SYNOPSIS OF PLAY - Cast of characters

The play consists of several acts, each focusing on different aspects of the story. It is a period piece, set in a small town during the late 1800s. The main characters include a young man who becomes involved in a local political scandal.

In the first act, the young man attends a town meeting where the mayor is accused of corruption. He becomes convinced that the mayor is guilty and decides to take matters into his own hands.

In the second act, the young man begins to gather evidence to support his allegations. He meets with other townspeople who are also concerned about the mayor's actions.

In the third act, the young man presents his evidence to the town council. The mayor denies the allegations and the battle of wits begins. The young man uses his wit and intelligence to prove his case, while the mayor tries to discredit him.

In the final act, the truth about the mayor's actions is revealed. The young man is hailed as a hero and the mayor is removed from office.

The play is a 19th-century drama that explores themes of corruption, justice, and the power of the people. It is a compelling story that will engage audiences and leave them thinking long after the final curtain falls.
Wise TALKS BY THE OFFICE BOY

Don't you know that the Prince of Sigan, who followed Meo, Anna Gould to New York last month, is not a prince at all—only a good fellow of such sorts? As we so many of us Americans in your country are models of benevolence. In France a fellow may be descended from the blue blood and then go on to be bred by red and blue chips from the oldest blocks of royalty in other countries than his own, and yet he has no more standing at court than the Office Boy is in a Bowery Alley, because there is no court and there ain't one going to be. There's still a few people over in Europe so truly to the royalty, but the people you really make those countries what they are, the men and women who do things, like the factory girls in little Old Chittam who spin the mercerized silk half-hour we pay for. This house was made to retail for $1.00, but we buy at wholesale; hence they only sell at $0.50. The other boys may seem to be the real fancy boys, but not in the new cuts and solid colors, come in now.

Among the books

"Dedication of Monuments to Iowa Soldiers" is a large volume recently published by the State, embellished with many fine illustrations and maps to commemorate the death and valor of Iowa men on the battlefields of the South during the war of the Rebellion. It was compiled by Alonzo Abernethy for the state committee and includes accounts of the dedication ceremonies at the memorials in Vicksburg, Lookout Mountain, Missionary Ridge, Shiloh, and Andersonville. The book, outside of its value as a memorial, is a splendid historical record of the bravery and suffering of Iowa's "in the most terrible war the world has ever witnessed." The selection by Col. Charles A. Clark, Department Com- mandant Iowa G. A. R., on the field of Vicksburg, the address of Mr. Henry A. Chambers, a Confederate soldier at Chattanooga, and many others, which cannot be enumerated, give stories and historical sides of the conflict which have never before reached the public.

SOCIETY

The Ladies Music Study Club, which is composed chiefly of ladies of the faculty, and devotes its meetings to the study of music, given by Prof. H. G. Cox, met Saturday with Mrs. Hal Stewart. Mrs. C. F. Anley entertained at her home in Woodwards Saturday afternoon. The afternoon was spent in card playing and fancy work, with at 7 o'clock a dinner was served.

There will be a social gathering of the Graduate Club Thursday at the Spring Kings in the Liberal Arts Building at 8 p.m. Phi Chi, the pharmacy fraternity, danced Friday night in Majestic hall. The hall was decorated red and gold, the fancyness colors. Kappa Sigma danced Friday night in the chapter house. Mrs. E. T. Lowman chaperoned.

Delta Tau Delta danced Saturday night in the chapter house. Mrs. Voland chaperoned.

Phi Delta Theta danced Saturday night in the chapter house. Mrs. Thomas chaperoned.

ALUMNI NOTES

There promises to be in the Fifteenth judicial district an interesting contest to fill the vacancy on the district bench by reason of the decision made recently by Judge N. W. Macy, '95, B. A., 72, of Harlan to retire at the end of his present term. Judge Macy has served faithfully in the district bench of this judicial district for twenty years. He has made as an especially fine record on the cases appealed from him to the state supreme court. He has been mentioned a number of times as a proper and fitting man to take his place on the state supreme bench of Iowa, and he has been given the consent, he might have been elected to attend on the republicans' ticket in the Ninth congressional district, a position both of the College of Liberal Arts and College of Law of the University of Iowa.

Several Plans for Improvement

Many Elms Will Be Planted on Campus

Twenty-five or thirty elms will be set out on the campus next week, to take the place of dead trees. It is the usual custom to set out a few elms every spring so that the appearance of the grounds is constantly improved. Most of the flowers which will be set out are native plants. The work of placing those in the campus will be finished for about a month.

Longer Assembly Period

It was decided at the Board of College's meeting, yesterday afternoon, to have a longer period for weekly University Assembly by next year. The period will extend from 10:00 to 10:05 Wednesday mornings.

Students, when you are in need of a fine Irving girl, call up C. F. Murphy.
M. Graham held a regular derwenting nicely. University hospital April 2, a visitor at the homeopathic hospital itull mia fortune to have a painful operation performed on his hand. Paper—Rose Hobey.
Reading—Katherine Murphy.
Elected To Irving G. L. Norman and Carl Loos have been elected to Irving Institute.

No Musical Tuesday Mr. Ralph Laws announced that there would be no musical tomorrow evening.

Public Speaking Students Perform
Gave Excellent Program in Assembly Hall
An excellent program was given last night in the Civic Arts Assembly Hall by several members of the public speaking classes in the University. Following is the program:

Mr. Dudley or Oratory, Peter Finley Dunne—Mr. C. E. Burnett.
One of Kipling's "Just So Stories"—Miss Grace Shipman—"Glory," A Cutting from Hall Cain's "The Christian"—Miss Carolyn Bradley.
The quarel between father and son, "The Rivals"—Miss T. Tate Hoar.
"Mother, Me and John," James Whitcomb Riley—Mr. E. B. Sullivan.

Early Completion of Engineers Hall
Work Progressing Rapidly On New Addition
At the present rate of progress there is a good prospect that the new wing of Engineering Hall will be completed and ready for occupancy by next fall. Brick laying has been finished to the floor of the second story and the carpenters are at work putting in centering for the fire proof floor. Erecting the first story of the building has taken just three weeks and it is expected to lay up another story in twenty days. Plenty of material is at hand so no delay will be met with.

The structure will add eight stories to the University engineering college and just about double its capacity, providing working quarters for 176 more students. However, the extra facilities will still fall short of what will be demanded and it will probably be necessary to fall back upon the temporary structure erected on the ruins of the old medical building.

Banquet Postponed
On account of the illness of Dean Raymond, the Annual Engineering banquet will be postponed until April 23d.

You get your rugs from C. A. Murphy. They are right.
