GIRLS HELP JUNIOR PONT COMMITTEE

Sorority Making Paper Flowers for Big Party

Committee Arranges Splendid Electrical Effects—Plans Inner Circles of Red Lights

Yesterday the girls in the various sororities of the University and in the Shaffer house sent the aid of the Junior Pont committee to the trolley. These efforts were continued and aided by help from making paper flowers for the unique combination of electrical effects and decorations which has been busy planning the past few weeks for Friday night.

The members of the sub committee on decorations visited the sororities yesterday and distributed the decorations in a manner which is to be finished by tomorrow. Each of the members of the group has been busy making decorations which will be used during the dance, and the results will be seen in the coming decorations.

THE REPORT SATISFACTORY

Dr. Henry Albert Says the City Water is Safe for Drinking and Domestic Purposes

In the last monthly water report made by Dr. Henry Albert, the city water was found to be perfectly safe for drinking purposes. This is the first time in several years that the city water has been found to be perfectly safe.

The river water contains an average 590 bacteria per cubic centimeter. The city water, on the other hand, has been taken from a tap in the laboratory contained but 500 bacteria per cubic centimeter.

It will be notices that the number of bacteria is somewhat less than it was last month. This is due in large part to the fact that the river has been covered with less trash due to the flowing water from coming into contact with the oxygen of the air which is one of the agents that destroys bacteria. The filtration efficiency, however, is very good, since 99.4 percent of the bacteria are removed from the water.

From the standpoint both of filtration efficiency and the number of bacteria the water may be regarded as satisfactory and safe for drinking and other domestic purposes.

Very respectfully submitted,
Henry Albert

DELTA SIGMA RHO

ELEKTS MEMBERS

Takes in Several Graduates as Associate Members

Delta Sigma Rho, the honorary fraternity of deans and advisors at the University of Iowa, has received several graduates as associate members following is the list:

Dr. C. O. Quick, L. A. L.\', Hardege, Neb.
S. K. Stevenson, L. A. S.

Iowa City.

Rolle. D. Swain, L. A. L.\'.

Membership to this organization is limited to those who have participated in the preparation of theses, de.

MUSICAL POSTPONED

The musical announced for Tuesday evening at Mr. Ralph Lawton's studio has been postponed for this week and will be held Tuesday evening, March 2.
MEMBERS OF THE FACULTY—No. 17

PROFESSOR C. H. WELLER
Professor Charles Harold Weller, head of the Department of Greek and Archaeology, came to the University of Iowa last year from New Haven, where he was Rector of the Hopkins School, in point of age the third institution of its kind in the United States, and lecturer on Greek literature in Yale University. Mr. Weller is a native of New York State and obtained his degree of B. A. from Yale in 1893 and of Ph.D. in 1902. He secured the confession of the American School of Classical Studies at Athens in 1907 and spent the ensuing year in study in Greece and in the museums of Europe.

The principal field of Dr. Weller's research is in the topography of Athens to which he has made substantial contributions in the journals of classics and archaeology. He is quoted as an authority in his line by German scholars. While in Greece he made important excavations on various sites, particularly in the Cave at Varni and at Corinth where he discovered an important temple foundation of Roman date and investigated the site of the temple of Aphaea in the Acropolis.

Professor Weller is a member of the American Philological Association, the Classical Association of the Middle West and South, and of the American Institute of Archaeology. Of the last he is secretary of the Iowa Society, which has made considerable growth under his hands. He is also a member of the Delta Kappa Epsilon and Phi Beta Kappa fraternities.

BUSINESS LOCALS

WANTED—An illustrated Song Song at True Ringer's Photography
Address Bert Douglas, House Manager, Care St. James Hospital. Get your legs from C. A. Murphy. They are right.

SEASHORE SPOKE at "Fortune Teller" the latest vaudeville show. Mrs. Montgomery Volland, Acting Dean of Women of the University of Iowa is a graduate of the College of Liberal Arts at 6'6. She attended Iowa State Normal before entering the tragedy. She received due recognition of her ability as a student by being elected to the local chapter of Phi Kappa. Mrs. Vol- land was elected Acting Dean of Women in the spring of 1907, and since then has filled that responsible position in a manner highly satisfactory to the young women of the University.

As a member of the social committee of the University Senate Mrs. Volland has been the originator and promoter of several social regulations which have done much towards the betterment of conditions of the social life of the University.

PERSONAL

Miss Myra O'Brien of Ottumwa is visiting her brother R. E. O'Brien, at home.
