PLAYS LEAVES TO STUDY IN EUROPE

AMOUNT OF "OLD GOLD" SAILS ON OCTOBER 10

Honeymoon To be spent abroad. Married yesterday to Miss Isbell in Washington, D.C. Plans to return after the honeymoon.

On October 10, Dr. C. P. Irwin will sail for Europe where he will spend a year in France and Spain doing historic work among the phases and archives relating to the history of the Mississippi Valley.

For the Iowa State University, a trip to Europe will be a welcome addition. It will be possible for the Museum and Library to study the material in its original context and provide valuable data for future research.

Colonial Houses Literary Offer For Boys

The Iowa Society of Colonial Houses offers an opportunity for boys to gain an understanding of American history. The society provides a platform for students to engage in discussions about the lives of people from the colonial era. This year's theme is "Women's Building." The society has organized events and activities to encourage students to learn about the contributions of women during the colonial period.

From Other Colleges

Theodore Neison, Jr., who left Harvard last June, has begun work with the Harvard Carpet Works at Thompson's. His particular duties are unknown, but it is understood that he will commence at the same rank and work up, producing similar work for Harvard, and many friends at Harvard are certain that with his university training he will rise quickly to a notable position.

The demand for tickets for the Yale-Harvard game on November 21, has been so great that the Yale and Harvard graduate managers have decided to meet here next week to arrange the details settled. It is estimated that there will be 109,500 people who will pay for tickets.

Morningides has reduced her semester fee from $2.25 to 50 cents, and added the ticket system. "Your face will constitute your ticket." The suspension lasts the year and is eight weeks a week.

The L. C. S. Student, of Ames, has been running an approximately correct list of cartooning on different college events.

With 114 men in football uniform thirty-one of whom constitute the center squad, Dr. William H. Mosby, head coach of the University of Missouri, is making strenuous efforts to whip up a mono into shape that will beat Iowa university when the Hawkeyes come here Oct. 17. A training camp will start tonight with twelve men, and it will be closed to twenty-four days.

President Wm. King has closed a term as head of Cornell, unqualified as in history, in the history of any American College. He is succeeded by James Harris, who has been connected with Cornell, practically ever since his graduation from there in 1849.

Mr. H. G. Pills, head of the chemistry department of University of Washington, who has just returned from a fifteen months' leave of absence, spent in visiting German universities and pursuing research work in chemistry, has expressed himself as thoroughly dissatisfied with the character of work done in the high German institutions.

In direct contrast, he is most agreeably surprised in the comparatively rudimentary of the work in the American universities.

That the quality of the student, the text has already begun to show by a little study of the later accomplishments of the University of Washington. Last year New York state sent 113 men to Michigan, and the prospects are now bright for placing the six mark that year. What critics think of the heat is clearly shown by the fact that men are coming in stereotyped and musty, and Harvard and Yale in the eastern coast state.

The sectional clubs at home by the eastern men foster the spirit of good fellowship and mutual help which is an essential characteristic of the social fraternity.

A new course in public speaking and retail dealer has been added to the Department of Expression at Morris-Williams College.

From the opera in public speaking and retail dealer, and has been added to the Department of Expression at Morris-Wilkins College.

The university head at Nebraska has objected to the administration the administration of the institution which it is said did not last long enough. It looks upon the tradition as one of the strongest that the state.

Drake University is much pleased with their new 15,000 literary building presented by the benefactor, Mr. Allen O. Strub. This gives Drake one of the best college library buildings in the state.

Miss Stella Smith of Harlan returned to school last week.

Miss Butler will give a reading at the Knights of Columbus banquet Monday, given to celebrate the superiority of the discovery of Alaska.

The Newman and C.P. U. societies will give a dance in Majestic Hall Friday night.

Delta Tau Delta will have a dance in the chapter house at Friday night.

Sigma Alpha Epsilon entertains Thursday, October 14, at a dancing party at Majestic Hall.

COLLEGE OF DENTISTRY
MAKES GOOD PROGRESS

Increase in Attendance Almost Five Times Per Cent.

Judging from results actually accomplished this fall, the Dental Department of the University seems to have learned upon an era of great prosperity.

The official report of the registration of the freshman class has not been completed, but unofficial estimates show an increase of from ten to fifteen per cent over last year. Concomitantly few of this year's junior and senior classes failed to return, and the present graduating class figure to be the largest in the history of the school.

No changes have been made in the personnel of the faculty and no radiologic alterations have been made on the building. The general equipment has, however, received a complete overhauling and put into good working condition. The Preparatory and finished laboratories have been completely fitted up and with the least cost of equipment.

In the Preparatory laboratory the installation of dust exhausts over the Burke tables will do away with the unsightly breathing of bone dust as was formerly the case.

Although the work has started hard, the instruction is now treating an average of seventy-five patients a day and it is said on official authority that as many as one hundred and fifty a day will receive treatment later on in the semester. Appreciably more thousand thousand deno-
molar operations were carried on last year.

The State Board of Dental Examiners will meet in the city to examine the Junior class of the Dental College on work already completed by them. This is an inspection covering the past year and is the result of a two years' agitation on the part of the Dental Soc.; it is expected to be of great help.

The Register class as it will leave their

come close for routine work.

Mr. Ross H. Vosland, formerly assis-
tant professor of operative den-
istry in the College of Dentistry, has been appointed professor of oper-

ative work.

Junior Mollie Eber. At a meeting of the Junior medical class held yesterday afternoon at 1:30, six following officers were elected: President, W. H. Daniels; Vice President, H. J. Harris; Secretary, Miss Jones tournament, C. C. Smith; Business Manager, W. J. McKenna; Editor Hawkburn, A. Chilton; Editor of Middlebourn, D. Fisk; Secretary: Respectful, at area, area, area, area.
