiasm and college spirit has never before been at so high a pitch here as it is at the present time. For the good of the University this spirit is something; that wants be encouraged and kept up, and everybody knows that one way of doing it is by having more spirit and partisanship than all the other athletic contests put together. It is watched with eager interest by the people and press of the whole state.

No one will deny that Ames has a strong team, worthy of any eleven when she plays in an honorable way; but there is hardly a student in the University who feels but what we can beat them when we get a fair and square deal. So, for the purpose of keeping up our college spirit, if for nothing else, we should not drop our relations with Ames.

Of course, in dropping them, Iowa is reopening Ames for the unfair Willett incident, and is standing up for her principles, custom of doing everything on the square.

This thought of this last game is not going to be a pleasant one to look back upon if Ames' athletic relations are severed. So, for this reason we should give Ames another chance, look toward her, and, if she ever again uses any of her underhand methods, then drop her, and drop her for good.
