ON KNOCKING
"Knocking" has been prevalent in the Iowa student body the past three weeks, and the "avrill chorus" began equally buoyantly after the 31st. There was no knock over the wires from Champaign last Saturday. Everybody connected with the I. "U. has always been a leader in their share of criticism from some quarter.
The Minnesota Daily editorially admits a similar condition in the University of Minnesota followers in the Wisconsin victory. We take occasion to repeat the editorial's sentiment.

The First Day Doesn’t Count

THE VALUE of a suit of clothes does not lie in how it looks when you first put it on. Almost any sort of a suit does that. Unless the shape of the garments has been wrought into the cloth, the original appearance of the clothes will soon be lost.

My Suits are made right in the beginning, and stay and look right in the end.

Styles are important. I am prepared to tailor your suit in the most approved fashion and cut your coat in the latest and newest college flare, which will give you individuality and mark you well dressed.
