Great University Organization to Resume Work

Questions of a Central Club House—Further Organization of County Club Scheme

After two weeks' waiting due to examinations, the Great University committee will meet tonight at 7 o'clock in the President's office and start the campaign. The committee and also the student group of the University and the county clubs will be considered.

Dr. Henry J. Frentius, one of the faculty members of the committee, has resigned his resignation and will continue to serve as president of the club.

Fred L. Deaver of Davenport has been selected by President E. M. McDowell to fill his shoes in the University library. The committee to visit Montana will work closely together.

With the new committee again complete and additions past, the committee will pursue an active policy in forming the central club house proposition, in aiding the club women to establish a definite proposition of a suitable women's dormitory and in keeping alive the campus organization which is suspiciously commenced during the holidays. All time permits the committee to act.

Many other subjects which sub-committees will report on.

Our Clinic Established

A free Medical Dispensary is to be opened in connection with the Medical Hospital, and will be conducted on Mondays, Wednesdays and Fridays of each week, from 9 o'clock to 6, on the first floor of the right wing of the hospital.

The Dispensary is an out clinic where patients are admitted and treated under the same rules that clinic patients are treated in the hospital. Under the conditions, treatment and medicine are furnished free.

This out clinic will be the charge of the regular staff of the Department of internal medicine, consisting of Drs. Herring, Van Eps and Grant. The attending service will be alternating, Dr. Gebele being the first to attend for three months. This out clinic is a new service, and it is hoped will be a boon to the needy who require medical attention.

Ottawa State and Vanderlipe will meet on the gridiron next fall.

Lafayette Young, Publisher of Des Moines Capital, to Deliver Address

At the minnow season of the University, which will be held at four o'clock, Friday, Feb. 22, degrees will be granted to thirteen candidates who have completed their University work in the last semester.

The convocation address will be delivered by the Hon. Lute Young, editor of the Des Moines Capital, who will speak on the subject of "The Panama Canal." The address is to be one of real interest, not only because Mr. Young is a regular of reputation, but because he is one of the best fitted men in the country to speak upon this subject. Mr. Young is to be received from a trip to the canal zone, and was given every opportunity to make a thorough investigation of foreign affairs, as he is in close touch with the Republican administration at Washington.
