prominent alumni—no. 21

ed. p. malmeberg

This prominent alumnus was born at Newton, Iowa, Jan. 14, 1878. He was graduated from the Newton high school and the Newton normal College. He taught school and was a cigar maker for five years. Later, he read law in the office of W. O. McKay of Newton for one year and then spent two years in law in the City school, graduating in the class of 1905, with degree of LL. B. He was a member of McClain Chapter Phi Delta Phi while in college. He began the practice of law at Newton immediately after graduation and was elected county attorney of Jasper county in 1906, on the Republican ticket, being the only Republican elected to a county office.

CHICAGO ATHLETES TO ENTER MEET

Oak Park High School Men
Want to Come

A letter was recently received from Oak Park High School in Chicago stating that several of the star track men there wished to attend the invitational meet to be given May 16 by the University of Iowa. A request was made for details of the meet and it is probable arrangements can be made whereby the Chicago men may enter the invitation event.

This as well as other encouraging letters from high school athletes and teachers makes the outlook bright for the first invitational meet given under the auspices of the University.

Graduate Council Meets
The Graduate Council meets in President MacLean's office, Tuesday afternoon.

Lawton plans to give many recitals

Will Travel Through Iowa, Illinois, and Missouri.

Mr. Ralph Lawton of the University of Chicago will give several recitals in Iowa and Missouri the week following April 13. On April 19 Mr. Lawton will give a recital in the State Normal School Auditorium in Iowa City, the program of which will be announced early in the week.

Oklahoma City.

Aviation plans.

We understand that the University of Oklahoma has plans for an aviation experiment that will be conducted in the near future. It is expected that an aeronaut will be launched from a high platform to the west of the campus. The experiment will be conducted under the direction of Professor C. R. Anderson, head of the physics department.

In the election he was ably supported and aided by his old friend, Ralph C. W. H."
