Three Splendid Entertainments

STATEMENT.
The Forensic League solicits the patronage of the University and general public for the three entertainments advertised herewith. They ask this as a mark of appreciation for the successful work which the League is doing. They need four hundred dollars to meet the expenses of conducting three inter-collegiate and three inter-society contests. This amount is only a part of the expense largely borne by the literary societies. Last year the public patronized the Lecture Course so liberally that the funds needed for that year were secured. This year the Course has been thus far a financial failure. Your presence at these three entertainments will save the situation and enable the societies to conduct their further work in proper fashion and close the year without debt.
