"TWELFTH NIGHT" LAST NIGHT

Dramatic Club Play Marked Success

Shakespearian Production Was Greeted by Crowded House at the Coldren

Before a crowded house the University Dramatic Club last night presented the most successful amateur performance that has ever been staged by University talent. The presentation of "Twelfth Night" exceeded the expectations of the most enthusiastic supporters of the club and the spirit of the acting surprised even the coaches who have followed the play for months. The action of the play ran smoothly throughout and the first attempt at Shakespearian production by the Dramatic club was in every way marked by unusual success.

The personnel of the cast was in many ways the strongest that the Dramatic club has ever placed behind the footlights. The rendition of the lines was exceptional and the interpretation of character indicated unusual preparation. The progress of the play was marked by frequent laughter and applause. The comedy was well brought out and even the minor roles were made prominent by clever acting.

The choice of this comedy of Shakespeare's for presentation was shown to have been a happy one in the manner in which the cast was rounded out. There were no "stars" in the play beyond the fact that the lines gave to some characters more prominent roles. The acting of the minor parts was in every detail up to that of the leaders.

The efficient management of Arthur Strong was attested by the crowded house, the excellent costuming and the appropriate scenic setting of the play.

The cast follows:

Viola, Edith Ball
Sea Captain, William Jones
Sir Toby Bilch, Walter Stewart
Maria, Mae Kiser
Sir Andrew Aguechuls, Selskar Gunn
Duke Orsino, Clarkson Miller
Curio, James L. Oakes
Valentine, Alice Swisher
Feste, Arthur Strong
Malvolio, Harry Ivens
Olivia, Mary Helen Letts
Sebastian, Norma Coover
Antonio, Maurice Kent
Fabian, Ariel Parrish
Sailors, courtiers, officers, musicians, ladies, etc.

TO ASCEND IN A BALLOON

Special Feature of Big County Fair Benefit Tomorrow in the University Armory

A full fledged balloon ascension has been arranged as one of the crowning features of the Johnson County Fair to be held tomorrow in the University Armory. Promptly at 7:30 o'clock the huge crowd will be treated to the biggest event of the evening's performance.

This leading effort in the evening's entertainment will be widely advertised tomorrow and is expected to prove a great drawing card. The performers in this "stunt" are unknown except to the competent committee of girls who have the affair in charge. The details of the ascension are also kept pretty quiet but the news leaked out late last night. It is whispered about that the parachute leap will be especially exciting.

There will be a prize Roosevelt family in the big parade and also a great variety of moving pictures with a few choice hits on prominent characters about school. An art booth and a pennant stand, with hand painted place cards and calendars will be features.

Judge Paul St. Clair will carry off the judicial honors as the high mogul of the Kangaroo Court and will penalize various and sundry individuals for allowing themselves to be in the vicinity of the Armory without guardians, etc. The revenue from this particular source is expected to swell the coffers of the Y. W. treasury with a vengeance.

TO RESUME WORK ON ENGINEERING HALL

New Addition to be Ready in September

Work on the extension of the Engineering Building will be resumed soon and it is expected that the new addition will be ready for occupancy by the opening of school in September.

The foreman of the contracting firm has just returned from a trip in the East. In speaking of the work he said. "Work will be resumed as soon as the weather will permit. This will probably be some time in the latter part of March. The remainder of the steel is here and most of the material is here with the exception of the stone which is promised for the latter part of February. The indications are that the building will be ready in the fall."

ALL IN READINESS FOR COUNTY FAIR

Y. W. C. A. Benefit Tomorrow to be Very Snccessful

University Organizations Join in and Arrangements Are Being Rapidly Completed

Arrangements are now all practically complete for the huge Johnson County Fair tomorrow and all that remains to be done is the placing of the different booths and attractions.

The Armory will be open all day Saturday and the committees in charge of the Fair will have full possession in order to have everything in readiness for the evening.

The Fair will open promptly at 5 o'clock. A general admission fee of 10 cents will be charged at the door. Booths and arcades will be placed clear around the Armory. The different sororities will all be represented. Delta Gammas will have an ice cream booth, the Kappa Gammas, a lemonade well, the Pi Phis, "The Bachelor's Revery," and the Tri Delts, a penny arcade. The Hep-Zet circus will occupy the center of the Armory.

Everybody should come prepared for supper. The Octave Thanets will have a lunch counter in the northeast corner of the building and will serve supper from 5 to 7 o'clock in true county fair style. Home-made pies, cookies, cakes, popcorn balls, coffee, and doughnuts will be on sale. The Erodelphian girls will have a fine assortment of home-made candies in one of the booths.

Die Germania will be as much in evidence as they were last year with their cider and pretzel booth.

The minstrel show has been given the band room up stairs for its performance. This promises to be one of the main attractions.

"What promises so much for the success of our Fair," said Miss Gilchrist, general secretary of the Y. W. C. A., in an interview yesterday, "is the helping spirit shown by all the different organizations in the University. The general interest shown in all circles has been very great."

Freshmen at Pennsylvania are not permitted to leave or enter College Hall by the front entrance. Instructions of Upperclassmen tell them to use the rear and side doors.

JUNIOR PROM ARRANGEMENTS

Everything is in Readiness For The Big Formal Dance of Junior Class

The Junior Prom Committee has been very busy the past few days concluding the final arrangements for the Junior Prom. The program contract has been let and the patronesses selected so that little remains to be done to finish up the preliminary work for the class party.

The programs will be one of the unusually fine features of the party. The contract was secured by the Metcalf Stationery Company of Chicago and an artistic program is promised that will be unusually fine. The covers of these programs will be entirely distinct in color and design as compared with those of formal parties here in the past.

Another fine feature of the Prom will be the exceptional music list that has been arranged by the committee. Through the courtesy of Mr. Albert Dunkel, the committee has just received a large assortment of excellent new pieces and it has been arranged into a fine program. This music list will not be given out until its publication in the DAILY IOWAN of Sunday morning. It is hoped that this arrangement will give all an equal chance in making out their programs.

The following patronesses have been selected for the party: Mrs. G. E. MacLean, Dean Volland, Mrs. Max Mayer, Mrs. C. W. Weeks, and Mrs. Louis Haney.

MATERIAL HERE FOR PRESIDENT'S HOME

Contractor Wickam Hopes to Start Work Soon

Work on the President's House on College Hill is suspended at present, but will be resumed as soon as the weather is favorable. The present brick for the foundation has arrived and such other materials as are not already here, are expected soon. Contractor Wickam hopes to have the building completed by next October. The completed structure will cost about $18000.

Rifles Elect Officers

The Varsity Rifles held a business meeting recently and elected the civil officers for the second semester.

The election of officers resulted in the choice of the following: President, C. W. Weeks; Vice President, W. L. Schenck; Secretary, G. W. Moffitt; Treasurer, L. O. Smith.

BASKETBALL LEAGUE TO BE LAUNCHED

Director Schroeder Issues a Complete Schedule

First Game in College Scheduled to be Played One Week From Today

The series of games in the inter-department basket ball league scheduled for today and Saturday will be postponed on account of the Johnson County Fair. To avoid rearranging the entire schedule, this set will be changed to the end of the series, making the schedule close on March 21st instead of March 14th, as planned.

The first game will be next Friday evening between the Liberal Arts team and the dentists. The remainder of the schedule is given below.

The inter-department league is composed this year of teams from the faculty, the Engineers, the Liberal Arts, the Dents, the Medics, and a coach's team. The other colleges of the school did not pick a regular team, so that the contest for the department championship will be fought out by the six teams mentioned.

All of the teams have been practicing regularly for some weeks, but at present there is not much apparent difference between them. They are all playing fast ball and showing good team work.

This series will probably do more to make basketball popular here than anything which was ever attempted before. It is giving more men a chance to play on the regular organized team.

As yet only two teams have elected captains, the coaches having chosen Mark Catlin and the Faculty picked E. L. Lundgren to lead their respective teams. The other teams have chosen managers but will not pick their captains until some games have been played.

It has been decided by Coach Schroeder, who has charge of the schedule, that if any team cannot play on the appointed day or time they will be compelled to forfeit the game. The schedule was very carefully planned in order that the games might not conflict with any class work, and the above decision was necessary in order to keep the schedule straight.

As will be noticed from the schedule, each team plays five games, one with each of the

AWAITING DECISION

The athletic followers of the University are anxiously awaiting the decision of the Purdue faculty in regard to the seven game schedule. Hope is expressed on every hand that the sister institution will see fit to immediately send to President A. A. Stagg of the Conference a decision favorable to the longer list of games. Such action will complete the necessary six votes required to pass the rule. Iowa will then be able to make a football schedule that will excite the proper amount of enthusiasm and several of the games can be played at home.

PROFESSOR GORDON ENTERTAINS CLASS

Occasion was Great Success and Thoroughly Enjoyed

Recently Prof. Henry E. Gordon and wife entertained the extempore speaking class at six o'clock dinner. The object of the occasion was to give a practical test to the ability of the class, as after dinner speakers. The occasion was very successful and thoroughly enjoyed by all present. Mr. Henry Allen acted as toastmaster. The following students were present and responded to the following toasts: Arthur Hazard, "Medicine;" J. L. Oakes, "Element of Chance in Vocation;" J. A. Kyle, "Law as a Vocation;" Charles Marolf, "A Search for a Vocation;" V. E. Gabrielson, "The Farmer;" and W. W. Williams, "The Family Doctor."

Baptist Students Invited

All Baptist students in the University are invited to attend a social to be given by the B.Y. P. U. at the Remley home, 3 East Davenport St. this evening. The reception is for Rev. J. P. Hargrave, the new Baptist minister who succeeded the Rev. I. H. Benedict.

Geology Club Formed

Professors Calvin and Kay have organized a club of geology students for the purpose of discussing topics of interest in Geology. The new club meets at 4:30 on Monday afternoons.

DEAN W. S. HOSFORD

W. S. Hosford, D.D.S., Alumnus, and now and for many years past dean of the Dental College of the University of Iowa, was born in Davenport, Iowa, 1862. He attended the public schools of that city and later Lake Forest Academy. From there he went to the University of Iowa. Here he took his Baccalaureate degree and then entered upon the study of Medicine which later after studying a year he abandoned on account of ill health. Sometime later he took up the Dental course, graduating in 1892.

After practicing one year in Iowa City, he was made a member of the Dental Faculty, until in 1897 when he became Dean of the College of Dentistry, a place he has continued to hold until the present time.

Dr. Hosford was recently president of the State Dental Alumni Association and also has been prominently connected with the National Association of Dental Faculties.

In addition to his work in the Dental School Dean Hosford continues in the local practice of his profession.

The best tribute to Dean Hosfords' administration of his department is the high and recognized standing of the Dental College of Iowa University.

FROM OTHER COLLEGES

President James of Illinois, was elected to the presidency of the Illinois State Teachers' Association at the last session in Springfield. He is not only the first president of the State University to be elected to that position, but the first president of any university in the state who has received such an honor.

Cornell university is planning its annual Farmers' week which will be held at Ithaca, February 17-22 under the auspices of the Agricultural college. Some thirty thousand bulletins are being prepared and these will be spread broadcast among the farmers of the state extending them cordial invitations.

A freshman of the Oregon Agricultural College, while being dragged by thirty sophomores to a ducking in a campus fountain, attacked his hazers with a knife and severely wounded two of the second classmen. Dr. Thomas Kerr, president of the college, has issued an order prohibiting hazing and in all probability the ringleaders in the affair will be suspended.

Spread Postponed

The Eastern Star Club postponed its spread which was to be held at the home of Miss Grace Wood, Varsity Heights, last evening on account of the production of "Twelfth Night." The club will hold their spread on Monday evening.

Illiinos This Afternoon

The Illinois Iowa basketball game will be held this afternoon at four o'clock in order to let the visitors leave on an early evening train for Minnesota. The members of the "Illini" team arrived this morning.

The Harvard Medical School .. BOSTON, MASS.

With the completion of the new buildings which we dedicated September 25th, 1906, this school now has facilities and equipment for teaching and research in the various branches of medicine probably unequaled in this country. Of the five buildings four are devoted entirely to laboratory teaching and research. Numerous hospitals afford abundant opportunities for clinical instruction in medicine and surgery.

COURSE FOR THE DEGREE OF M. D.

A four years' course open to bachelors of arts, literature, philosophy or science, and to persons of equivalent standing, leads to the degree of M. D. The studies of the fourth year are wholly elective; they include laboratory subjects, general medicine, general surgery and the special clinical branches. The next school year extends from October 1, 1908 to June 1, 1909.

The diploma of Iowa University is accepted for admission.

ARTILLERY EQUIPMENT BACK TO ROCK ISLAND

Old Guns Returned to Arsenal Grounds

The artillery equipment of the University was loaded on cars Wednesday and shipped to the arsenal at Rock Island.

The equipment consisted of two muzzle loaders of the model of 1862. It has not been used for artillery practice for several years and has been stored in a shed on the rear of the central campus. The guns were used at the military ball two years ago. Two years ago when the legislature visited the University one of the guns was used to fire the salute.

Artillery drill is not allowed in the University and will be restricted until the University battalion reaches the highest proficiency in infantry drill.

LETTER WRITTEN TO PURDUE UNIVERSITY

Professor Smith Corresponds on Seven Game Schedule

Professor A. G. Smith, chairman of the Iowa Board of Athletic Control has written to the athletic management of Purdue University to ascertain as soon as possible the attitude of that school on the seven game rule. It is thought locally that every vote but Purdue's had been forwarded to A. A. Stagg, president of the Conference, and in view of the interest in the University and the Athletic Board in the situation, Professor Smith has written for direct information on the situation at the last institution of the Big Eight to decide. The vote at the present time stands 5 to 2 and the affirmative decision of the Indiana school is needed to secure the two-thirds vote necessary for the adoption of the seven game schedule.
