WOMEN’S RALLY IS SATURDAY EVENING

Co-ed Planning For Enthusiastic Meeting

Leading Club Women of State to Speak—Two Girls Also on Program—Musical Numbers

The big rally for the Woman’s Building project is to take place in the University Armory Saturday, from 5 till 8 p.m., May 9. Enthusiastic plans have been formed and no efforts spared to make it a great success.

The principal feature of the rally will be a social spread from 6 to 7 o’clock. This will be followed by a speech by a member of the foremost club women of the state. The Armory will be decorated and everything made as attractive as possible.

From 5 to 6 o’clock, "wants" will be pulled off by various groups of girls who have already been selected by the committee in charge.

"There will be a circus parade and several other feature numbers" said Miss Meta Rayne, member of the committee yesterday.

"The program will consist of a speech by Mrs. William Bailey of Des Moines, Mrs. Judge Town-er ogden and Miss Helen Wheeler of Iowa City, Miss Gwen Ogden and Miss Ruth March will give one minute talks for the co-eds. The musical sections will be vocal solo by Miss Harriet Potter, and a harp solo by Miss Helen Swisher. The Girls’ Glee Club will also furnish a song.

The last feature of the program will be the playing of the national anthem by the University Band.

Museum Open to Students

Work in the Museum of Natural Science has so far progressed that students of comparative zoology are now allowed to study the specimens therein. No one else is admitted as yet. It is very probable that the museum will be opened to the public during the coming week.

Boy and Girl Problem

"The Boy and Girl Problem in Modern Social Life" will be the subject of Professor C. H. Weller’s lecture tonight in the Student Union building. The lecture will be at 8 o’clock in the church building.

Witches’ License Postponed

The license which was announced to be given this evening to the Junior class, has been postponed until further notice, because of the subject of Professor Starbuck’s lecture tonight at the Men’s Club of the Presbyterian Church.

The lecture will be at 8 o’clock in the church building.

Waffles Receive Gift

Professor C. H. Weller has given the first waffles that Grobes, a species of diving birds, do not eat. The dinner is a natural result of the bird’s having been seen in the Missouri River last week. The waffles are now being made by Mr. Dill.

ANNIAL BUDGET IS MADE FOR NEXT YEAR

Board of Regents Finally Complete Big Task

Sums Well Distributed Among Various Colleges—University—Scholarships Awarded

At its recent meeting the board of regents made out a budget for the University of Iowa providing for an expenditure of $451,000 during the coming year. This sum is well distributed among the various colleges.

The University will be open from the first of September until the first of June.

The composition of the league has been changed and the probability that improvements will be well balanced.

Revised plans for the new law and the commonly practiced views, it is probable that the state will now take steps toward condemning the necessary ground before the board has met.

The ultimate result is that meetings will be held in which meetings with an agreement with the owners.

Twenty tickets were awarded to past graduates of Iowa and other Universities, five probably will be assigned in Iowa University for the coming year. Each will receive free tuition, be chauffeured to and paid a salary of $25 each scholar will receive $125 and the other five in proportion, with a hope that some of the beneficiaries are expected to visit New York for the academy.

Professor C. H. Weller, present director at the university will give the address of a Japanese student, Miss Misut, scholar in philosophy and psychology.

NERUBA GAME TOMORROW

Varsity Will Play Cornsharks on Iowa Field—Hanlon Probably Pitch

The varisty baseball team came home from their Northern trip Sunday morning. Although only one victory was secured, the Luther game, and although Min-nesota beat the varisty twice the trip is not to be regarded as a failure because the elements of hard luck certainly landed on Iowa in the games with the gophers.

The only game this week is the one Wednesday, with Ne-waska. Just what sort of a game Nebraska has this year is problematical. The Daily Ne-braskan states that the team isn’t in the best of shape, being weak-ened by the "fringe men.”

Highland Park, at Des Moines, has sold far enough tickets to prove that Ames and Grinnell are scheduled to battle with them yesterday and the team is an extra-strength one. The big pitcher is Ward, the left hander who worked last year against Iowa, the game is sure to be hard fought.

Hanlon who is fast rounding into form will probably pitch for Iowa.

The present officers of the society, who have not sent out invitations to them but "we expect that the women of the faculty will welcome the college and probably will be given a reception by the society when they arrive."

Some cause they are observed to turn the sight gives another view of the world. The present officers of the society, who have not sent out invitations to them but "we expect that the women of the faculty will welcome the college and probably will be given a reception by the society when they arrive."

The present officers of the society, who have not sent out invitations to them but "we expect that the women of the faculty will welcome the college and probably will be given a reception by the society when they arrive."

Issued by the Women’s Rally Committee.

F的积极性 of ascertain, it was clear that when Minnesota is the opponent, interest in the game is not at all great.

Feldman and the Minnesota players didn’t do this much but strike out, the crowd gave the Iowa man the glad-hand.

Iowa, by sharp hitting, made a couple of scores and up till the ninth inning when a two run single was blanked. Then, after two men were down they managed to get two more runs in. Then, with the bases full, Stewart hurried to get in but as the ground was a triple soft ship he slipped. However, Hanlon, seeing where the ball was by this time, picked it up and just as he was about to throw to the plate, fell down himself. In the meantime, both Minnesota runners scored.

Aftermath of Hard Luck

Defeat at Hands of Gophers

Hanlon Does Well

In the first Minnesota game little Burrell deserved to win a pitcher ever did. He had the Minnesota completely on the staff from start to finish and it was only a combination of errors and some being as small as he is, and Drevitchik, the Minnesota pitcher, who blanked the Iowa bases with a world of speed, the crowds thought there would be nothing to it. But when the little Iowa pitcher got his quick breaking curves to working against the heavy wind that was blowing and the Minnesota players didn’t do this much but strike out, the crowd gave the Iowa man the glad-hand.
