MORE COUNTY CLUBS WILL BE ORGANIZED

Remaining Counties to Have Organizations

Great University Committee Male Plans Last Night—Discs High School Meet

Plans for the organization of the S. U. county clubs in counties where no organization was made during the Christmas holidays were completed at the meeting of the Greater University Committee last night in President Mac-

Elian's office. A list of representatives from the counties was compiled and this week these boys will be distributed to the various cities to the alumni and former students in their respective dis-

tricts with blank return postal cards so that an organization may be effected by mail and officers selected.

Every effort being made by the Greater University committee to complete the county club or-

ganizations through Iowa.

Ways and means for raising money for the high school athletes and students at the time of the initiation meet, May 16, were discussed and a sub-committee appointed to confer with Manager Cox as to the best methods of promoting the entertainment of the club.

DEAN RAYMOND IS SLOWLY IMPROVING

Will probably be able to Meet Classes Monday

Dean Raymond of the College of Applied Science, who has been ill with an attack of grippe, is improving slowly. He is still confined to his home, but ex-

pects to meet his classes next week.

Base Ball Date With Decorah

Yesterday a telegram was re-

ceived from Decorah asking for a baseball game April 29. De-

corah, and Manager Cox ac-

cepted the date. April 29 com-

cets Iowa here, April 30, De-

corah, May 1,' Minne-

apolis, and May 3, St. Paul. This com-

pletes the west of the North-

ern trip. The squad was not able to practice outside yesterday because of a mudly day.

Pac-Hellenic League Opens

This afternoon at 5, which Place: Kappa Pi and Sigma Alpha Ep-

silon meet on the Varisty diamond is the first official Pac-Hellenic baseball game of the season.

WISE TALKS BY THE OFFICE BOY

Next time you are passing take a look in our big window books. We have the good spring styles that we are showing you this season. Look at the nice brown and tans and greens and the olives and be sure to look at the style which is depicted in every garment. We would put a fancy name on each of these colors (several of them for that matter) and we could give a fancy name to the cut of every garment, but it wouldn't make them any better, or more stylish, or more durable, because they are the best hand-tailored and the best all wool qualities, and the styles and character are worked right into them. Good clothes, good hats, good shirts, good neckwear, good underwear, good everything in our line is the watchword on which we do business. We have no bankrupt stock, no hold-overs, nor anything of that sort. We don't want to wear ourselves, to offer you. But we can't do business with you unless you come in and make a performance.

MUGSY, with
Iowa City, Iowa

BUSINESS LOCALS

Low—The back of a small golden watch. Letter (W) on back. Return to this office.

Lort—Gold watch and fob with cross attached. Finder receives $5 to office and receives valuable reward.

Fees, both, summer holiday and winter. We can please you.

Synopsis of Scenes

The Old Farm—A country girl doing housework, who finds good buy at the old folks and is reconciled.

The Reception Hall—Arrival of the young lady. Parents bidding for the girl's hand;

The Promenade—The country girl shows a visit to her college boy. She is the laughing girl in every amount of her odd country luck.

Roommates—Her room-mate shows the "beaut and beauty" box to her. The new girl is in awe, but when the room-mates accept her into their midst, she begins her breakthrough.

A COUNTRY GIRL'S COLLEGE LIFE AND EXPERIENCES

Questions and answers by an Iowa Girl in her college years

SYNOPSIS OF SCENES

They quarrel and she decides to try one of the other dormitories. She wins the game and decides to finish the game at the Morningside Ball. She meets the two rival girls and they become friends. Later she attends the college and meets the men who are in the school. She becomes the belle of the college and wins the affections of her rival's sweetheart.

By virtue of the chiropractic thrust, known only to the system of chiropractic, I GET RESULTS when every other means have failed. I get results BECAUSE I REMOVE THE CAUSE OF DISEASE.

Marvellous Results Permanent Results
FOLLOW MY SYSTEM OF ADJUSTMENT.

Try CHIROPRACTIC and get well
If your are sick—I MEAN YOU—Let me prove to you that what I say is correct. Results talk.

The following is a PARTIAL list of the diseases which are the result of pressure on nerves. The arrows point to the nerves that are pinched and also the partly dislocated vertebrae that do the pinching and thus CAUSE disease.

If you or your friends have any of these diseases, come to my office and have the pressure removed and you will get well. If you are afflicted with some trouble NOT ON THIS LIST do not be discouraged, I could not name them all. Cure of cases of sixty-five years standing has followed my system of Chiropractic adjustment.

REMOVAL OF THE PRESSURE FROM THESE NEURVES IS FOLLOWED BY CURE OF DISEASE

SHOWING WHERE NERVES ARE PINCHED AND CAUSE DISEASE

1. Vertebreal subluxation at this point will cause headache, eye diseases, deafness, vertigo, apoplexy, palpitation, etc.
2. Here we find the cause of catarath, throat trouble, neuralgia, rheumatism in arms, goiter, hay fever, la grippe, etc.
3. From here bronchitis, pain between the shoulders, salt rheum, tonsilitis, paralysis of the arms, etc.
4. From this point heart disease, asthma, lung trouble, pneumonia, croup, whooping cough, mumps, measles, etc.
5. Stomach trouble, liver disease, enlargement of spleen, constipation, and many other troubles from this point.
6. Gall stones, dyspepsia of upper bowels, typhoid fever, shingles, diabetes, peritonitis, cholycystitis at this point.
7. Bright's disease, floating kidney, ovaritis, ureter trouble, rupture, varicocele, phimosis at this point.
8. Appendicitis, bladder disease, peritonitis, uterine trouble, irregular menses, hysteroscopy, cataract of eye, etc.
9. Gonorrhea, rectal troubles, piles, sciatica, prostatic troubles, are caused by partial displacements here.
10. A slipage of the innominate bones will invariably produce sciatica, rectal troubles, uterine troubles, piles and pelvic diseases in general.

By virtue of the chiropractic thrust, I am able to remove the CAUSE of Disease—CURE FOLLOWS.

THIS MEANS YOUR DISEASE

Terms for treatment reasonable. No charge for examination. Call between 2 and 5:30 p.m.
