The new wing of the University hospital was formally opened to the reception of patients on Monday. Some time ago it was announced that the new wing would be opened during the holiday vacation, but adverse circumstances prevented the successful conclusion of this plan.

In external appearance the new wing is similar in design to the old wing; and in fact the old wing is devoted to the various branches of the hospital, the new wing being three stories. The building materials to arrive prevented a previous occupancy.

In internal appearance the new wing is devoted to the various branches of efficiency that has been such a feature of vacation in Ann Arbor. Monday and yesterday, the number of dinners was increased by the returning students. About one hundred were served Monday evening. The dining room was gaily decorated for Christmas and New Year's. The service was made all the more attractive by the new chafing dishes that arrived during the vacation. All the dishes are decorated with the University colors and the monogram "M. L."

Last Friday afternoon the delegates of the Zeta Psi fraternity, of which was the meeting in Detroit, and members of the faculty were served with a banquet, after a reception. The delegates attending the conference of the Association of American Universities tomorrow will take luncheon at the clubhouse.

Many University students always remain in Iowa City during the holidays because of necessity or otherwise. An Iowa Union clubhouse would be an admirable place for those students to congregate and make merry during the long holiday interval. It would also be of great benefit during vacation time.

History Society Elects

At the last meeting of the Board of Curators Hon. John F. Dillon, of New York City, at the time a lawyer in the Law College of the University, was elected a member of the Board, and a member of the State Historical Society of Iowa. Mr. Dillon was formerly a member of the house of Representatives in the National Congress.

Polygamist Meeting

Polygamist was entertained at the Tri Delta house last night by the Illinois Fraternity of the same name, members, and active members of the society.

FINE PROGRAM FOR UNIVERSITY DINNER

Greater University Committee Makes Arrangements

Will Have System of Ticket Selling to Start Tomorrow

State Clubs to Rally

With the singing of the class club between courses the reports of the county clubs by the speakers, and their programs of speakers composed of W. R. Boyd of the Cedar Rapids Republican, of the College of Law, and Miss Josephine Lynch, the University, dinner is to be held Saturday night at 6 o'clock in the Armory promises to be a great success.

Arrangements were made by the Greater University Committee last night for the above program and in addition a plan for announcement of sale of tickets Thursday morning in the different buildings was made.

The adoption of the slogan—Always for Iowa—details complete confirmation of an arrangement that the dinner would not interfere with students who have arranged to see "The Flower of Ranch." The provision for state clubs being seated at the tables as well as the county clubs; the appointment of a sub-committee to investigate the uniform system of county club organization; writing for information on permanent organization of Greater Des Moines committee; the correction by an announcement of the wrong date printed on the ticket being sold, were other items of business discussed and acted on by the committee which meets again Thursday in the Capitol building at 6:45.

Change in Military Ball

It is highly probable that the Military ball will not close at the regulation hour but be continued until one o'clock. This will be taken up by the University Senate today. The change is made to accommodate those who want to attend the 'Red Mill' and the Military Ball both.

WHAT WAS ACCOMPLISHED

Cabinet announcement of dinner and plans of sale of tickets in different buildings was morning meeting proceeded.

Arranged program for dinner Friday night.

Sit 11 o'clock at dinner at 6 o'clock to sit as far to rest an a social engagement.

Sub-committee appointed on ways and means of raising money to the greater University committee.

Adopted slogan "Always for Iowa."
Probably an speaker in the weekly University assembly over Dr. Prichett's head, also:

SPLASHED AMEND WORDS to the attention of the student body as Dr. H. R. Prichett, who spoke yesterday morning. In the first place, the student body turned out in fine shape. They did this because the Iowa student body is intelligent enough to take a keen interest in things really worth while and because the Iowa student body has the spirit of the "Iowa spirit" stand well in the eyes of a big man, Dr. Prichett.

And the talk that Dr. Prichett gave at the assembly was something that struck home. It was given, just as the speaker stated, in the manner of an old education to students, and this simple scholarly consciousness and forcibleness of all make the occasion think. Dr. Prichett discussed an old subject, American efficiency as compared with European efficiency, but he presented it in a remarkable, new and striking light. It wasn't a mass of generalities that merely sounded like.

There was common sense, and it was based on the conviction of American conditions that run all through it. It made his listeners think and keep on thinking after the address was over. A student has written about Dr. Prichett's informal talk since Tuesday morning. And that certainly proves that the speaker appealed most forcibly to the student body.

It was primarily a tale for college men and women who are to take a broad interest in our country's future developments.

Dr. Prichett's address surely contained the active force of a big and important idea in our midst. We think him sincerely:

A substantial boost for the Crusade for Peace.

And the boost was given during the holidays by that friendly papers of the state, the Cedar Rapids Republican, in the following editorial: "Great University Campaign."

"Last week in all portions of Iowa the Crusade for Peace was announced by the friendly papers of the state, the Cedar Rapids Republican, in the following editorial: "Great University Campaign."
