BISHOP MORRISON

AT VESPER SERVICE

Noted Episcopalian Addressed

as Large Audience

Subject Was "The Grounds of Religious Assurance" — Good Program of Music

A large audience listened to the address by the Rev. James D. Morrison, Bishop of Ohio, at the University's Vesper Service last Tuesday afternoon on "The Grounds of Religious Assurance." In his sermon the speaker held forth that people rely upon the statements of others because of their religion. For scientific facts are accepted against the evidence of people's own senses, such as the phenomena of day and night and the rotation of the earth. Again, certain scientific conclusions are drawn away from first to new and theory and theorems accepted. "But not once in all these nineteen hundred years has the Master's word become obsolete." The musical numbers on the program were excellent. Dr. Morrison spoke at the Episcopal Church on Saturday morning and was entertained by the Rectory. Dr. W. D. Williams.

Humanities Society Meets

The Humanist Society met last night at the "home of" Prof. F. C. Eastman. The chief speaker of the evening was Prof. D. W. Washburn, whose address was "What is Religion." After outlining the directions of humanism, Dr. Washburn showed how the events of his career gave rise to certain absurds, which were real. "Michael Angelo's version of a soul is obscure even after studying often when defective in grammar and expression in conception. In spite of this, it is an answer of the greatest man of the 16th century," said Prof. Washburn. Min Voss and Prof. Paton were also on the program for the evening, the former speaking on "The Valga; Religion After Meaning Yes" and "No," and the latter the speaker of the Italian-French composer, Luini.

Dents Win at Basketball

Saturday the basketball teams of the State College played a game with the team from Iowa at that place, winning the score of 26 to 6. The game was an interesting fight, and the final score completed their outstanding efforts, all through the game, as the score tells. Choral Society Meets Thursday

The Choral Society will meet this week at the accustomed place in Thursday evening from 2:00 to 3:15.

**NEW RESTAURANT**

The Interurban Restaurant

One hour west of the Saturday evening will be the last chance to have dinner at the hotel for the season. Prof. F. R. Bolton, Director of the School of Recreation in the University, has been invited to deliver a course of three lectures at the University of Illinois sometime in the near future. Professors Bolton will probably base his lectures upon "Modern Developments in International Organization." Professor Bolton also has plans for engagements for thirty lectures in teachers' institutes in Illinois and states west of Illinois. These lectures will deal with "Child Study and International Education." Professor Bolton will also deliver a course of nine lectures before the Clinton County institute next summer.

**IRVING OFFICERS WERE APPOINTED**

President Myers chooses five for term.

At business meeting of Irving Institute held after the program Friday the following members were appointed: Music, Brown program; Brass, percussion, literature, criticism, Gordon Fets, orchestra; auditing committees, C. L. Updegraff; Boy's Braving, Ray, and Ignatz, Thomas, Garrett.

**Good High School at Ocheyon**

In the high school at Ocheyon, Iowa, the University is well represented. Mr. A. J. Metzbower is the superintendent, who has his bachelor's degree from Princeton, is a great state student of the University. A. H. Wil, is doing efficient service in Latin, and Miss Edna Beason, A. B. W., has work in science and mathematics. The other teachers are all college graduates and it is scarcely necessary to say that educational conditions in Ocheyon are unusual. The school is large, numbering about 125, the building is new and well equipped, the spirit among the students is fine and it seems as though the educational situation is extremely satisfactory. Not only from the standpoint of the University but more important from the standpoint of the band, the community.

**BOLTON TO GIVE MANY LECTURES**

Popular Educator in Demand For Institutions

Prof. F. R. Bolton, Director of the School of Recreation in the University, has been invited to deliver a course of three lectures at the University of Illinois sometime in the near future. Professors Bolton will probably base his lectures upon "Modern Developments in International Organization."
