Don't be afraid to wear the "Arrow Brand" collars, because they are only one bit or two for a quartar.

They are not one bit inferior to the best collars you ever wore—

That “Piano Advertising Plan” from Iowa

Falls Prosperity out of a lean business caused by shortage of crops, panic, strong competition or bad location

A WONDERFUL WINNER—NEVER FAILS—CAN'T FAIL

The piano costs you $500. Used by Merchants, Manufacturers and Publishers all brilliantly successful.

A Winning Campaign

I equip you complete with the whole premium plan—all details worked out to win. Send me your order and tell me the competition you want to overcome and I will do the rest. I know how. I’ve done it for others and don’t know what failure means. Takes the public by storm—Sets ten thousand tongues wagging—Starts the dollars your way and keeps them rolling in amazement.

The Cote Piano

A perfect instrument. I sell it to you at a moderate price, but so $500 instrument has richer tone, more perfect action or a longer life than the Cote. Used in a thousand homes. Well and favorably known every where. Splendid workmanship throughout and beautifully finished. And let me tell you it would be suicidal for any merchant to give away a cheaply made, inferior piano to any customer if he wants to reap a permanent benefit from the enterprise.

Used by Merchants, Manufacturers and Publishers, large and small, and always wins.

Live Ones, write me, Needy ones, wake up, I’ll show you how it’s done.

Salesmen, boys with “gut,” it’s your chance. I want a few reliable salesmen to canvass the retail trade. Samples in coat pockets. Don’t worry trying to revive dead lines. Get one with breath in it now. Get wise to the “Iowa Idea.” Mention this paper.
