## FORENSIC SOCIETIES ARRANGE PROGRAMS

### FIRST EXERCISES TO BE GIVEN THIS EVENING

#### Commission Government, and Popular Election of Senators to be Debated—Social Tonight

The following forensic societies will start their weekly programs at their respective halls this evening. The Irvings and Philos will debate the commission form of government, while the Zets will take up the question of electing U. S. senators by direct vote. Besides these debates, there will be music, orations, declamations, speeches and readings on the different programs. All the societies urge visitors to attend their meetings, which are held at Close hall at 8:00 o'clock every Friday evening. A special invitation is extended to the freshmen boys to attend the Irving program and to stay for the stag party which will be given immediately after the program. The programs are as follows:

#### Irving Institute

#### Newmans To Entertain

The Newman society, the Catholic Young Men's society of the university held a meeting last evening in K. C. hall for the purpose of arranging for their coming annual reception of the Catholic students of the university. It was decided to hold this function at the Majestic and the day decided upon was Friday, October 9.

## PROF. GILLIN SPENDS SUMMER IN EUROPE

### Declines Excellent Offer and Returns To Iowa

Last week, on the ill-fated Mauretania, Assistant Professor J. L. Gillin, of the department of Economics and Sociology, and Mrs. Gillin, returned from a summer's trip in Europe. When off the coast of Newfoundland, in the hurricane which swept the Atlantic from the West Indies north, the ship broke a propeller. On the fifth trip previous she had broken another, which had not yet been repaired. This left her with only two propellers, a large one and a small one. The strain was so great when the propeller broke that the seams of the ship were loosened and the pumps had to be kept working at full capacity until she reached port. Then when she reached Sandy Hook, the smoke from the burning forest fires in Michigan was so dense that the pilot would not attempt to bring her in; therefore, another day had to be spent there and the passengers were landed two days late.

Dr. Gillin spent the summer in the chief cities and educational centers of Europe studying social conditions especially. He also spent some time in the libraries of Berlin and Paris in special research work. Considerable attention was also given by him to the observation of social experiments in the cities visited, such as the Bourneville social experiment of Cadbury, the cocoa manufacturer, and the philanthropic agencies of Berlin, a city without a beggar.

Dr. Gillin had received notice of his appointment by the Prussian ministry of education under the arrangement of the Carnegie Foundation for the Advancement of Teaching for an exchange of teachers between the Prussian and American Universities, as a lecturer on social life in America for one year, but declined the appointment to return to the University of Iowa and the position to which he was elected last spring by the Board of Regents.

The summer was a most delightful and helpful one and Dr. Gillin takes up his work with added enthusiasm for the coming year.

#### Prof. Calvin Lectures

Professor Samuel Calvin, head of the geology department in the university, will deliver a lecture at Fort Dodge at the teacher's meeting there on the 16th of Oct. His subject will be "The Physiography of the Northwest Iowa." Prof. Calvin is head of the state geological survey and is more adequately and peculiarly fitted to handle a topic of this nature than any other geologist in the state.

On October 24, Dr. Calvin will appear at Chicago under the auspices of the Field Museum lecture course management. Here his topic will be "The Geology and Scenery of the Pipestone Region."

## FOUR IOWA GAMES SCHEDULED TOMORROW

### AMES PLAYS COE AT AMES SAT- URDAY AFTERNOON

#### Iowa and Drake Play Their Alumni Leander Clark at Grinnell—In- terest in Chicago Game

Tomorrow will practically be the opening of the football season, although several games were played last Saturday. Four contests will be pulled off in Iowa. Iowa and Drake meet their alumni; Ames plays Coe at Ames, and Grinnell meets Leander at Ames and Grinnell meets Leander due game at Chicago is the contest which will be most closely watched throughout the Big Eight conference.

Following is tomorrow's schedule: Franklin, Ind., and Wabash at Crawfordsville.

Olivet and Hiram at Oberlin.

Indiana and Depauw at Bloomington.

Illinois and Monmouth at Urbana. Notra Dame and Hillsdale at Notre Dame.

Lombard and Notre Dame at Notre Dame.

Iowa and Alumni at Iowa City.

Knox and Depauw at Chicago.

Michigan and Case at Ann Arbor.

Earlham and Antioch at Richmond Chicago and Purdue at Chicago.

St. Louis University and Missouri School of Mines at Rolla.

Minnesota and Lawrence at Minneapolis.

Michigan Agricultural and Flint State at Lansing.

Grinnell and Leander Clark at Grinnell.

Nebraska and Doane at Lincoln. Ames and Coe at Ames.

Drake and Alumni at Des Moines.

#### New Society Organized

The young ladies in the University who belong to the Episcopal church have organized a new society and called it St. Margaret's Guild, which is to take a permanent place among the other guilds of the church. The guild started with some thirty members.

The officers are:

President, Hazel Reddick, of Iowa City; vice-president, Edna Lund, of Harlan; secretary, Helen Lettson, of Des Moines; treasurer, Louise Lyon, of Iowa City.

#### President's Reception

The President and Mrs. George E. MacLean will hold their annual reception for the staff of instruction on Friday evening, October 2, at eight o'clock, at their home, 603 College street. On account of the shortness of the time, written invitations will not be issued. The instructional staff, with their wives, parents, sisters and brothers, are invited. The new members are requested to receive, and to come at quarter before eight o'clock.

For University news, read the Daily Iowan.

## CHICAGO GLEE CLUB DELIGHTS AUDIENCE

### Bright Prospects for Forensic Lec- ture Course

An enthusiastic audience listened to the Chicago Glee club Wednesday night in the Auditorium, their concert marking the opening of the attractive course offered this year by the Forensic League. If Wednesday's concert was any sort of a criterion by which to judge the course, the Auditorium will be packed for the remaining numbers.

In last night's concert the ensemble singing of the Club was perhaps the most prominent feature, the harmonious blending of the fine voices causing universal comment. They were heard to best advantage in Dudley Buck's "On the Sea" and J. A. Park's "Crossing the Bar." A novel feature, and a very pleasing one, was the quartett of trombones. The "Pilgrim's Chorus" from Tannhauser upon these instruments brought forth a storm of applause.

Mr. Dixon, basso, also appeared in several character sketch readings, in which he proved himself a master of his art.

#### Freshmen Laws Elect

At a meeting of the first year law class yesterday afternoon, the following officers were elected: C. C. Howell, president; R. I. Rider, vice-president; R. H. Wise, secretary; Ben Jacobson, treasurer; G. Fraser, class delegate.

#### Chicago Gains in Race

The Chicago Nationals by defeating Cincinnati yesterday 6 to 0, while New York dropped the second game of a double header to Philadelphia, climbed to within two points of the Giants and are now tied with Pittsburg for second place. The results:

Chicago 6, Cincinnati 0; Philadelphia 3, New York 4 (first game); Philadelphia 6, New York 2 (second game).

#### Alumni Wed

Jas. L. Shifflet, L., '07, and Miss Grace Alt, L. A., '07, were married yesterday evening at the home of the bride's parents, Mr. and Mrs. Geo. Alt, of Tiffin, Ia. Mr. Shifflet is an attorney in Grinnell, where the young couple will make their home.

#### Sophomore Class Election

The sophomore class of the college of Liberal Arts will meet this afternoon at 3:30 in the L. A. Auditorium, for the purpose of electing class officers.

Mrs. Crawford of Davenport, who has been attending the Baptist association meeting, is a guest of her daughter Francis at the Kappa Kappa Gamma house.

Kappa Kappa Gamma entertained Tuesday evening at a spread at the chapter house.

## MANY SUBSTITUTIONS IN VARSITY LINE-UP

### SEVERAL OF RESERVE PLAYERS GIVEN TRIALS

#### Long Scrimmaging Marks Practice— First Appearance of Charging Machine—Alumni Coming

Many substitutions were made yesterday afternoon before the long scrimmage practice was over, Coach Catlin carrying into effect the resolution to develop a strong list of substitutes.

After the varsity, with Bruggeman at the helm in place of Carberry, had scored a couple of touchdowns, the most promising members of the scrubs were called in one by one and when darkness finally stopped the scrimmaging, the varsity lineup could be hardly recognized as composed of regulars.

The new men showed up strongly and another touchdown resulted before the coaches called a halt. Following Bruggeman, Carberry ran the team at quarter and then Bemis was given an opportunity to direct the varsity defense. McDonald was sent to full back, Fee to right half, Bell to left tackle, Whaley to right tackle, Hanlon to right end and other changes were rapidly made by the coaches toward the finish.

That the line of first substitutes will not be so weak as the coaches feared at the beginning of the season, seems probable after last night's game fight against the nery freshmen eleven. The first year men proved the hardest kind of a proposition at all times for the varsity and are rapidly developing into a good football mechanism under the coaching of Harry L. Heinzman. Many of the Hawkeye subs will be in a class with the regulars and for three or four of the positions there will be little choice between two or three candidates.

For the first time this season the charging machine was used on Iowa Field last night. The linemen labored up and down the gridiron the fore part of the afternoon until their backs ached. The old machine is none the worse for wear during the past year and did good service when called into play last night.

Replies from the alumni are coming in slowly, but it is thought that a number of the old timers will appear at the last minute. Definite replies have been heard from Edison, left half in 1900, Stoltenberg, "Germany" Schwinn, Narum, Jones and Moore. Coaches Catlin and Griffith and Heinzman will probably be called into service in the alumni lineup before the game is over.

#### MASON'S NOTICE

A smoker will be given at the Masonic lodge rooms by the Masonic Club of the university, Tuesday evening, October 6, at 7:30 p. m.

All Masons are cordially invited.

**BE BROAD**

Under the headin, "A Broad View of College Life," the Columbia Spectator, the college paper at the University of Columbia, prints the following excellent editorial:

"It is usual for the claims of athletics to be urged on the entering class with great energy and persistence. This is most proper, for the importance of this phase of college life is evident to every thoughtful person. But in view of the rather exclusive attitude which some are likely to assume in this regard, it may be well to suggest for the new Columbia men that there are other ways of showing their spirit and their ability just as conclusive as these more strenuous ones. After all, in spite of the opinion of some undergraduates, there is a place in a college education for intellectual, as well as physical training, and, although ideas may differ as to the exact comparative importance of the two, it is pretty generally admitted that it is well for every college graduate to have had some little mental exercise during his student career.

"It has been said, so often as to become commonplace, that one distinctive mark of the college-bred man should be his well-balanced view of things. It is hardly necessary to suggest that the undergraduate who devotes himself exclusively to one aspect of college life, be it athletics, study or social affairs, will not obtain the sound basis of judgment on which a clear understanding of his place in the world must rest. Our plea, then, is for a broad conception of what constitutes college activity, and we believe that only by adopting this wide point of view can one realize the full benefit of a college training."

**SUBSCRIBE NOW.**

If you are going to subscribe for the Daily Iowan, why not do it now? If you want the paper at all, you want the complete issue for the year. Already this fall we have had several calls for last year's papers from students who neglected to keep their file complete throughout the year. No more complete history of the school year can be had than the Daily Iowan, and you will value the papers more the older they grow. The paper needs your support now more than it will at any time throughout the year, and we believe we are safe in saying that a subscription will give value received on the investment. If you have not already subscribed, leave your address at the Iowan office.

**Look-Who's-Here**  
 I asked the old man the  
 other day the meaning of  
 "Affinity," he said, "Affinity  
 is power, proximity the match,  
 and man the fool." When a  
 girl does not look with favor  
 on a young man's suit he  
 should transfer his patronage  
 to another clothing store. I  
 think it would be a good  
 thing if the people of this  
 town would spend their sum-  
 mer vacation around St.  
 Joseph, St. Louis, or Joplin,  
 or some of those places. Then  
 when they return they'll be  
 from Missouri and those dis-  
 count and rebate merchants  
 will have to show them. A  
 merchant who tells you he  
 will sell you a \$30 suit for \$20  
 in reality gives you a suit  
 that cost him about \$11; same  
 suit exactly as we sell every  
 day at \$15. That sort of  
 thing is demoralizing to a  
 community. If continued it  
 will be carried into every  
 kind of business, and a young  
 man, in order to get a job will  
 be compelled to lie and steal  
 for his employer. The

### SOUTH PAWS INEFFECTIVE.

**American League Left Handed Pitchers  
 Have Met With Continued Reverses.**

The season of 1908 will go down in  
 the history of the American league as  
 the year in which the left handed  
 pitchers met with misfortune. Killian  
 of Detroit is the only one in the entire  
 league who has been a consistent win-  
 ner, he having won thirteen out of  
 nineteen games. Rube Waddell has  
 done as well as usual and comes next,  
 with fifteen victories and nine defeats.  
 Eddie Plank has also had an off year,  
 having just done a little better than  
 break even. Burchell of Boston leads  
 the south paw recruits, with seven  
 victories and six defeats. Nick Alt-  
 rock has just broken even, and he has  
 worked only fourteen times all season,  
 most of his games being against  
 Washington, Boston and St. Louis.

Graham of St. Louis is another re-  
 cruit that looked fair, and in another  
 year he may be a reliable pitcher. Lack  
 of control has been his greatest fault.  
 Burns of Washington looked like a  
 wonder at the start; but, al-  
 though he pitched many good games,  
 he did not seem to be able to go the  
 limit in a close struggle.

Two veterans, Jesse Tannehill and  
 Case Patton, went to the bad entirely,  
 and Otto Hess had to be farmed out to  
 Columbus.

Connie Mack banked on Krause, the  
 California south paw, taking Waddell's  
 place, but after two or three trials the  
 youngster was shipped to the Tristate  
 league. Ed Siever could not win for  
 Detroit, and he went to the same com-  
 pany that Hess did. Cleveland was  
 also disappointed in Bill Lattimore and  
 Gladstone Graney. The latter, how-  
 ever, will get another trial next spring,  
 as will Hess.

### PORTER GREAT HIGH JUMPER

**Athlete Who Recently Leaped 6 Feet  
 6 3/8 Inches the World's Best.**

Doubtless Harry Porter, the famous  
 Cornell athlete, will soon be decorated  
 with the title "champion high jumper  
 of the world" in view of his wonder-  
 ful leap of 6 feet 6 3/8 inches. The  
 height of the jump was accurately  
 measured by a civil engineer with a  
 steel tape. Everything else about the  
 performance smacks of the bona fide  
 and in that event will be favorably  
 acted upon by the Amateur Athletic  
 union. Porter won the high jump at  
 the Olympie games with a leap of 6  
 feet 3 inches.

Porter is one of the most remarkable  
 jumpers this country has produced.  
 He stands six feet two inches and  
 weighs 200 pounds, the only man who  
 ever leaped so high and carried so  
 much weight. While at Cornell he  
 was only a mediocre performer and  
 has made all his records since his  
 graduation. Porter is a subscriber to  
 the faith of Christian Science and to  
 this ascribes his success.

### Merriam Has Quit Maroons.

Ned Merriam, star fullback on the  
 University of Chicago football team  
 last year, will not return to the mar-  
 roon fold this fall. Merriam, who was  
 expected to be one of the mainstays of  
 Stagg's team, has decided to coach in-  
 stead of bolstering up the Midway  
 back. Merriam's loss will be a severe  
 one, as Coach Stagg will have compar-  
 atively few of his veterans back and  
 was planning on the big quarter miler  
 and back to take up his old position.  
 His absence will result in a bad break  
 in the back field, as Steffen and Id-  
 dings will now be the only veterans to  
 return. Merriam advanced to the first  
 rank last year after playing substi-  
 tute halfback in 1906. He made good  
 in the first part of the 1907 season, and  
 Coach Stagg gave him permanent pos-  
 session of the place left by Hugo Bez-  
 dek. He played in all of the Chicago  
 games last year and worked well with  
 the De Tray-Steffen-Iddings combina-  
 tion.

### Pautis Barred From Penn Eleven.

Already a blow has been adminis-  
 tered to football prospects at the Uni-  
 versity of Pennsylvania. Simon Francis  
 Pautis, who played a star game  
 at end last season, will be unable to  
 take part in the gridiron game this  
 season because of conditions in his  
 studies. He also played first base on  
 the varsity nine. Pautis was practi-  
 cally sure of his place on this year's  
 eleven, but it is said that he will have  
 to take his sophomore year over again,  
 and this means no athletics for Pautis.  
 He was both speedy and accurate  
 in his play and was looked upon as  
 one of the best ends in the country.

## Among the Books

### "Heart Throbs"

A unique publication is one called "Heart Throbs" recently sent out from the press of the Chapple Publishing Co., Boston. It is the result of an invitation by Joe Chapple, Editor of the National Magazine, to the people all over the country, asking them to send, in competition for prizes, selections of prose and poetry—real heart throbs, the things that make us all kin." He received them by the thousands and from the mass of material he has compiled an appealing volume of 840 selections, including the Lord's Prayer, favorite hymns and poems mixed indiscriminately with sentimental verse and funny stories. The selections for the book were made by Senator Allison and Admiral Dewey. It is truly what its name implies—a veritable scrap book in which one is most likely to find just what he is looking for when trying to recall some old favorite in literature.

"The Hermit and the Woman." Charles Scribner's Sons have pub-

lished within the month a collection of short stories by Mrs. Edith Wharton entitled "The Hermit and the Woman." The book takes its title from the first story and contains all of Mrs. Wharton's stories which have appeared in the magazines within the last four years. The mere reader will find them delightful; the student who is searching for typical English short stories, will find them valuable. There are seven in the book, two of which deal with problems and questions of the day; the others with mediaeval life.

### "The Other Americans"

Arthur Ruhl, who is on the editorial staff of Collier's, has written a book, "The Other Americans," which the Scribner's published last month. The book gives a keen, intelligent and remarkably interesting account of the cities, country, and especially of the people of South America. The narrative is lively and full of amusing adventures. The book is fully illustrated by photographs and drawings.

## ALUMNI DEFEATED SCORE IS 10

OLD MEN PUT UP GOALS  
AGAINST REGULARS

Catlin, Griffith, Heinzman  
and Schroeder Play Goal  
Kirk Makes Drop

In a short but spirited game the old stars went down to defeat the regulars on Iowa Field after noon by a score of 16 to 10. The old timers played a stubborn game but were prone to fumble. The fact that the system was devised but a few months ago was a disadvantage.

At first, neither side was able to gain consistently, but toward the half, Seidel picked up a fumble and crossed the line. Kirk kicked goal.

In the second half the most scored when a 30 yard kick from Catlin's toe hit the bar. Stoltenberg recovered and the alumni went to the line before the varsity line regulars braced and Hazard pretty 30 yard run ten minutes. Kirk tried twice at drop kick being successful.

Bruggeman ran the varsity first half and Carberry the

The line up was as follows:

Notes of the Game

The attendance was 2,200. The alumni won the toss and defended the south goal.

Catlin, Griffith and Schroeder marked by their red jerseys.

Atkinson had the same success as last year.

"Burch" chained to the center of the west side entertained the stands.

The band played in the south fore the game and better.

## That "Piano Advertising Plan" from Iowa

Pulls Prosperity out of a lean business caused by shortage of crops, panic, strong competition or bad location

A WONDERFUL WINNER—NEVER FAILS—CAN'T FAIL

The piano costs you nothing—Your competitors pay the bill and YOU reap the profits—all the way from \$500 to \$35,000. That's what my patrons testify. Let me show you their letters—the finest bunch of delighted ginger talks from hard headed business men you ever read or will read. Merchants, Manufacturers, Publishers all brilliantly successful.

### A Winning Campaign

I equip you complete with the whole premium plan—all details worked out—to WIN.

Send me your order and tell me the competition you want to overcome and I'll do the rest. I know how. I've done it for others and don't know what failure means. Takes the public by storm—Sets ten thousands tongues wagging—Starts the dollars your way and keeps them rolling in amazingly.

Live Ones, write me, Needy ones, wake up, I'll show you how it's done.

Salesmen, boys with "grit and go," it's your chance. I want a few reliable salesman to canvass the retail trade. Samples in coat pocket. Don't worry trying to revive dead lines. Get one with breath in it now. Get wise to the "Iowa Idea." Mention this paper.

### The Cote Piano

A perfect instrument. I sell it to you at a moderate price, but no \$500 instrument has richer tone, more perfect action or a longer life than the Cote. Used in a thousand homes. Well and favorably known every where. Splendid workmanship throughout and beautifully finished.

And let me tell you it would be suicidal for any merchant to give away a cheaply made, inferior piano to any customer if he wants to reap a permanent benefit from the enterprise.

Used by Merchants, Manufacturers and Publishers, large and small, and always wins.
