MISSOURI VALLEY
CONFERENCE TO MEET

Representatives Will Meet Saturday In Kansas City

Professor L. M. Byers will Rep­resent State University of Iowa—Leaves Tomorrow.

Representatives of seven of the principal colleges and Universities in the middle West will meet at Kansas City Saturday morning at the Midland hotel for the purpose of determining the time and place for the annual Missouri Valley Conference to be held in 1911. The schools sending delegates are: University of Missouri, Nebraska, Kansas, Washington, Ames, Drake and Iowa.

Locally nothing is known of the reply of Colorado, the only other state invited so far.

Either May 15 or 25, will be the date for the conference for the two sessions. All the Universities will enter teams. The plan will probably be Kansas City for the first session and a northern city for the second. The place selected for the sports will be a city selected for its athletic merit. The only handicap is the lack of a ground that is large enough. It is reported that the splendid athletic field of the Kansas City Athletic club might be finished in the time.

No case of satisfactory arrange­ments can be made for a track at Kansas City if it may be that the meet will be taken to St. Joseph. As Des Moines has been talked of for the meet but owing to the great number of athletic events scheduled for the capital city it is unlikely that Des Moines will de­cide for St. Joseph.

Professor L. M. Byers will represent Iowa University at the meeting. He has been in Kansas City for some days.

The prospects are good for the meet this year since Nebraska, Kansas, Ames and Drake have accepted the invitation to join the Missouri Valley Conference and the meeting Saturday will be held on the date and place for the event" said Professor Byers yesterday. "Our rules are very

AMMUNITION FOR CARRIERS RECEIVED

The Thirty Thousand Rounds of Blankets Arrived This Week

Long. C. W. Weeks has re­ceived ten thousand rounds of blank cartridges for the fire­arm regiment in its spring exercise. A mammoth sham bat­tle will be enacted during the march during which a great quantity of blankets will be distributed to the cadets.

The cadets are now drilling on cliffs street and this is a welcome to the cadets.

BETTER MANHOOD IS PRODUCED IN WEST

Was Thought of Emerson Hough in Lecture

Noted Author, Lecturer and Author of "Rockefeller, Carnegie and American Anarchists." Before a large and enthusiastic audience Mr. Emerson Hough, L. A., So. L. '87, gave his lec­ture played in the house of the University of Iowa.

The judges will be President J. H. T. Main and State University. President William F. King of Cornell. President Dr. Chalmers of the Beloit University College. President Smith of Coe College and President George E. Mac­Arthur of the University.

The conference of judges will have place take place tomorrow at 9 o'clock. The above four men who have qualified by preliminary examinations will appear before judges and the president in endeavor to ful­fill the wish of the request to take the examination of the boys' in the instruction.

Mr. Huff, the Iowa representa­tive has received many communi­cations in the way of letters of recom­men­dation in passing the final examina­tions though having completed a little more than three years work in the University.

TO BE CHOSEN RODHES SCHOLAR

Meeting College Presidents Will Be Held Tomorrow—Huff Is Iowa's Candidate

At a conference of Iowa college presidents to be held in Iowa City tomorrow the successful candidate for the Rhodes scholarship will be chosen from among the following:

R. W. Clark of Iowa College,

William B. Miller of Coe College,

Jacob A. O. Larson of Luther College, and John Huff of the State University of Iowa.

The judges will be the President J. H. T. Main and State University. President William F. King of Cornell. President Dr. Chalmers of the Beloit University College. President Smith of Coe College and President George E. Mac­Arthur of the University.

This is planned for to take place and of a nature to interest the cadets. Kansas City will be the place of meeting tomorrow at 9 o'clock.

LIEUT. C. W. WEEKS HAS ARRIVED

Arrived This Week in Extempore

Lieut. C. W. Weeks has just arrived in Iowa City from New York via Chicago. Arrived this week in Extempore.

In that way we can be author of the world but it cannot at present be made. Suffice it to say that the collection might easily have found buyer in various parts of the world, but it was Mr. Morgan's wish that it should be made available to American students. It is not known when or how the collection will be transferred to fire proof quarters in the Hall of Natural Science. Added to the already large collection of Professor Macbride it will make one of the most complete exhibits of the kind in the United States.

IOWA STATE UNIVERSITY

The Iowa State University is planning for its third volume of "Deads the collection will be published in the near future. The second volume of "Deads the collection will be published in the near future.

The Reverend Mr. Morgan is in charge of the collection and the third volume will be under the charge of Dr. Cochran. It is planned for to take place tomorrow morning at 9 o'clock. The above four men who have qualified by preliminary examinations will appear before judges and the president in endeavor to fulfill the wish of the request to take the examination of the boys' in the instruction.

Mr. Huff, the Iowa representative has received many communications in the way of letters of recommendation in passing the final examinations though having completed a little more than three years work in the University.

COCHRAN MAKES AN ADDRESS

"Here There Be None"

Days There Is More Godliness In State Universities Than In Denominational Schools.

"The State University is the dominant type in the educational world today" said Dr. Joseph W. Cochran, secretary of the Board of Education of the Presbyterian church, yesterday morning before the assembly. "In the state in­stitutions there is a larger amount of spiritual goodness found than in the denominational colleges them­selves. We are now confronted with the problem of getting the churches to cooperate with the State University." Rev. Cochran declared that the state univer­sities had proven their superiority over parochial schools and denominational colleges by more than one. He spoke also at some length of the materialistic side of education and deplored the fact that so many schools tend toward this direction.

Dr. Cochran is in Iowa City in the interests of the Presbyterian church and its relation to the large number of students toward that institution.

Dean W. G. RAYMOND'S BOOK PUBLISHED

To be Used as a Text for Civil Engineering

The second volume of Dean W. G. Raymond's book on "The Mechanics of Engineering" has just been published. This is the first of a series of three volumes written by Dean Raymond, the first and third volumes to be published at a later date.

The book is intended to be used as a text in teaching civil engineering, it being the purpose of the author to furnish a text that shall be at once complete and comprehensive. Volume II contains 255 pages and is richly illustrated with many figures and plates. It was published by John Wiley & Sons of New York.

In the preface of the book the author states that he has tried to give a general view of the subject sufficiently complete and yet so that the student can make it consistent with a broad civil engineering course. "It is the idea to write a book that shall be the result of the arrangement of the material of treatment may com­bine with the best features of a text and be a valuable addition to the library of the student and teacher."
The Greater University Committee has at last completed a **UNIFORM CONSTITUTION** for each of the Iowa County Clubs. Although the model constitution is very important, it is at the foundation of a big movement, and so the committee found out that any old set of articles could not be kicked up to a more adequate model for so many big important clubs over the state. It took good hard thinking and work to form a constitution that would be simple, concise, definite and sufficiently broad to cover the situations.

It is the plan of the Greater University Committee that each Iowa County Club adopt this constitution during spring vacation. Of course the adoption lies entirely within the power of each county club but there is no doubt that the model offered by the Committee will be accepted in every case.

"Such a uniform constitution means much toward the unity, the efficiency and the maintenance of the country clubs. It is the final link that holds the clubs together in one strong chain."

**Newman Society Lecture**

The Newman Society has arranged for a lecture to be given before the society Tuesday evening, March 23. Rev. N. J. Kavanagh, president of Notre Dame University, Indiana, will be the speaker.

**PROMINENT ALUMNI WRITES ON SEGREGATION**

Dr. George P. Neal Urges Separation of the Races

George Philip Neal, M. D., of Fort Madison, recently wrote an extended article on "Segregation of the Races in Schools." Dr. Neal says: "I contend that it is not only a matter of law for the races, but it is a continuous contact in school. During the period of attendance in the public school, for the betterment of the human race, both in development of the human faculties, physical and intellectual, boys and girls should be in separate classes, in separate rooms, and enjoy separate playgrounds that they may reach and rise to the highest ideal."

"I'm not writing or advocating as a lawyer, as a business man, as a pedagogue, nor as an expert, not in a pedagogical spirit, but simply as a physician, a member of the medical profession, one who has studied, and so unhesitatingly present at the liberal spirit humanize." The article was printed as a supplement in the issue of a Fort Madison newspaper of Feb. 28.

WANTED—Few more student workers $2.00 per week. At 323 East Jefferson St. G. C. Warner.

Typewriter Supplies for all machines, E. R. Norhark, 71 James Hotel.

**HAVE ORGANIZED AN ASSOCIATION**

First Year Delegations of Fraternity and Soroity. 

The fraternity men of the freshman class have instituted a novel feature. A Pan-Hellenic association was formed from the freshman classes of all the colleges has been formed, and plans are being made for a freshman Pan-Hellenic dance to be held in Majestic Hall March 22. Last year the Kappa Sigma fraternity initiated the custom of entertaining the first year fraternity men at a steak. The plan was carried out by the Phi Delta Theta this year and the movement for an inter-fraternity association of men probably the outgrowth of this bringing them together.

The government of the association is vested in a council, such of the Pan-Hellenic association proper, composed of representatives from each fraternity. The council this year is composed of the following members:

- Francis Varga — Beta Theta Pi
- T. George — Phi Kappa Psi
- O. D. Jones — Sigma Chi
- J. M. Fee — Phi Delta Theta
- J. C. Geyser — Delta Tau Delta
- Kirk Daggs — Sigma Nu
- Max Hemingway — Kappa Sigma
- Arthur Wallace — Sigma Alpha Epsilon

The officers are Mr. Geyser, President, and Mr. Daggs, Secretary and Treasurer.

The organization is made for the purpose of doing away with chauvinism in the fraternities and for the promotion of a democratic spirit among freshmen men.

A series of parties will be given. After next Friday night, the next one will be held April 5th and a third and very novel party will be given May 7th. The first of the series will be for freshmen.

In order to make the men of the various fraternities better acquainted some very nice parties have been passed regarding their presence. One of these rules forbids the changing of many fraternities in one dance with men in their own fraternity at a Pan-Hellenic dance, thus compelling them to take part with men from the other Greek letter organizations.

**March 22** — Opening of Taylor Law School. Richard III vs. William Shakespeare trial will be set forth the purposes and activities of the Choral students at that university.

**OTHER COLLEGES**

The adoption of an honor system for all the colleges is being considered at Michigan. The University of Chicago may establish a course in preparation for the United States military service.

A new Theological department is to be added to Washburn college. The department will start the work with four instructors besides the Dean.

The editor-in-chief of the Daily Arkansas receives five hours credit for work upon the paper, the managing editor three hours and a reader one hour.

The members of the Chinese Students' Association at the University of California are editing a Chinese annual, which aims to set forth the purposes and activities of the Chinese students at that university.

Leroy Saner, Indiana, '07, holder of the world's record in the pole vault, has given up sports. He resigned his work as coach of the Detroit university school, and will study pharmacy at the school.

The hazing incident at Oregon Agricultural College was mentioned in this column as having occurred "recently," when, in fact, it happened last fall. The student body there has since condemned hazing as a "relic of antiquity."

New faculty rules at Wisconsin which will go into effect next fall will prevent students who have conditions or failures from participating in inter-collegiate debate or oratory, being on the editorial board of any student publication, or members of any musical or dramatic organization giving entertainments outside the University.
PROPOSED COUNTY CLUB CONSTITUTION

EXPLANATORY NOTE—In response to requests from the Committee to submit the following model constitution for a local University of Iowa County Club. It is suggested that the President be elected from the cohort assigned to the Committee, and the Secretary-Treasurer from the students resident at the University in order that the latter may conveniently fulfill the duty of the representatives provided for in Article II.

CONSTITUTION OF COUNTY ORGANIZATIONS

Art. I. Organization

Sec. 1. Name. The name shall be the “Name” for the University of Iowa County Club—County.

Sec. 2. Purpose. The purpose of this Association shall be to unite Alumni and students for their mutual benefit and the service of their University.

Sec. 3. Membership. The membership shall consist of students and graduates of the University and those who have attended the University through graduation, resident of County.

Sec. 4. Fees. There shall be no charges, fees, connected with the organization except assessments duly authorized by the club.

Art. II. Eligibility of Officers.

Any one eligible to membership is qualified to hold office.

Art. III. Meetings. At least one regular meeting of the organization shall be held annualy.

Art. IV. Representative

Sec. 1. The person who may be the Secretary-Treasurer of the Student Alumni organization shall represent his organization at the University.
