INVITATIONS ARE ISSUED TO SCHOOLS

High Schools Are Invited to Iowa Field for Meet

Board of Control: Explains General Plan of the First University Intercollegiate.

Invitations for the first University Intercollegiate to be held on the Iowa Field May 16, were sent not yesterday to the accredited high schools of Iowa and surrounding states. With this move the Board of Control is proving that the University has launched the initial step in arranging for what promises to be the most successful high school track and field meet ever held in this state. In this invitation the Board is pleased to say that in no sense of the word is the University hostile to the State High School Meet which is to be held at Des Moines a week later. The state meet is under the auspices of Drake University and not the Des Moines high school as originally planned, according to the latest information from Des Moines.

Following is a copy of the invitation extended. The State Board of Control of Athletics of the State University of Iowa issues the following:

High School to Participate in the First University Intercollegiate Meet to be held at Iowa City, Saturday, May 16, 1908.

The Board of Control, realizing the need for an intercollegiate meet in high schools, is pleased to announce the Accredited High Schools of the University, we wish to add something to the spirit in which we are making the arrangements and what we plan to make of the event. We propose to hold a clean, fair contest, conducted not in the interests of the University or of any special school, but of intercollegiate athletics as a whole. We act in a spirit of entire friendliness towards the Iowa High School Athletic Association, with no wish to hurt its success, but believing that, as in neighboring states, two events of the highest class are to be held in Iowa and that one should be held at the State University. We invite and extend this invitation in the hope of a success of the event. The entertainment committee will need large funds, and already many plans are under way for making the meet one of the most enjoyable athletic events of the year. If it is a desire a Conference of school men on educational topics will be held Friday afternoon, and the Athletic Board will offer prizes such as an athlete may be proud to win. The prospects of the outdoor field will be used for other necessary expenses and toward defraying the cost of the high schools and teams. All the school representatives and athletes are invited.

By Purpose
here. We make no design, To object to the flowers, or the

Iowa Field for Meet

A N Important Meeting with Mrs. Heller on the present...
Your Spring Top Coat and Suit are Ready

And after you have seen the beauty of this season's models and have carefully examined the workmanship, lining, fabric, fit and finish, you will not wonder why our ready-to-wear clothes are becoming so immensely popular.

The best dressed men in all the large cities are wearing Redmen's ready-to-wear clothes. There's a reason, and if you will accept our invitation to inspect our distinctive showing you will demonstrate convincingly why you should get both your spring suit and topcoat there.

$10 to $30

If you are interested in the new things in the way of shirts and "suits" for spring, our new arrivals will make a "hit" with you.

$1 to $2.50

New Spring Styles in Knox Hats

Willner "Special" Hats, all shapes and shades $1.90

Ask to see the "Iowa"—it's a "Scream" $3.00

The committee in charge of the Sophomore girls' view dance has announced the date as March 16th. The party will be held in Redmen Hall. Mahans and Ogle will furnish the music. Miss Clara Stonestreet is chairman of the committee in charge.

WASHBURN LECTURED LAST EVENING

Speaker on Development of the Fine Arts

Professor F. D. W. Washburn delivered a lecture on "The Renaissance" last night in the Hall of Liberal Arts. In part he said:

"The Renaissance was a great period in the world's history. It was a period of invention and discovery; a time when men turned back to the period of antiquity and began to study nature. In the fine arts painting reached a high point of excellence in engineering achievements of the Italian people, as had sculpture with the Greek and architecture in ancient times and architecture in the middle ages."

The speaker gave a brief survey of architecture and sculpture of the fifteenth century. Most of the lecture was devoted to Italian painting which was shown to have culminated in the sixteenth century at the Florentine and Venetian schools with the work of great masters as Leonardo, Raphael, Michelangelo, Angelo, Verone, and Titian.

Humanist Society Met

At the regular fortnightly meeting Monday evening, Prof. Eastman read a paper on "Tennyson and Whitman—An Experience." The reader made a comparison of literary and moral qualities of these poets gauged by the measure of a personal experience.

The poetess and founder of the society was present and addressed the gathering on the part of both to the order of things was considered and the resolution of self-contained strength of Tennyson was contrasted with the ruder and more primeval power of Whitman.

Miss Shuck read and discussed some Kentucky ballads recently published in the Journal of Folklore.

LITERARY SOCIETIES

HOLD NOVEL PROGRAM

Beps and Zeta Indulgences in "Departmental Skulls"

The Hampton and Zetapa Perspective societies gave a joint program in their ball Monday night. It was a closed program but was enjoyed by a large crowd of the society's members. The entertainment was in the form of a "Departmental Skull" program. The following was the program:

Song—America, by the school.

Welcome—Abbie.

Recitation—This Song—Willie.

Recitation—Chorus—Song—Theodore.

Recitation—Andrey.

Debate—"The Irving-pan is more useful than the wash-paper." Yes — Rhoda

Song—"Laws," Laura

Recitation—Quarrel—Chester, Andrew, Cleo, Hazel, Dialogue—Wille, Frankie, Charley, Speech—Mr. Pestiggl, School Director.

Recitation—Mrs. Mulier, Chairman.

Each little boy and girl in the program who did his best received a stick of candy.

Notice to Democratic Students

There will be a meeting to organize a Democratic club Friday, March 30, at 4:30, in the Liberal Arts Auditorium.

HEALTH

CURE FOLLOWS

CHIROPRACTIC ADJUSTMENT

By virtue of the chiropractic thrust, known only to the system of chiropractic. I GET RESULTS when every other means have failed. I get results because I REMOVE THE CAUSE OF DISEASE.

Marvelous Results

Program Results

FOLLOW MY SYSTEM OF ADJUSTMENT.

Try CHIROPRACTIC and get well

If you are sick—I MEAN YOU—Let me prove to you that what I say is correct. Results talk.

The following is a PARTIAL list of the diseases which are the result of pressure on nerves. The arrows point to the nerves that are pinched and also the partly dislocated vertebrae that do the pinching and thus CAUSE disease.

If you or your friends have any of these diseases, come to my office and have the pressure removed and you will get well. If you are afflicted with some trouble NOT ON THIS LIST do not be discouraged, I could not tell them all. Cure of cases of sixty-five years standing has followed my system of Chiropractic adjustment.

REMOVAL OF THE PRESSURE FROM THESE NERVES IS FOLLOWED BY CURE OF DISEASE

SPEAKING WHERE NERVES ARE PINCHED AND CAUSE DISEASE

Vertebral subluxation at this point will cause headache, eye gashes, deafness, vertigo, apoplexy, palpitation, etc.

Here we find the cause of cataract, throat trouble, neuralgic, rheumatism in arm, golfer, hay fever, lip gripper, etc. From here bronchitis, fever, pain between the shoulders, salt rheum, tonsillitis, paralysis of the arm, etc.

From this point heart disease, asthma, lung trouble, pneumonia, cough, whippoowhip, mumps, menitis, etc.

Stomach trouble, liver disease, enlargement of spleen, pleurisy, and many other troubles from this point.

Dull stones, dyspepsia of upper bowels, typhoid fever, shingles, diabetes, peritonitis, cholera at this point.

Bright's disease, fainting, kidney, ovarian trouble, uterine trouble, rupture, varicose, phimosis at this point.

Appendicitis, bladder disease, peritonitis, uterine troubles irregular menses, hingham, inconvenience of urology here.

Cystitis, rectal troubles, piles, sciatica, prostatitis, trouble, trouble, uterine troubles, caused by partial dislocations here.

A slipage of the innominate bones will invariably produce sciatica, rectal troubles, uterine troubles, piles and pelvic diseases in general.

By virtue of the chiropractic thrust, I am able to remove the CAUSE OF DISEASE—CURE FOLLOWS.

THIS MEANS YOUR DISEASE

Terms for treatment reasonable. No charge for examination. Call between 2 and 5:30 p.m.

Y. M. A. C., 1919

The fourth monthly stag of the Y. M. A. C. will be held tonight and tomorrow evening. The social committee has planned an enjoyable program and a full attendance is expected.
