PHYSICAL BLDG IS PLANNED
CONTRACT TO BE LET SOON.

A new physics building is at last to be a reality. At the last
session of the legislature an appropriation
of $215,140 was made to construct a
building of physics such as the university authorities should desire. A committee of university men was appointed to visit other colleges and
institutions for the purpose of planning for the new building.

While the plans are quite indi-
cisive, some of the general details have been decided. The new building
will stand just west of the present hall of engineering and west of the
central area and will be constructed of Bedford limestone throughout. It will be rectangular in shape, two hundred and four feet long and seventy-five feet wide. On the east side it will be four and on
the west five stories high including basement.

There will be two entrances on the east side with a calculating office on the
work floor and main.

In general the building will be con-
structed with a view of solidity. The
brick walls will be faced with stone,
while the others will be masonry, in
order to secure facility in the use of
the rooms. The varied size and shape
of the rooms, will thus be able to accommodate future requirements of instruction and research, and the
requirements of permanent courses and
particular instruction of classes will be
avoided.

The building will be occupied with all the essentials of modern labora-
tory, although nothing superfluous
will be included.

The heating system will be central
during the winter, and it is the inten-
tion of the authorities that the work
on the foundations must begin at
once.

Herald Advertising Today.

There will be a last inspection of
the building site this afternoon at 4:30
according to an announcement made by H. J. Bar-
num, the director.

The Missouri Post-Dispatch.

Unless warmer weather persists
this afternoon the postmaster will not issue the
newspaper. This will also place the
undergraduate tergiversation at a later
time which will be announced later.

Pittsburg News.

Pittsburg won the third game of their series with Kansas City, 1-0, at
Durant by a score of 9-4.
The Pirates now lead the two games and one last. The Columbia
Rams claimed a victory in the first
report, but will be in attendance
at the meeting of Thursday night.
Following the regular meeting of
the board of control the general meeting will be held every Thursday at 7 p.m.

Said one of the propositions that was
made was to hold a full track meet October 20th, for the freshmen and all upper clas-
ses, who aspire to a place in the track team. The faculty is in control of athletics and it is expected to name the

board for the next fall season which will be the last season under which the

The Triumvirate club gave a dance Saturday evening in Sedona hall. Mr. and Mrs. Hamilton were the chaperones.

Miss Jones, Miss Hafker, Miss Roberts, and Mr. Weyler today for Den Moten where they will attend the meetings of the state library association.

We make every man's and woman's dollar count when he buys his fall hat here—We give more real value and more real satisfaction than he can get in one store in Iowa City, and we've got the hats and the values to prove exactly what we say—If you want the very best the market affords irrespective of the price—

Buy a Knox at $5

KNOX hats are too well known by all man and young men to need any adulteration from us—We'll show you all the latest, interesting shapes—and especially, the new standard KNOX drip—the handsomest dollar ever produced by the KNOX people—if you want a little lower priced hat

Buy a Beacon at $3

BEACON fashions are made by Knox workers in the Knox factory. They have proper quality and are the world's best hat at three dollars—if you want our great popular priced hat

Buy a Willner Special at $1.90

Exactly the greatest hat taken on earth and equal to any $2.00 but in this country—Ask to see them.
