WOMEN'S BUILDING COMMITTEE OF GIRLS

Chosen by Dean of Women to Aid in Project

Rally in Planned for May 5. A Girls Set to Work in Earnest to Arouse Ruthlessness

With the appointment of committees from each of the four houses and the professional society the Women's Building movement has been well launched. Under the leadership of these prominent University girls enthusiasm will be aroused in the student body in general in order to bring about joy, to agitate the need of a Women's Building for the University.

The committee last Tuesday afternoon Miss Alice Swisher was elected chairman of the general committee and Miss Edith Talbott secretary. With Mrs. Valland, Dean of Women presiding, a permanent organization was effected.

A Woman's rally is planned for Saturday May 2, in the University Armory. At this gathering every girl will be told in what way she can help get the Women's Building. It is planned to have the rally in the form of a simple informal spread to start about 5 o'clock. Talks of programs by talkists of prominent club women of the state and special music will illuminate.

The committee promises to meet every Thursday evening at 7 o'clock in Mrs. Valland's room from the present time until May 7 for further plans for getting the enthusiasm of the girls.

Following the committee was the gathering of the executive committee at Miss Valland's home to establish the plans that will be followed by the rally. There is to be a woman's rally, May 2, that vitally concerns every university - equally - and, in fact, every student of the university, because the project is to be supported at that time which will have an important effect on the student life. This rally is to be the official starting of the movement for a Women's building.

It would be a waste of time to present arguments in favor of the Women's building. All the smaller schools of the state are equipped along this line and they have a great advantage over Iowa. They have the right energy and they run numerous bands and numerous kites in our colleges. If we are to run a Women's building we must also run some sort of an extra band here. It's mighty easy to pick a winner here at our store now.

STRIKES PHARMACEUTS

Organizer. Team—Will Have Star Pitcher

The Pharmacists are the first to fall in line and organize a baseball team. At a meeting held recently at the pharmacy college a football team will be organized. Anderson, for two years the pitcher on the College team, was elected manager; B. H. Davis, captain; J. Packard, treasurer; and Blaudey, secretary.

The team challenges any team from the other colleges. There is an abundance of material in the Pharmacy College and a fair team will be organized. Anderson, for two years the pitcher on the College team, was elected manager; B. H. Davis, captain; J. Packard, treasurer; and Blaudey, secretary.

New rules have been adopted and the nine will undoubtedly make a strong bid for the University championship.
