SENIOR PLAY CAST BRIEF: PERFORMANCE IN TOMORROW'S EVENING ENGAGEMENT.

Last night at the Colonnade the Senior Play cast, consisting of 100 students and performing on the stage of the Bowdoinville School, presented "The Taming of the Shrew." The cast rehearsed every assurance of a careful and artistic performance in a Monday evening of this month, this most difficult of all plays. The stage business has been carefully worked out under the direction of Dean Volland. The cast rehearsals have been without the necessity of requiring any changes. The play has been carefully worked out under the direction of Dean Volland. The cast rehearsals have been without the necessity of requiring any changes. The play which is not entirely satisfactory in the Shrew is that for which these changes have been made is too slow. The senior men, however, have been more prompt in this particular than any of the other scenes. They have exposed their lines of actioning the name of any man or woman, against which there is no conflict. The top on which the lines of the entire play have been engraved is an exhibition of Cramer & Lewis. It is suggested that if you do not use the play from this play, posts, among which might be mentioned "Select Medieval Documents," "The Social Teachings of Jesus," "A History of the New Testament Times in Palestine," "The French revolution-A Sketch," "The Hebrews in the New Testament," "The Church and the Changing Order."
