Chilly Weather Bad for Track Athletes

Cold and Damp Hinders Spring Training

Football game with Kansas on Nov. 29, probably Play Monday the 14th on October 24.

Hampered by the cold weather of the past week, the track conditions will be poor on the spring training and until the warm sunshine again favors Iowa field on the playing field. The weather is expected to improve on the schedule.

It was the plan of Coach Curtiss to have the squad a hard work at practice, a Davenport athletic schedule for a week from last Friday. But the conditions of field will prevent any strenuous workouts from the competition week at least.

Changes in Schedule

Word has been received from the University of Kansas management making it possible to play the Jayhawkers on Nov. 21, so in all probability the Iowa team will play in Kansas City Sunday.
Iowa is to have a remarkable man as her commencement speaker. This spring, the Chinese ambassador to the United States, Mr. Wu, will undoubtedly be a topic of discussion and will attract much attention. It means much to the success of the commencement address. This is not only because Mr. Wu possesses the qualities of a significant figure, but also because he represents the sincerest pleasure in the usual florist's charges. A longing to own some of the flowers is common among the average American. The usual florist's charges are away.
COMING EVENTS
April 29—Con at Iowa City baseball.

May 1—Northern Oratorio League. Final concert as presented in the Auditorium.

WANTED— A number of students to travel for a large Chicago house during the coming summer. Applicants with selling ability will be given an opportunity to earn from $300 to $700 during the summer. In replying give references.

George F. Cram.

65 Market st. Chicago, Ill.

The Harvard Medical School... BOSTON, MASS. Which has the following course in the above subject, while in reduced fare and term.

MEDICAL ANATOMY— Á. S. Heyer.

MEDICAL PHYSIOLOGY— J. T. Smith.

APPLIED ANATOMY— J. H. B. Bicknell.

CLINICAL MEDICINE— J. T. Smith.

HISTOLOGY— M. F. Waddington.

The above courses may be attended at the usual price of $300 per term, or during the Holiday Term at the rate of $100 per month. The above courses are intended for those who wish to take up the profession of medicine as a means of livelihood, and not for those who wish to devote themselves to the study of science for the purpose of acquiring a thorough knowledge of the subject.

The Harvard Medical School is recognized by the Massachusetts Medical Society, and is approved by the Medical Association of New England. The course of study is based upon the best medical literature, and is taught by a corps of instructors who are well known for their ability and experience.

The Harvard Medical School is located near the center of Boston, and is well equipped with laboratories and other apparatus. The students are provided with all necessary apparatus for the study of medicine, such as maps, charts, and models. The lectures are given in a large lecture room, and are accompanied by demonstrations with the aid of apparatus and models. The laboratory rooms are well furnished with tables, chairs, and other apparatus.

The students are required to attend lectures, and to take part in the clinical work. The clinical work includes the study of disease, the observation of cases, the examination of specimens, and the preparation of reports. The students are required to write reports on cases, and to prepare papers for presentation to the medical society. The medical society meets every Friday evening, and is made up of the students, the lecturers, and the faculty.

The Harvard Medical School is an institution of high standing, and is well known for its excellence. The students are provided with all necessary apparatus, and are given every facility for the study of medicine.
