WHY QUESTION WAS TAKEN TO SENATE

STATEMENT OF FACTS REGARDING SOCIAL COMMITTEE.

Liberal Society Answer Questions (Continued from Page 4)

Why was an appeal made to the Senate regarding the Liberal Society and the present social regulations instead of allowing the matter to remain therein, in the hands of the social committee? This is a question that has naturally occurred to many who have been following with interest, the battles waged by the society for reasonable adjustments of rules during traditional Friday night, and those weeks vacant. Nothing, they feel, is left to be determined elsewhere.

As a matter of fact, conditions have come to such a pass in the social conduct of the university that the other must be taken. Last fall the organization started out full of promise. Their freshman program held much promise of success and ability. It was ad-

pectedly, no doubt, that the organizing committee would have been greatly interested in the progress of the society. But the committee has failed to realize the situation that has grown up on the campus. Attendance has dwindled, was given to Hanlon .

Iowa-Amaltation, alloc

Current street.

Why isn't the university In the habit of selecting the most prominent of the social organizations in the university in order to give them the best of the credit? It has been the custom of the society to mold a team that will add to the glory of the team. It is not a matter of general graduation, that the society is taking up a few minute details. But this can be proven by the absence of leaders received every day by the society and the facility of enlarging.

Then there are some like-minded people who are for the society for the university in order to give the society the best results. The society is taking the best result that it can. The society is taking the best result that it can. The society is taking the best result that it can. The society is taking the best result that it can. The society is taking the best result that it can.

Dean Gregory on Eastern Trip.

Dean Charles N. Gregory spent the holiday vacation in the east. He attended a meeting of the American Political Science Association at Washington, and while in attendance there was called in to confer at the Statler Hotel in New York City on December 21, where, as president of the American Law Association, he met with the representatives of the sections of Legal Education and the Council on Legal Education of the American Bar Association. He also made a visit to the University of Virginia and attended a reception given by the president of that university. Dean Gregory was elected to the General Council of the National Civil Service Reform Association at their meeting held at Pittsburgh.
