Amusements

Three Twins. The "Three Twins" which closed in the Golden Theatre with the full prestige of a Metropolitan success behind it, having run 1 month in Chicago at the Watkins Opera House and 3 months in New York at the Herald Square Theatre, and which received the enthusiastic praise of the entire city, now have as one of the most prominent musical plays produced in years.

The Man From Home. The love of a native American girl for a little from the backwoods of the new play of the middle west by Booth Tarkington and Harry Leon Wilson which has achieved the greatest dramatic success of years in both New York and Chicago. The country at large demands it. And the typical American productions that stand on the absolute best in things theatrical, will be given at the Coburn Thursday.

If you have foot troubles you cannot do good work with your hands or your brain. To work right — you must be foot free.

The "STETSON LAST"

A new idea in boot making you cannot do without. The "STETSON LAST" was designed for the man who works with his feet foremost. For ten years it has steadily become more popular. It is comfortable, attractive and will perfectly keep out wet and cold. At the show you'll have your hands free. It is light as well as the hands looking like they can carry plenty. Housewives give it the thumbs-up with every trial, saying that man who displays it has a story worth of wear. So many asked what "STETSON" when you see it.

New Vests

Patterns in fancy vests are apt to be extreme. We have tried to avoid the "baisy" and so-called "swagger" kind for those who are keeping with good taste and style.

You can see how well we have succeeded if you will look over our line. Some of these are in our window now. Do you not need something to tone up your "snap"? Will all of our girls when you need something for an evening occasion? Find them in the south show case to the front.

WE MAY disagree as to who is the proper man to run this government for the next four years but if our clothes education has been at all the same we can agree on the kind of an overcoat you need. Maybe "College Brand" goods are new to you but if you want to make your acquaintance let us show you from our stock what they are like for this season.

These Coats

You will not find anything any cheaper, style and serviceability considered, than these overcoats — they are: well made, well sewed and the expertise of the cutter is only appreciated when you try one on.
