J. C. Meldt and E. Stewart

Grinnell, Iowa, April 11 (Special).—This evening at Har-

rick Chapel, Grinnell, the Phi Beta Kappa Society was

officially installed at Iowa College.

Iowa College is the second school in the state to receive this

honor, the State University being the first, and holding the Alpha

Chapter. Grinnell received the Beta Chapter. At seven o'clock

the organization meeting was held in the chapel. The

charter was presented by President MacLean of the State University, who is a

member of the New York chapter of the Phi Beta Kappas. The

pronunciation of the evening was delivered by Professor James H. Rodges of Harvard University. Prof. E. A. Groover of Amherst College, president of the national society was present.

The program was as follows:

CAST IS CHOSEN FOR SENIOR PLAY

J. J. R. O’Brien, the manager of the 1906

cast, announced yesterday afternoon that the following cast had been

chosen for the production of "Trelawney of the Wells":

Kappa Sigma defeated Sigma Nu and Delta Tau Delta.

Kappa Sigma defeated Sigma Nu and Delta Tau Delta with a score of 16 to 10 and in the morning east Delta Tau Delta triumphed over Kappa Sigma with a score of 13 to 4 on Iowa field. A cold north wind prevented the last fielding that marked the first game of the season.

Heavy hitting marked the play of the team that defeated Sigma Nu. The east ordered it on Maud's curve and swatted the ball around until Brockman was substituted, although his help did not connect with the cord to the Kappa Sigma.

The following is the score of the afternoon game:

Kappa Sigma played a first-rate game and scored ten runs in the first two frames. In the third frame they added two more runs and then held their opponents to one run for the remainder of the game. The game was played with unusual speed and was watched by a large number of spectators.

The first meeting of the cast and crew of the show was held in the schoolroom and was attended by all members of the organization, including the officers.

A meeting of the cast and crew will be held on Monday evening at 7 p.m. in room 314, Hall of Liberal Arts. The entire play will be read over at this time by the cast. All those whose names do not appear in the cast and who have not been in touch with their presence, are asked by the committee to return the books to Prof. Gordin's office before Tuesday afternoon.

INTER-FRATERNITY RESULTS

Kappa Sigma defeated Delta Tau Delta and won by a score of 8 to 2. The game was played on the field of the Kappa Sigma with a score of 4 to 2. The game was played with unusual speed and was watched by a large number of spectators.

The first meeting of the cast and crew of the show was held in the schoolroom and was attended by all members of the organization, including the officers.

A meeting of the cast and crew will be held on Monday evening at 7 p.m. in room 314, Hall of Liberal Arts. The entire play will be read over at this time by the cast. All those whose names do not appear in the cast and who have not been in touch with their presence, are asked by the committee to return the books to Prof. Gordin's office before Tuesday afternoon.

COACH CALLS IN A NEW OFFICER

Owing to a severe attack of the gout, Coach Mark Cope, has been confined to his home on North Dubuque street the past two days. In the absence of the coach, Mr. O'Brien has taken charge of the track men.
If any one had predicted two years ago that today the big four
PROF. GORDON Forensic Societies
SHOULD HAVE of this University
AN ASSISTANT would be bound
together in one league, seeking to promote inter-collegiate debate and oratory it would have been
accounted ignorant or foolishly.
But the impossible has happened! The Forensics League is a fact.
It has arrived in spite of serious opposition, long-established prece-
cedents, and natural jealousy. More, it is now enthusiastically
supported by its steadfast oppos-
eents of a year ago. Further this
support is justified by the splen-
did record which the new League is making. Friends and alumni
of the University have rallied to
its help. They are giving hun-
dreds of dollars to keep its
travesty full, a mark of their
loyalty. Students of the Uni-
versity in general have shown their
approval, hundreds attending the
contests where a year ago doz- en
were present. It has been the
forerunner of the "Greater Uni-
versity movement" and has
naturally merged itself with that.
The Forensic League is an or-
genation devoted to the most
significant part in the future of
this University.
Nearly all the students in those
departments of work demand in-
dividual attention. Think of one
man trying to give individual at-
tention to about one hundred or
more students. Looks like a
Titanic sort of a task to an un-
prejudiced observer.
Professor Gordon would un-
doubtedly accept as assistant in
this work. Not just because it
would lighten his own duties, which are too tremendous, but
because it would give him time to
perfect the defense of the work and to more carefully shape its
general development.
So in all justice this is to voice
a common appeal of the student
body and of the faculty that the
powers that be, will lend needed assistance to a man, who although
receiving some very tempting offers from other schools, has
preferred loyal to Iowa, but who
cannot be expected to do so
beyond the limit of endurance.
And while we are all more or
less aware of the really wonder-
ful advancement along this line of
University work, it is human na-
to stop right here and en-
tirely ignore two very important
facts, namely: who deserves
the credit for this development
and the needs of the future, if
further work in the University work
Public Speaking, Oratory and
Debate is to be made.
The story of the whole develop-
ment of the present high standard in the University Chair of
Public Speaking can be ex-
pressed very easily and simply-
ly the result of professor Gin-
ton's careful planning and hard-
work. The entire responsibility
has rested on him alone and he
has absolutely without assistance, brought the work of Public
Speaking and the branches of
oratory and debate to the big-
part in the general life of the
University that they now occupy.
Why not give Professor Gordon
the credit he deserves, provide
him with a proper assistant in
debate and incidentally start an
even higher advance?
When you come to think it
over calmly and dispassionately,
three hundred and thirty students in the
work of Public Speaking, nearly one hundred in debate and
nearly fifty in oratorical work,
and one man to assume the care
and responsibility of the whole
affair, will this be asking even too
much of a man who has long ago
proved that he is working for a
"Greater University?"
