DENTAL CLINIC ENDS:
200 ALUMNI ATTEND

FIFTH ANNUAL MEETING WAS MOST SUCCESSFUL
All the Visitors are Pleased With Meeting—Class of 1901 Holds Reunion

The sixth annual Alumna Dental Class of the College of Dentistry ended yesterday afternoon after the most successful meeting ever held. Nearly 200 alumni registered yesterday and 100 yesterday. In all, of these express great satisfaction with the meeting and are very enthusiastic over the work of the committee in charge of the event.

The clinic had one of the best programs ever given at a similar meeting in the history of the University. The lectures on Tuesday afternoon and evening were especially interesting as was the clinic work done by Drs. Conant and Rock in illustrating their lectures. The coming year will be a year of great interest. All the clinics were open and all the participating doctors were well pleased with the day and the work.

The executive committee met after dinner, and received congratulations from all sides for their work. Great credit was given to Dr. R. B. Vol

THE VARSITY FREEMAN IN

DOCK STREET

The vareyai freemn in is to be sold at 7:00 in, March 23. This sale is partly a rearrangement for both varey and freemn.

Every advantaged Iowa man should be here tomorrow, city or county. The question of having a strong varey team is not that we haven't material. We have, but we're not in the right.

If you have the right spirit you will be at the paper this evening. Get down to the paper and see the coach and roll.

A controversy has arisen as to whether this meet shall be in the hands of an all-student team or a varsity-freshman meet. There are several reasons why a varsity-freshman meet would be of more benefit than an inter-dorm duty meet. First, inter-dorm duty meets in the past are not fair to temp. properly, behind the strength of the varsity. Second, inter-dorm meets in the past have failed to win the complete control of the university. The university is closer to the alums than to his colleague, hence he would work harder for it. Fourth, the general knowledge of our alums is the lack of snelled and sympathet-ic working body. An inter-dorm duty meet must fail to build the university.

The task of building up a varsity track team is great. It is up to every college of the university to get interested. All the colleges, old and young, at Iowa should be of their own for that of the University's good get their own out.

It is a faring thing that on the varsity the old and young must go down on their knies at the finish. Shall Iowa go down in defeat for the sake reason and of boys, alums, and discol-stud-ent today? It is about time the Iowa student is ready to be grand. Start now. Productive work will make the team go to work, keep pushing on the at school, accomplishing something if necessary, but if none of us do it, Pike namely freshman men in the opportunity.
