Political machinery in the University of Iowa student body began the annual grind much earlier this year than usual. Five days before the regular election, the cardinal election committee met in the dean's office to set the time of election.

The ballot committee met on the afternoon of October 17 to open the ballot box and announce the results.

THIS season you're going to have an unusually fine lot of rich colors and patterns in clothes to make your choice from. As usual our Hart Schaffner & Marx, and Hirsh, Wickwire lines offers a greater variety than almost any other half-a-dozen lines; and we've picked for you the best and smartest of them.

In suits the prevailing colors are grays and blues. Grays of many shades, and in many very attractive patterns; blues in self stripes, and herring-bone weaves; or plain serges, soft and hard weaves, many decorative patterns are shown.

In overcoats much the same general plan of coloring; oxfords, grays, or dark mixtures. Better choose yours early.

You'll get so much satisfaction out of wearing our Furnishing Goods that we want you to have them; your Satisfaction is really our best profit; we expect to make money on the sale; but so will you.

Of Daniel Smith, the Detroit Free Press says: "As usual the great Impala Smith was the actor of the game. He always shows a tendency to favor Hindi Smith in his decision as he never, unless he is an object lesson, loses all his chips. The leads are well defined, spicy and sharp and every act is thoroughly professional with a telling effect. Smith finds comfort in the success of his abilities and leaves the audience in the hands of the actors and the actor of the game to be a matter of crystalline purity."
