Commandant Weeks Busy Preparing for Trip

Four Day Expedition Will Start on the University Grounds—Three Hundred Will Go

Commandant Chas. W. Weeks went to Des Moines last week and secured in the neighborhood of a hundred tents for the use of the cadets on their march which takes place this week.

The preparations for the march are very extensive and every possible detail is being carefully looked after.

There will be about three hundred men go on the march and each man will be paid a deposit of 50.00. With the money raised in this manner all the bills will be paid and what remains will be put back into the hands of the men.

The camp will be open on the morning of May 23, the men will start to the Armory and go forth on the river road. The cadets being made up of the cadets of the Quartermaster's department will carry all the supplies to Mid River Park.

Many POSTPONED FRATERNITY GAMES

Yesterday Another Contest was Delayed by Wet Weather

Yesterday's highly scheduled Pan Hellenic-base ball game between Delta Tau Delta and Kappa Sigma was postponed to give outdoors to the wet grounds. Tomorrow the Sigma Chi team is scheduled to play Sigma Alpha Epsilon. The postponed games are accumulating, and will doubtless be played out in the league owing to lack of facilities, weather and other circumstances and it is expected that a meeting of the Pan Hellenic league will be held shortly to make changes in the schedule for the rest of the year as the present race may be decided by May 31, if possible.

Several cows have recently been killed. It is thought that Steps Will Soon be Taken to Have Other Herds Inspected—Proprietors Help

Recently investigations and tests of the milk supply of Iowa City show that in one dairy herd several cows are contaminated with tuberculosis germs. All the herd have not been inspected and it is possible that they may be found in this condition.

It is said starting factored around sentiment among the students and it may be that they will insist on inpected milk.

The boarding proprietors are said to be in cooperation with the students in an endeavor to get all the milk that enters the city inspected. The movement in this direction has already produced results, one milk man has had his herd inspected, and others will soon probably fail in line with the demand that only good milk can be sold in the city. When informed by medical authorities and inspectors that twelve per cent of the milk and butter is contaminated with germs of tuberculosis, action was regarded desirable by many to stop and prevent spread of such disease germs.

Commandant Weeks Busy on Iowa City churches and the University students. Demand that only good milk can be secured. The movement in this manner all the bills will be paid for.

$3.00. The men are to be considerably larger because they will be taken to have Havre to the River Saturday—Three thousand rounds of blanks have been used. Zetagathian society will take part in the freshman inter-society contest. TOWNSEND
Miss Strange was an assistant in the library of Mrs. Walter Strange, and following to say:

Strange's, L. A. '06 securing of a position in the library of Iowa State University, graduating in the class of 1886. Subsequent to this he assisted his father in his business and afterward acted as administrator of his estate. He has never been an aspirant to any public office but the people of Henry and Washington counties elected him to represent them in the senate in the fall of 1906, which position he still holds.
