MUCH PRELIMINARY "DOPE" ON MEET

Athletic Followers Busily Figuring Out Winner

Miller Given Second Place in Dash to Iowa Team Leaves This Morning—Men Going

Des Moines papers are now busy figuring out the "dope" for the state meet tomorrow. H. J. Campbell of Perry in the Daily Capital has figured that Grinnell will win with 52 points, Ames second with 24 points, Drake third with 23, and Iowa and Morningside trailing with 13 and 5. He figures that Iowa will get first in the discus, second in the 100 yard dash and high jump and third in the 440 and half mile relay. The "dope" however is very likely to go wrong for some of it is based on the unsatisfactory Kansas City meet.

Coach Catlin did not make any statements about the meet and asked that the papers be left alone until after the meeting.

O'Brien, the trainer, said that the men were all in excellent condition, but that he could not say as to what they would do in the state meet, as the Missouri Valley experience had upset his calculations.

Dean L. G. Weld acted as president of the Iowa track meet. He called the meeting to order and recognized the need of new quarters for several departments.

Failing the, the trainer, said that the men were all in excellent condition, but that he could not say as to what they would do in the state meet, as the Missouri Valley experience had upset his calculations.

WILL HONOR THE SENIORS

Assembly Next Week Will Be Given Over to Exercises for Graduating Class

At Assembly next week the seniors of the University will be honored. The assembly will be held when exercises in honor of the graduating class will take place in the Auditorium of the Hall of Natural Science.

The entire hour from 10 to 11 will be devoted to the exercises, which will consist of speeches by a member of the senior class, one from the junior class and a faculty member. Music will form a part of the program. The personnel of the program will be announced later.

Coach Catlin is chairman of the committee for speakers, the other members being Raliff Otsell and J. H. Peck. Edith Ball is in charge of the program and musical and associated with her are Mac Kerr and J. T. Rose.

The idea is to include all the seniors in the University in this final farewell of the under-class graduates. Inasmuch as the underclassmen invariably get away from Iowa City before commencement and take no part in the following day's exercises, permission was granted by the class president.

At a meeting of the senior class of the College of Liberal Arts yesterday afternoon, announce was made of this "Senior Day Plan" and all students in that college were urged by President Forbush the class to attend.

Tao Delta Phi Select 250

In a very exciting but poorly attended meeting the Tao Delta Phi selected the Sig Alpha by a score of 12 to 12 yesterday afternoon. At one time the score was 7 to 0, but by clever play both the Tao Delta finally went out.

Church Meeting

The Choral Society will meet tonight at 7 p.m. in the Natural Science Hall Auditorium for a rehersal. The meeting will be addressed by the director to be present.

Phi Delta Phi Initiation

Mr. George Luxford, L. '08, was initiated into the Phi Delta Phi last night in the fraternity rooms on College Street.

The innovation of a Senior day this year is one of the greatest
BENEFITS day to the new
year this year. The greatest
drawbacks to the new
Senior have been
handled down from long lines of
students. A program for the Seniors will
go far toward making associa-
tion for graduation during the school year
Day at the close of the school
gether. speechs

The idea of having a
day when all students can listen to
the idea of the Seniors will
give far toward making associa-
tions for University of Iowa.
other scholars either have
graduation during the school year
so all the undergraduates can be
spectators or hold some Senior Day at the close of the school
year when all the Seniors are
together. Speeches and music by
leading Seniors make an attrac-
tive program. It is to make ass-
ociations, he will probably be
the last time that the undergradu-
ates will see most of the Seniors.
For years the Seniors have
held their graduation exercises with
merely a handful to attend them
and though their graduation date is still set for late, yet this
little pre-graduation program will
be of much benefit.

This also serves to bring the
Seniors of all colleges together
for it is not the seniors of just
one college that are to gather but
it is the seniors from all colleges.
As the time of graduation approach-
s the seniors should forget their
feeling and come together
as they go out into the world.

Bless you, my children; bless
me! I'm glad I've settled that
the Duke of Abruzzi and
the Duchess of West Virginia (that's
Miss Ellison) are as
hitch up good and proper, and
that his, the king of Italy,
will okay the buns. That puts
our Kate in line for the throne, if I
know anything about it, and
the rest of the bunch will have to
recognize her. Good! I am told
that the lady declared to stand
for any “morganatic” wedding
(whatever that means) so one
thing is removed and they will
proceed with legal pump and trim-
ings.

Again, if knoc-
ters don't intervene to stop me,
this will be the first inter-
national marriage at which a real
king was obliged to act as host
man to an American girl or
twelve girl, for that matter, so
far as anyone knows. I hope the
queen will now come through
and do what's right, and that
the persons will be allowed to kiss
the bride in the regular orthodox
way. Gosh can I hear the
bobbies singing already and
Herr Mendels on playing the
Vroom and Count Tureen
giving with the punch bowl. Why,
I think it makes a lot of sense to
the high wave, myself. But, say,
we've got them skinned on one thing,
and that's a straw hat. Been in to see
us lately? Come on in.
