SPLENDID FEATURES OF COLLEGE ANNUAL

Missouri To-Night

N.O.L. PRELIMINARY CONTEST
Will be Held Tomorrow Night in Auditorium—Special Program

The fourteenth annual Northern Oratorical League preliminary will be held tomorrow evening in the Auditorium. This meeting will be one of the most important of all the foregoing contests and a note will be held in the future. The fact that the final will be held here May 15 makes it important that Iowa should do its best, in order to give the contestants the best possible chance everyone should lend their support and enthusiasm by attending," said a loyal debating fan yesterday.

Besides the orations of the six contestants a short program will be held in connection. Miss Hope Bidder gives a vocal solo, Miss Denton an instrumental number and Miss Pearl Bennett of Iowa will give a piano solo.

One of the interesting features of the occasion will be the presentation of the George E. MacLean prize of twenty-five dollars to the winner of the preliminary. In 1906, Fred. J. Cunningham was winner of the preliminary and in 1907, W.L. Myers. The next sole has come under the presidency and it is thought that there will be a larger crowd than at the Inter-State Debate. The contest has been held within the reach of every student.

COACHES TO PLAY FREEMEN TEAM

Special Curtain Raiser Tonight at Home

A special feature of the Iowa Missouri ball game tonight will be the curtain raiser to be played between the fire coaches, and the freemen team, in which Mark Cartin, Maurice Tomn, Jimmy O'Brien, John H. Grillat and Earnest Schurman will play the fire company aggregation.

The lineup of the freemen will probably include Ryden Wallace, Hyland, MacDonald and Stockman. It is expected that the struggle between the two teams will be a close one.

The tickets for the basket ball game tonight will be on sale at the gym throughout the day.

Newman Society Met

The Newman Society held its business meeting in K. O. C. Hall Tuesday evening. Among the many plans for the entertainment, which will be held on February 15, is a Masonic Lecture Course. The Shawneetaw Concert Co. will give the fourth number of the University Lecture Course Monday evening, Feb. 10th.

COUNTY FAIR TO BE LARGER AND BETTER

Y. W. C. A. Making Great Plans for Annual Benefit

Names of Committee in Charge Given—Gymnasium to be Used This Year

Preparations for the Johnson County Fair being held in good earnest as the event takes place February 15, and it is thought that this will be the largest of its kind ever held here.

Last year the first floor of the University Armory was nearly completely accommodated to the great crowd, so this year there will be attractions on the second and third floors also.

The Fair is in the hands of the social committee of the Y. W. C. A., composed of Alice Swaider, Edith Hall, Jap. Campbell, Jessica Don Carlos, Leta Turner, Maude Gross, Janet Kemmett, Elizabeth Meacham, Ina Knows, Jessie Lackey, Stella Neborg, Lillie Brosnka, Demora Skinner, and Irene Tavke. This committee, with the assistance of Miss Lins, the Y. W. V. President, and Miss Gilchrist, the general secretary, have complete charge of the Fair.

The Glo Club and the University Band will both assist at the fair, and the University Drama Club will take charge of one of the attractions.

Four quartermaster plans are being made for Monday at present and they are sure to have some novel and clever ideas.

The Zeta and Heps again will have charge of the Big Circus and Zoo of which they made such a tremendous success last year.

Supper will be served at lunch counters in true fair style, and excellent homemade pies, cakes, cookies and doughnuts will be on sale.

Remember the date, February 15, and come out and help make the "County Fair’s" grand suc-

"Always for Iowa, you know." an unforgetable Y. W. G. girl yesterday.

Hoth Elected Captain

Louie Hoth was elected captain of the Senior baseball team at its last meeting.

Lecture Course Number

The Shawneetaw Concert Co. will give the fourth number of the University Lecture Course Monday evening, Feb. 10th.

HOSPERIANS TO GIVE FAREWELL

Annual Freshmen Production Tomorrow Night—Cost of Characters Given

The Heperian Literary Society will give their annual freshman fare Saturday evening in Irving Hall. The following is the cast of characters for both parts of the program.

"THE SPRINGTIME'S CONVENTION"

TWO SCHOOLS STILL ON DOUBTFUL LIST
Illinois And Purdue Have Not Decided On Schedule

Two Universities of the Big Eight are still on the doubtful list as regards the seven game schedule according to information received in Iowa City. Students at the other universities are wondering when the questions of the schedule will be definitely settled and they are all in a state of suspense on the matter. If the seven game proposition and high hopes are expressed on every hand that Illinois and Purdue will swing with the majority and carry the proposition by the necessary two thirds vote, it means much for Iowa if the needed vote brings the long-sought schedule and Manager Carter is anxiously awaiting the decision.

MUSICAL PROGRAM

At WEELY ASSEMBLY
Director Henry G. Cox and Mr. Lawton appear

The Assembly held in the Auditorium yesterday morning was conducted by the School Band and Minst. Prof. Henry G. Cox, accompanied by his wife, rendered one of his pleasing numbers. Mr. Ralph Lawton also favored the Assembly by an instrumental piece which was repeatedly encored.

IOWA READY FOR MISSOURI TEAM
Basket Ball Squad Rested Yesterday and Today
Perennial Lineup Uncertain Morrissey and Brown Again With the Squad

With a complete rest yesterday and today, the basket ball squad is in readiness for Missouri to-night. The game has been put through the mill in good shape the last two weeks to correct some of the faults which were noticeable in themselves in the Chicago and Grinnell games. The result is that those who attend will see one of the speediest games this evening which will be played this year.

Missouri has a very fast team this year and is preparing to make Iowa go the limit in the game. The local squad has been together for a number of years, the other members being new this year but reported to be a very fast player.

The game here is one of the first to be played on an extended trip the squad is taking through Iowa, Nebraska, Kansas and Missouri. Iowa beat them in football last fall and the basket ball squad is equally promising to take them into camp tonight.

The men are all in the best of condition and ready to go through the game. Mr. Carlin has recovered from his indisposition and is again in his old position and Brown is out again trying hard for a chance to go on the floor.

As to the line-up of the team, nothing definite has been given out by Coach Griffith. Cap. Buckner at guard and Ramsell at center are the only ones who are sure of their positions. At the other guard position Morrissey will probably be used part of the time. For the forward there are four men fighting hard for the place, Stewart, Porter, Norton and Burkeham. At present Stewart seems to have the call on one of the places while it is a toss-up between Pere and Norton for the other position. Pere may also be used to substitute Ramsell at center during part of the game.

The practice the last week has been very intensive as they have every player down to the bone. The forward line has been the one most isolated by Mr. Dooley’s best and will be awaited with interest by the student body.

DEAN WILLIAM G. RAYMOND

Dean William Galt Raymond is a native of Iowa, born at Princeton, March 4, 1869, but his early life was spent in Illinois and Illinois.

He began his college education at the University of Kansas, but after three years he again left college to acquire some practical experience in railway work. His academic training was completed at Washington University, St. Louis, where he was under the instruction of Dr. Henry S. Pritchett. He received the degree of Civil Engineer in 1894. In 1905 he was given the degree of Doctor of Laws by his Alma Mater.

He was for some time instructor of civil engineering at the University of California, and in 1912 he was called to the chair of geology, civil engineering and topographical drawing at the Remsen-Walker Geophysical Institute, Troy, N. Y., leaving that position to come to the State University of Iowa.

He was first chosen Professor of Civil Engineering and Head of the Department of Engineering in 1905, and in the spring of 1905 he was made Director of the School of Applied Science. At the time of the organization of the College of Applied Science in June, 1905, he was elected dean.

Dean Raymond was for eleven years consulting engineer for the new city water supply of Troy, N. Y., designing and partly constructing the system. As chief engineer he built the Troy and New England Railway.

Dean Raymond is a member of the American Society of Civil Engineers, Sigma Xi, Sigma Chi, the Society for the Promotion of Engineering Education, New England Water Works Association, New York Water Club, Remsen Society of Engineers, Iowa Engineering Society, Phi Kappa Psi and a Fellow of the American Society for the Advancement of Science.

He is also the author of "Plane Surveying," "Elements of Engineering," and numerous technical papers.

BUSINESS LOCALS

For Sale—Complete Law Library, including Iowa Reports, McClain's Digest Code and good set of text books. For further particulars write to W. B. Lottie, Albia, Iowa.

April there will be no more annals of Iowa, the state basketball championship last year and unless the hopes fail all wrong we have a fine chance to win first place again this spring.

The gym will be a busy place from now on until outdoor practice is started. Every Hawkeye athlete is expected to get busy because we want to do things this spring.

Irving Picture

The Irving Picture pictures will be taken this noon at 12:30 at Townsend's studio.

Townsend's for Fine Photos.

For Rent—1 furnished room, 315 E. Jefferson.

Lost—Gold watch fob. Leave at this office. 38

Aquatic Sports

I am not the first, nor am I the last, to notice the entire lack of aquatic sports in the gymnasium to racing shells on the river. The first possibility we shall have some day when the state sets its

ladies, and other aquatic contests, we should be able to grasp now. Why not? The Iowa river offers a good course over two miles of clear water. On the athletic field near the edge of the river could be found an advantageous place for the location of a boat-house and training quarters.

I voice the belief of more than one supporter of the Old Gold, and if any of you have ever seen a river crowded with boats flying the colors of competing colleges and have heard the cheers of the rowers ringing over the water as the crests come rolling hard and steadily toward the line, you will understand why the sport appeals as much as football, baseball and track.

GOVERNOR COE L. CRAWFORD

One of the University's most prominent alumni is Governor Coe L. Crawford, of South Dakota. He was born in Alton, Iowa, January 14, 1855, where he remained until he was fifteen years old. At that time he attended a partially graded school at Altonville, living with Dr. Simon H. Drake. Doctor Drake gave the boy outside instruction in Latin, Geometry, and English literature and woke in him a desire for higher education. After leaving this school Mr. Crawford taught for several years and then began the reading of law.

In 1881 he entered the State University of Iowa, receiving high honors in his classes.

Mr. Crawford has been very active in public life. He was first elected prosecuting attorney of Hughes county, South Dakota, then a member of the first legislature, and in 1892 became Attorney General of the state. In opposition to "the machine" he was elected Governor in 1906. Since his election he has done great service for South Dakota by instituting many reforms.

Mr. Crawford attended the commencement exercises here last June.

Baseball and Track Men in Meet

A special call has been made by Mark Calin for a meeting of the track and baseball men to form a team for the University. "I want every man to turn out who thinks he has ability or who thinks he may have ability," said the Coach last night. "The men will be selected who are expected to make during the coming season and a word of caution will also be spoken in regard to the necessity of good work in the class room during the winter months."
